

Mined Land Wildlife Area offers two modern rental cabins, Coal Ridge Cabin and Mine 19 Cabin, as alternatives to tent and RV camping. The cabins are located on Unit 30 of the wildlife area overlooking Trout Lake. They are available to rent year-round, and each cabin will accommodate up to six overnight guests. The MLWA offers fishing, hunting, wildlife viewing and primitive camping year-round. The trout lake is a deep-water, clear strip-mine lake, known best for its trout fishery. See fishing regulations for trout stamp requirements.

MAKING A CABIN RESERVATION

To ensure availability, reservations must be made at least seven days prior to the arrival date. Persons 21 years or older may make reservation requests.
