

Using the Hunting Atlas

On each map, all fall walk-in hunting areas and public lands, including state and federally owned property, are marked. See the legend below for color codes used to identify properties. Not all state and federally owned properties are open for public hunting. Consult local area information prior to accessing any of these properties.

Access dates for fall WIHA properties are either Sept. 1 – Jan. 31, Nov. 1 – Jan. 31, or Sept. 1 – Mar. 31. Some tracts enrolled for both fall and spring access

will be posted as Sept. 1 – May 31. Public hunting access to the WIHA properties is limited to the specified access period. Accessing the WIHA properties prior to or after the access period is prohibited.

Maps are at a scale of 1:277,500 (1 inch represents 4.38 miles) and were compiled according to conventional cartographic standards using the most reliable information available. The Kansas Department of Wildlife, Parks and Tourism does not guarantee freedom from

errors or inaccuracies and disclaims any legal responsibility for interpretations made from these maps, or decisions based thereon.

This atlas is a continual work in progress and any comments, suggestions, or corrections are welcomed. Any such comments may be submitted to kdwpinfo@ksoutdoors.com.
