(c) The annual fee for private cabin, club, and organization sites shall be recalculated on January 1, 2023, January 1, 2028, and January 1, 2033, using the equation and terms specified in this subsection.

Annual Fee = Previous Annual Fee x (New CPI)

(1) "CPI" shall mean the "consumer price index for all urban consumers" (CPI-U) for the midwest region average for all items, 1982-1984 = 100, as published in the “CPI detailed report” by the bureau of labor statistics of the U.S. department of labor.

(2) "Previous annual fee" shall mean the amount specified in subsection (b) for each location for the year 2022 for the recalculation of the annual fee on January 1, 2023, and for each recalculation thereafter shall mean the annual fee calculated five years previous to the new calculation, using the equation in subsection (c).

(3) "New CPI" shall mean the CPI on July 1 immediately preceding the January 1 date for a newly calculated annual fee.

(4) "Previous CPI" shall mean the CPI on July 1, 2017 for the recalculation of the annual fee on January 1, 2023, the CPI on July 1, 2022 for the recalculation of the annual fee on January 1, 2028, and the CPI on July 1, 2027 for the recalculation of the annual fee on January 1, 2033.

(d) Each private cabin, club, and organization site lease and each private boat dock permit shall expire on the date specified in the respective lease or permit.

115-3-1. Game birds; legal equipment, taking methods, and possession. (a) Legal hunting equipment for game birds shall consist of the following:
(1) Shotguns and muzzleloading shotguns not larger than 10 gauge and using only shot;
(2) archery equipment; and
(3) falconry equipment
(b) The use of dogs, horses, and mules shall be permitted while hunting, but no person shall shoot while mounted on a horse or mule.
(c) Hunting hours shall be from one-half hour before sunrise to sunset.
(d) Game birds shall be shot only while the birds are in flight.
(e) Any type of apparel may be worn while taking game birds.
(f) Legally taken game birds may be possessed without limit in time and may be given to another if accompanied by a dated written notice that includes the donor’s printed name, signature, address, and permit or license number. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of. It shall not be deemed unlawful for a person to relinquish possession of a game bird for the purpose of dressing the bird.
(g) Each pheasant in an individual's possession for the purpose of transportation shall retain intact a

115-3-2. Rabbits, hares, and squirrels; legal equipment, taking methods, and possession. (a) Legal hunting equipment for rabbits, hares, and squirrels shall consist of the following:
(1) Firearms, except fully automatic rifles and handguns and except shotguns and muzzleloading shotguns larger than 10 gauge or using other than shot ammunition;
(2) pellet and BB guns;
(3) archery equipment;
(4) crossbows;
(5) falconry equipment;
(6) projectiles hand-thrown or propelled by a slingshot;
(7) box traps for rabbits and hares only;
(8) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light;
(9) lures, decoys except live decoys, and calls, including electric calls; and
(10) other equipment or methods as allowed by permit.

(b) The use of dogs, horses, and mules shall be permitted while hunting, but no person shall shoot while mounted on a horse or mule.

(c) Legal hours for the hunting and taking of rabbits, hares, and squirrels shall be from ½ hour before sunrise to sunset during established hunting seasons, except that legal hours for the running and box-trapping of rabbits and hares shall be 24 hours per day during established running seasons.

(d) Any type of apparel may be worn while hunting or running rabbits and hares.

(e) Legally taken rabbits, hares, and squirrels may be possessed without limit in time and may be given to another if accompanied by a dated written notice that includes the donor’s printed name, signature, address, and permit or license number. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of. (Authorized by and implementing K.S.A. 2020 Supp. 32-807 and K.S.A. 2020 Supp. 32-1002; effective, T-115-7-27-89, July 27, 1989; effective Sept. 18, 1989; amended, T-115-12-28-89, Dec. 28, 1989; amended Jan. 22, 1990; amended Sept. 19, 1997; amended June 1, 2001; amended July 23, 2004; amended Feb. 18, 2005; amended April 26, 2019; amended May 28, 2021.)

115-4-1. Revoked.

115-4-2. Big game and wild turkey; general provisions. (a) Possession.

(1) Each permittee shall meet either of the following requirements:
(A) Nonelectronic carcass tags. The permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass in a visible manner immediately following the kill and before moving the carcass from the site of the kill. The carcass tag shall remain attached to the carcass or in the possession of the permittee if transporting a quartered or deboned animal until the animal reaches the permittee’s residence or a commercial place of processing or preservation and is processed for consumption. The permittee shall retain the carcass tag until the animal is consumed, given to another, or otherwise disposed of.
(B) Electronic carcass tags. Using the department’s electronic carcass tag system, the permittee shall record the county, the date, and the time of kill and enter a photograph of the entire carcass, with sufficient clarity to display the species and the antlered or antlerless condition of the big game animal or the beard of the wild turkey, immediately following the kill and before moving the carcass from the site of the kill. The permittee shall possess the confirmation number until the animal reaches the permittee’s residence or a commercial place of processing or preservation and is processed for consumption. The permittee shall retain the confirmation number until the animal is consumed, given to another, or otherwise disposed of.

(2) Except for a wild turkey or big game animal taken with an “either sex” permit, the beard of the wild turkey shall remain naturally attached to the breast and the visible sex organs of the big game animal shall remain naturally attached to the carcass, or a quartered portion of the carcass, while in transit from the site of the kill to the permittee’s residence or to a commercial place of processing or preservation, unless the carcass has been tagged with a department check station tag, the permittee is using the department’s electronic carcass tag system
and has submitted the information required in paragraph (a)(1)(B), the permittee has obtained a transportation confirmation number after electronically registering the permittee’s big game animal or wild turkey on the department’s electronic registration site, or the permittee retains photographs necessary for electronic registration until registration occurs. “Electronically registering” shall mean submitting any necessary and relevant information and digital photographs of the big game head or turkey breast and of the completed carcass tag of sufficient clarity to display the species and the antlered or antlerless condition of the big game animal, the beard of the wild turkey, and the transaction number and signature on a completed carcass tag.

(3) Any legally acquired big game or wild turkey meat may be given to and possessed by another, if a dated written notice that includes the donor’s printed name, signature, address, and permit number accompanies the meat. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of.

(4) Any person may possess a salvaged big game or wild turkey carcass if a department salvage tag issued to the person obtaining the carcass is affixed to the carcass. The salvage tag shall be retained as provided in paragraph (a)(1). Big game or wild turkey meat may be donated as specified in paragraph (a)(3) using the salvage tag number. Each salvage tag report prepared by the department agent issuing the tag shall be signed by the individual receiving the salvaged big game or wild turkey carcass. Each salvage tag shall include the following information:

(A) The name and address of the person to whom the tag is issued;
(B) the salvage tag number;
(C) the species and sex of each animal for which the tag is issued;
(D) the location and the date, time, and cause of death of each animal; and
(E) the date of issuance and the signature of the department agent issuing the salvage tag.

(b) Big game and wild turkey permits and game tags.

(1) Big game and wild turkey permits and game tags shall not be transferred to another person, unless otherwise authorized by law or regulation.

(2) In addition to other penalties prescribed by law, each big game and wild turkey permit or game tag shall be invalid from the date of issuance if obtained by an individual under any of these conditions:

(A) Through false representation;
(B) through misrepresentation; or
(C) in excess of the number of permits or game tags authorized by regulations for that big game species or wild turkey.

(3) No individual shall copy, reproduce, or possess any copy or reproduction of a big game or wild turkey permit or carcass tag.

(c) Hunting assistance. Subject to the hunting license requirements of K.S.A. 32-919 and amendments thereto, the license requirements of the implementing regulations, and the provisions of paragraphs (c)(1), (c)(2), and (c)(3), any individual may assist any holder of a big game or wild turkey permit or game tag during the permittee’s big game or wild turkey hunting activity. This assistance may include herding, driving, or calling.

(1) An individual assisting the holder of a big game or wild turkey permit or game tag shall not perform the actual shooting of big game or wild turkey for the permittee. However, a permittee who is, because of disability, unable to pursue a wounded big game animal or wild turkey may designate any individual to assist in pursuing and dispatching a big game animal or wild turkey wounded by the disabled permittee.

(2) The designated individual shall carry the disabled permittee’s big game or wild turkey permit or game tag and shall utilize the applicable procedure specified in subsection (a).

115-4-3. Revoked.

115-4-4. Big game; legal equipment and taking methods. (a) Hunting equipment for the taking of big game during a big game archery season shall consist of the following:

(1) Archery equipment.

(A) No bow or arrow shall have any electronic device attached to the bow or arrow that controls the flight of the arrow. Devices that may be attached to a bow or arrow shall include lighted pin, dot, or
holographic sights; illuminated nocks; rangefinders; film or video cameras; locking draws; and radio-frequency location devices.

(B) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A big game hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

(2) Crossbows using arrows that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded.

(A) A big game hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

(B) No crossbow or arrow shall have any electronic device attached to the crossbow or arrow that controls the flight of the arrow. Devices that may be attached to a crossbow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

(b) Hunting equipment for the taking of big game during a big game muzzleloader-only season shall consist of the following:

(1) Archery and crossbow equipment as authorized in subsection (a); and

(2) muzzleloading rifles, pistols, and muskets that can be loaded with bullets only through the front of the firing chamber and are .40 inches in diameter bore or larger. Only tumble-on-impact, hard-cast solid lead, conical lead, or sabot bullets shall be used with muzzleloading rifles, pistols, and muskets.

(c) Hunting equipment for the taking of big game during a big game firearm season shall consist of the following:

(1) Archery and crossbow equipment as authorized in subsection (a);

(2) muzzleloader-only season equipment as authorized in subsection (b);

(3) centerfire rifles and handguns that are not fully automatic, while using only tumble-on-impact, hard-cast solid lead, soft point, hollow point, or other expanding bullets; and

(4) shotguns using only slugs.

(d)(1) Each individual hunting deer or elk during a firearms deer or elk season and each individual assisting an individual hunting deer or elk as authorized by K.A.R. 115-4-2 or K.A.R. 115-18-15 during a firearms deer or elk season shall wear outer clothing of a bright orange color commonly referred to as daylight fluorescent orange, hunter orange, blaze orange, or safety orange. This bright orange color shall be worn as follows:

(A) A hat or other garment upon the head with the exterior of not less than 50 percent of the bright orange color, an equal portion of which is visible from all directions; and

(B) at least 100 square inches of the bright orange color that is on the front of the torso and is visible from the front and at least 100 square inches that is on the rear of the torso and is visible from the rear.

(2) Lures, decoys except live decoys, and nonelectric calls shall be legal while hunting big game.

(3) Any individual may use blinds and stands while hunting big game.

(4) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible light or detect infrared light or thermal energy may be used.

(5) Any range-finding device, if the device does not project visible light toward the target, may be used.

(6) Devices capable of dispensing lethal, debilitating, or immobilizing chemicals to take big game animals shall not be used.

(e) Shooting hours for deer, antelope, and elk during each day of any deer, antelope, or elk hunting season shall be from one-half hour before sunrise to one-half hour after sunset.

(f) Horses and mules may be used while hunting big game, except that horses and mules shall not be used for herding or driving big game.

(g) Firearm report-suppressing devices may be used.

(h) Handguns may be possessed during all big game seasons. However, no handgun shall be used to take deer except as legal equipment specified in subsection (c) during a big game firearms season.
Dogs may be used to retrieve dead or wounded big game animals if the following requirements are met:

1. Each dog shall be maintained on a handheld leash at all times while tracking the big game animal.
2. An individual tracking big game animals outside of legal shooting hours shall not carry any equipment capable of harvesting the big game animal.
3. Each individual harvesting a big game animal shall be limited to the equipment type for the permit and the season that is authorized.

115-4-4a. Wild turkey; legal equipment and taking methods. (a) Hunting equipment for the taking of wild turkey during a wild turkey archery season shall consist of the following:

1. Archery equipment.
   (A) No bow or arrow shall have any electronic device attached to the bow or arrow that controls the flight of the arrow. Devices that may be attached to a bow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.
   (B) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.

2. Crossbows using arrows that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.
   No crossbow or arrow shall have any electronic device attached to the crossbow or arrow that controls the flight of the arrow. Devices that may be attached to a crossbow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

3. Hunting equipment for the taking of wild turkey during a wild turkey firearm season shall consist of the following:
   (1) Archery and crossbow equipment as authorized in subsection (a);
   (2) shotguns and muzzleloading shotguns using only size two shot through size nine shot;
   (3) choked handguns and muzzleloading handguns having a minimum barrel length of 10 inches, including the chamber, and using only size two shot through size nine shot.

(c) Legal accessory equipment for the taking of wild turkey during any wild turkey season shall consist of the following:

1. Lures; decoys, except live decoys; and nonelectric calls;
2. blinds and stands;
3. range-finding devices, if the devices do not project visible light toward the target; and
4. optical scopes or sights that project no visible light toward the target and do not electronically amplify visible light or detect infrared light or thermal energy.

(d) Shooting hours for wild turkey during each day of any turkey hunting season shall be from one-half hour before sunrise to sunset.

(e) Each individual hunting turkey shall shoot or attempt to shoot a turkey only while the turkey is on the ground or in flight.
(f) Dogs may be used while hunting turkey, but only during the fall turkey season.
(g) Firearm report-suppressing devices may be used.

Fort Riley; subunit 2a: The following described area shall be designated a subunit of unit 2, and, with approval of Fort Riley command, the area shall be open for the taking of elk during the elk season: United States government land lying entirely within the boundaries of the Fort Riley military reservation. Each person hunting in this subunit shall be in possession of any permits and licenses required by Fort Riley.

115-4-7 – 115-4-10. Revoked.

115-4-11. Big game and wild turkey permit applications. (a) General application provisions.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for
the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant’s odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

   (A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

   (B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

   (C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

   (D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

   (E) If an individual wants to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of June.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17, and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.
(c) Antelope permit applications. In awarding antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

1. One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining an antelope permit.
2. If the individual fails to submit at least one application or purchase one preference point within five consecutive years, all earned points shall be lost.
3. If an applicant obtains an antelope permit by a priority draw system, all earned points shall be lost.
4. If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.
5. If an individual wants to apply for a preference point for an antelope permit that and does not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.
6. Applications for resident permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.
7. Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.
8. If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.
9. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis. If the applicant receives a permit made available during an extended application period or on an unlimited basis, that individual shall not receive a preference point in the same calendar year as the calendar year in which the individual received that other permit.

(d) Elk permit applications.

1. An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:
   A. An individual receiving an any-elk or a bull-only elk permit may apply for and receive an antlerless-only elk permit in subsequent seasons.
   B. An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.
   C. When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:
      i. One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.
      ii. If an individual fails to make at least one application or purchase one bonus point within five consecutive years, all earned bonus points shall be lost.
      iii. If an individual obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.
      iv. If an individual wants to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.
(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in June.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first priority shall be given to those individuals who did not receive a permit in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to submit at least one application or purchase one preference point within five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual wants to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) Fall wild turkey permits for unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags for unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations, from the earliest date in the year that applications are available through 5:00 p.m. on January 30 of the following year.

(4) Applications for spring wild turkey permits in unit 4 shall be accepted by the department from the earliest date that applications are available until midnight on the second Friday of February. If there are turkey permits left over after all timely applications have been considered, the application period may be reopened by the secretary. Leftover turkey permits shall be issued on a daily competitive basis until the day before the last day of the turkey season or until all turkey permits are issued.

(5) Spring wild turkey permits in unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags in unit 1, unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations from the earliest date that applications are available until midnight on the day before the

115-4-12. Revoked.

115-4-13. Deer permits; descriptions and restrictions. Except as otherwise specified or further restricted by law or regulation, the following deer permit descriptions, provisions, and restrictions shall be in effect.

(a) White-tailed deer permits.

(1) Resident any-season white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season.

(2) Antlerless white-tailed deer permit. This permit shall be valid for the hunting of antlerless white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season. The first antlerless white-tailed deer permit issued to an applicant shall be valid statewide on all lands and waters, unless otherwise specified in these regulations. If any subsequent antlerless white-tailed deer permit is issued to the same applicant, that permit shall be valid in designated management units but shall not be valid on department lands and waters, unless otherwise specified in these regulations.

(3) Nonresident white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer within a designated management unit and one additional adjoining management unit using legal equipment for one of the following deer seasons, which shall be selected at the time of application: muzzleloader-only, archery, or firearms deer season. Muzzleloader-only permits may be used in the early muzzleloader season and during the regular firearms season, using equipment that is legal during the muzzleloader deer season.

(b) Either-species, either-sex deer permits.

(1) Resident archery either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer statewide during the established archery deer season, using equipment that is legal during the archery deer season.

(2) Resident firearm either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established firearms deer season within designated management units, using equipment that is legal during the firearms deer season.

(3) Resident muzzleloader either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established muzzleloader-only and firearms deer seasons within designated management units, using muzzleloader equipment that is legal during the muzzleloader deer season.

(4) Nonresident either-species, either-sex deer permit. Any nonresident possessing a nonresident archery or muzzleloader-only white-tailed deer permit valid for a management unit designated by the department as a mule deer unit may apply for one of a limited number of mule deer stamps that, if drawn, will convert the applicant’s white-tailed deer permit to an either-species, either-sex deer permit.

(5) Antlerless either-species permit. This permit shall be valid for the hunting of any antlerless white-tailed deer or mule deer within a designated management unit or units during the established muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season.

(c) Hunt-on-your-own-land deer permits. Each hunt-on-your-own-land permit shall be valid for any white-tailed deer or mule deer, unless otherwise specified in these regulations.

(1) Resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as resident landowners or as resident tenants or as family members domiciled with the resident landowner or with the resident tenant. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident tenant.

(2) Special resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as lineal ascendants or descendants and their spouses, or as siblings of resident landowners or resident or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident or nonresident tenant.
(3) Nonresident hunt-on-your-own-land deer permit. This permit shall be available to nonresident individuals who qualify as Kansas landowners or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the nonresident landowner or nonresident tenant.

d) Each deer permit shall be valid only for the species of deer specified and only for the antler category of deer specified by regulation or on the permit.

(1) An either-sex deer permit shall be valid for deer of either sex.

(2) An antlerless deer permit shall be valid only for a deer without a visible antler plainly protruding from the skull.

(3) An either-species, either-sex deer permit shall be valid for a white-tailed deer of either sex or a mule deer of either sex, except that an antlerless either-species deer permit shall be valid only for a deer of either species without a visible antler plainly protruding from the skull. (Authorized by and implementing K.S.A. 2014 Supp. 32-807 and K.S.A. 2014 Supp. 32-937; effective Jan. 30, 1995; amended June 6, 1997; amended July 30, 1999; amended June 1, 2001; amended April 22, 2005; amended July 20, 2007; amended April 11, 2008; amended April 24, 2015; amended Nov. 27, 2015.)

115-4-14. Revoked.

115-4-15. Restitution scoring system; white-tailed deer; mule deer; elk; antelope. (a) For the purpose of establishing restitution values, each of the following terms shall have the meaning specified in this subsection:

(1) "Abnormal point" means a point that is nontypical in shape or location.

(2) "Antler burr" means the elevated bony rim around the antler base of a deer or elk that is just above the skin of the pedicle.

(3) "First normal point" means the longest, first point immediately above, but not part of, the antler burr. If this point is branched, the longest and straightest portion of the point shall be used for measurement. All other points branching from this point shall be considered abnormal points.

(4) "Gross score" means the number derived by totaling certain measurements taken from the antlers or horns of a big game animal in accordance with this regulation.

(5) "Inside spread of the main antler beams" means the measurement at right angles to the center line of the skull at the widest point between main antler beams.

(6) "Length of the main antler beam" means the measurement from the lowest outside edge of the antler burr over the outer curve to the most distant point of what is or appears to be the main antler beam beginning at the place on the antler burr where the center line along the outer curve of the beam intersects the antler burr.

(7) "Normal point" means a point that projects from the main antler beam in a typical shape or location.

(8) "Point" means a projection on the antler of a deer or elk that is at least one inch long as measured from its tip to the nearest edge of the antler beam and the length of which exceeds the width at one inch or more of length. "Point" shall not include an antler beam tip.

(b) All measurements shall be made to the nearest 1/8 of an inch using a flexible steel tape that is 1/4 inch wide.

(c) The gross score of an antlered whitetail deer shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;

(2) the length of the main antler beam on the deer’s right side;

(3) the length of the main antler beam on the deer’s left side;

(4) the total length of all abnormal points on the right and left antlers;

(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and

(6) the following circumference measurements from the right and left antlers:

(A) The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(B) the circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(C) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam; and
(D) the circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam. If the fourth normal point is missing, the circumference shall be taken halfway between the third normal point and the tip of the main antler beam.

(d) The gross score of an antlered mule deer shall be determined by adding together all of the following measurements:

1. The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;
2. The length of the main antler beam on the deer’s right side;
3. The length of the main antler beam on the deer’s left side;
4. The total length of all abnormal points on the right and left antlers;
5. The total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and
6. The following circumference measurements from the right and left antlers:
   A. The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   B. The circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   C. The circumference taken at the smallest place between the main antler beam and the third normal point; and
   D. The circumference taken at the smallest place between the second normal point and the fourth normal point. If the fourth normal point is missing, the circumference shall be taken halfway between the second normal point and the tip of the main antler beam.

(e) The gross score of an antlered elk shall be determined by adding together all of the following measurements:

1. The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;
2. The length of the main antler beam on the elk’s right side;
3. The length of the main antler beam on the elk’s left side;
4. The total length of all abnormal points on the right and left antlers;
5. The total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and
6. The following circumference measurements from the right and left antlers:
   A. The circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam;
   B. The circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam;
   C. The circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam; and
   D. The circumference taken at the smallest place between the fourth normal point and the fifth normal point on the main antler beam. If the fifth normal point is missing, the circumference shall be taken halfway between the fourth normal point and the tip of the main antler beam.

(f) The gross score of an antelope shall be determined by adding together all of the following measurements:

1. The length of the right horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;
2. The length of the left horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;
3. The circumference of the base of each horn, measured at a right angle to the axis of the horn, not to follow the irregular edge of the horn. The line of the measurement shall be entirely on horn material;
4. Three circumference measurements on each horn based on the criteria specified in this paragraph. The length of the longest horn shall be divided by four. Starting at the base, each horn shall be marked at these quarters, even though the other horn may be shorter. The circumference shall be measured at these marks at a right angle to the axis of the horn. If the prong of the horn interferes with the first measurement from the base, this measurement shall be taken immediately below the swelling of the prong. If the second measurement from
the base falls in the swelling of the prong, this measurement shall be taken immediately above the swelling of the prong; and
(5) the length of the prong measured from the tip of the prong along the upper edge of the outer side to the horn, then continuing around the horn, at a right angle to the long axis of the horn, to a point at the rear of the horn where a straight edge crossing the back of both horns touches the horn. If there is a crack where the prong extends from the horn, the length of the prong shall be taken passing over the entire crack. Once the initial prong length is taken, the width of the crack shall be measured and deducted from the initial prong length. The adjusted length shall be the recorded length of the prong.

115-5-1. Furbearers and coyotes; legal equipment, taking methods, and general provisions. (a) Hunting equipment permitted during furbearer hunting seasons and during coyote hunting seasons shall consist of the following:
(1) Firearms, except fully automatic firearms;
(2) archery equipment;
(3) crossbows; and
(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light, except as specified in subsection (d).
(b) Trapping equipment permitted during furbearer and coyote trapping seasons shall consist of the following:
(1) Smooth-jawed foothold traps, except that all types of foothold traps may be used in water sets;
(2) body-gripping traps;
(3) box traps;
(4) cage traps;
(5) colony traps;
(6) snares; and
(7) deadfalls.
(c) The following general provisions shall apply to the taking of furbearers and coyotes:
(1) Calls may be used in the taking of furbearers and coyotes.
(2) Handheld, battery-powered flashlights, hat lamps, and handheld lanterns may be used while trapping furbearers or coyotes or while running furbearers.
(3) Any .22 or .17 caliber rimfire rifle or handgun may be used to take trapped furbearers or trapped coyotes when using a light to check traps.
(4) Any .22 or .17 caliber rimfire rifle or handgun may be used while using a handheld, battery-powered flashlight, hat lamp, or handheld lantern to take furbearers treed with the aid of dogs.
(5) Lures, baits, and decoys may be used in the taking of furbearers and coyotes.
(6) The use of horses and mules shall be permitted while hunting, trapping, or running furbearers and coyotes.
(7) The use of motor vehicles for taking coyotes shall be permitted while hunting coyotes, except as provided in subsection (d).
(8) The use of radios in land or water vehicles shall be permitted for the taking of coyotes.
(9) The use of dogs for hunting and during running seasons shall be permitted.
(10) Each body-gripping trap with an inside jawspread of eight inches or greater, when measured across the jaws at a 90-degree angle, shall be used only in a water set.
(11) Only landowners or tenants of land immediately adjacent to the right-of-way of a public road, or their immediate family members or authorized agents, may set slide-locking wire or snare-type cable traps as dryland sets within five feet of a fence bordering a public road or within 50 feet of the outside edge of the surface of a public road. Only these landowners or tenants, or their immediate family members or authorized agents, may possess the fur, pelt, skin, or carcass of any furbearer or coyote removed from these devices located within these specified limits.
(12) A person shall not have in possession any equipment specified in subsection (a) while pursuing or chasing furbearers with hounds during the running season.
(13) All trapping devices included in subsection (b) shall be tagged with either the user's name and
address or the user’s department-issued identification number and shall be tended and inspected at least once every calendar day.

(14) Each foothold trap that has an outside jawspread greater than seven inches, when measured across the jaws at a 90-degree angle, shall be used only in a water set.

(d) From January 1 through March 31, the following provisions shall apply to the hunting of coyotes:

(1) Artificial light, scopes and equipment that amplify visible light, and thermal-imaging scopes and thermal-imaging equipment may be used for hunting.

(2) The use of vehicles when hunting with the equipment specified in paragraph (d)(1) shall be prohibited.

(3) The use of the equipment specified in paragraph (d)(1) shall not be authorized on department lands and waters.

115-5-2. Furbearers and coyotes; possession, disposal, and general provisions. (a) Legally taken raw furs, pelts, skins, carcasses, or meat of furbearers may be possessed without limit in time.

(b) Live furbearers legally taken during a furbearer season may be possessed only through the last day of the season in which taken.

(c) Legally acquired skinned carcasses and meat of furbearers may be sold or given to and possessed by another, and legally acquired raw furs, pelts, and skins of furbearers may be given to and possessed by another, if a written notice that includes the seller’s or donor’s name, address, and furharvester license number accompanies the carcass, pelt, or meat. A bobcat, otter, or swift fox tag as described in subsection (f) shall meet the requirements of written notice.

(d) Legally taken raw furs, pelts, skins, or carcasses of coyotes or legally taken live coyotes may be possessed without limit in time.

(e) Any person in lawful possession of raw fur bearer or coyote furs, pelts, skins, or carcasses may sell or ship or offer for sale or shipment the same to licensed fur dealers or any person legally authorized to purchase raw fur bearer or coyote furs, pelts, skins, or carcasses.

(f) Each bobcat, otter, or swift fox pelt legally taken in Kansas shall be submitted to the department so that an export tag provided by the department can be affixed to the pelt.

(1) The pelt of any bobcat, otter, or swift fox taken in Kansas shall be presented to the department for tagging within seven days following closure of the bobcat, otter, or swift fox hunting and trapping season.

(2) Each pelt presented for tagging shall be accompanied by the furharvester license number under which the pelt was taken.

(g) Properly licensed persons may legally salvage furbearers and coyotes found dead during the established open seasons for hunting or trapping of furbearers or coyotes. Salvaged furbearers and coyotes may be possessed or disposed of as authorized by this regulation. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and K.S.A. 32-942; effective March 19, 1990; amended Oct. 17, 1994; amended Nov. 29, 1999; amended July 19, 2002; amended Sept. 4, 2009; amended July 22, 2011; amended July 26, 2013; amended May 31, 2019.)

115-5-3a. Otters; management units. The management units for otters shall be as follows:

(a) Missouri unit: Doniphan, Brown, Atchison, Leavenworth, Jefferson, Wyandotte, Douglas, and Johnson counties;

(b) Marais des Cygnes unit: Osage, Franklin, Miami, Anderson, Linn, and Bourbon counties;

(c) Lower Neosho unit: Allen, Neosho, Crawford, Labette, and Cherokee counties;

(d) Big Blue unit: Washington, Marshall, and Nemaha counties;

(e) Kansas unit: Riley, Pottawatomie, Jackson, Geary, Wabaunsee, and Shawnee counties;
Upper Neosho unit: Morris, Marion, Chase, Lyon, Coffey, and Woodson counties;
Verdigris unit: Greenwood, Elk, Wilson, Chautauqua, and Montgomery counties;
Lower Arkansas unit: Harvey, Sedgwick, Butler, Sumner, and Cowley counties;
Republican unit: Jewell, Republic, Cloud, and Clay counties;
Solomon unit: Smith, Osborne, Mitchell, and Ottawa counties;
Smoky-Saline unit: Russell, Lincoln, Ellsworth, Saline, McPherson, and Dickinson counties;
Middle Arkansas unit: Barton, Rice, Stafford, Reno, Pratt, Kingman, Barber, and Harper counties; and
Western unit: that part of Kansas including Phillips, Rooks, Ellis, Rush, Pawnee, Edwards, Kiowa, and Comanche counties and all counties west. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective September 5, 2019.)

115-5-4. Nonresident bobcat hunting permit; tagging, disposal, legal equipment, shooting hours, and general provisions. (a) Each permittee shall sign, record the county, date, and time of kill, and attach the carcass tag to the carcass immediately following the kill and before moving the carcass from the site of the kill.
(b) The carcass tag shall remain attached to the carcass or pelt until presented to the department for tagging with an export tag. The export tagging shall occur within seven calendar days of the harvest of the bobcat.
(c) Nonresident bobcat hunting permits shall be valid only for the hunting season specified in K.A.R. 115-25-11.
(d) Nonresident bobcat hunting permits shall not be transferred to another person.-
(e) Legally acquired, skinned carcasses and meat of bobcats taken with a nonresident bobcat hunting permit may be sold or given to and possessed by another, and legally acquired raw furs, pelts, and skins of bobcats may be given to and possessed by another, if a written notice that includes the seller’s or donor’s name, address, and nonresident bobcat hunting permit number accompanies the carcass, pelt, or meat. A bobcat export tag as described in subsection (b) shall meet the requirements of written notice.
(f) Hunting equipment permitted during bobcat hunting season for use with a nonresident bobcat hunting permit shall consist of the following:
   (1) Firearms, except fully automatic firearms;
   (2) archery equipment;
   (3) crossbows; and
   (4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light.
(g) The following general provisions shall apply to the hunting of bobcats with a nonresident bobcat hunting permit:
   (1) Calls, lures, baits, and decoys may be used in the hunting of bobcats.
   (2) Shooting hours shall be one-half hour before sunrise to one-half hour after sunset.
   (3) The bag limit shall be one bobcat for each nonresident bobcat hunting permit purchased. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective May 20, 2005; amended May 31, 2019.)

115-6-1. Fur dealer license; application, authority, possession of furs, records, and revocation. (a) Each application shall be submitted on a form provided by the department. Each applicant shall provide the following information:
   (1) Name of applicant;
   (2) residential address;
   (3) the address of each business location;
   (4) an inventory of raw furs, pelts, skins, and carcasses of furbearing animals and coyotes on hand at time of application; and
   (5) any other relevant information as required by the secretary.
(b) Each fur dealer license shall expire on June 30 following the date of issuance.
(c) Each fur dealer shall deal only with properly licensed persons and only at authorized fur dealer business locations.
(d) Any fur dealer may buy, purchase, or trade in the furs, pelts, skins, or carcasses of coyotes.
(e) Any fur dealer may possess legally acquired furs, pelts, skins, or carcasses of furbearing animals for no more than 30 days after the expiration date of the fur dealer's license. Coyote furs, pelts, skins, or carcasses may be possessed without limit in time.
(f) Each fur dealer shall purchase or acquire only those bobcat, otter, and swift fox pelts that have been tagged with a department export tag or with the official export tag provided by the wildlife agency of another
state, except for any legally harvested swift fox pelt originating from a state that does not require an official export tag.

(g) Each fur dealer shall maintain a furharvester record book and a fur dealer book provided by the department or shall use a department-approved electronic record system. Entries shall be made in the appropriate record book or electronic record system whenever receiving, shipping, or otherwise disposing of furs, pelts, skins, or carcasses of furbearing animals or coyotes. Each record book or electronic record system, all receipts, and all furs, pelts, skins, and carcasses in the fur dealer’s possession shall be subject to inspection upon demand by any conservation officer. Each record book or electronic record and all receipts shall be subject to copying upon demand by any conservation officer. Each fur dealer shall forward all record books or electronic records to the department annually on or before May 1. (1) The furharvester record book or electronic record system shall include the following information:

(A) The name of the fur dealer;
(B) residential address;
(C) fur dealer license number;
(D) the date of each receipt of furs, pelts, skins, or carcasses;
(E) name, address, and license number of each person from whom furs, pelts, skins, or carcasses were acquired;
(F) name of the state where the furs, pelts, skins, or carcasses were harvested;
(G) number of each species of furs, pelts, skins, or carcasses acquired; and
(H) any other relevant information as required by the secretary.

(2) The fur dealer record book or electronic record system shall include the following information:

(A) The name of the fur dealer;
(B) residential address;
(C) fur dealer license number;
(D) date of each receipt or disposal of furs, pelts, skins, or carcasses;
(E) name, address, and fur dealer license number of each fur dealer from which furs, pelts, skins, or carcasses are acquired or to which they are sold;
(F) number and species of furs, pelts, skins, or carcasses acquired or sold; and
(G) any other relevant information as required by the secretary.

(h) In addition to other penalties prescribed by law, a fur dealer’s license may be refused issuance or revoked by the secretary under any of the following circumstances:

(1) The application is incomplete or contains false information.
(2) The fur dealer fails to meet reporting requirements.
(3) The fur dealer violates license conditions.
(4) The fur dealer has violated department laws or regulations or has had any other department license or permit revoked or suspended. (Authorized by and implementing K.S.A. 2019 Supp. 32-807 and K.S.A. 32-942; effective March 19, 1990; amended Sept. 4, 2009; amended July 26, 2013; amended May 31, 2019; amended Sept. 18, 2020.)

115-7-1. Fishing; legal equipment, methods of taking, and other provisions. (a) Legal equipment and methods for taking sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;
(2) trotlines, except that any float material used with a trotline shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A “closed-cell” construction shall mean a solid body incapable of containing water;
(3) setlines, except that any float material used with a setline shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A “closed-cell” construction shall mean a solid body incapable of containing water;
(4) tip-ups;
(5) using a person’s hand or hands for flathead catfish in waters designated as open to hand fishing, subject to the following requirements:

(A) An individual hand fishing shall not use hooks, snorkeling or scuba gear, or other man-made devices while engaged in hand fishing;
(B) an individual hand fishing shall not possess fishing equipment, other than a stringer, while engaged in hand fishing and while on designated waters or adjacent banks;
(C) stringers shall not be used as an aid for hand fishing and shall not be used until the fish is in possession at or above the surface of the water;
(D) each individual hand fishing shall take fish only from natural objects or natural cavities;
(E) an individual hand fishing shall not take fish from any man-made object, unless the object is a bridge, dock, boat ramp, or riprap, or other similar structure or feature;
(F) no part of any object shall be disturbed or altered to facilitate the harvest of fish for hand fishing; and
(G) an individual hand fishing shall not take fish within 150 yards of any dam;
(6) snagging for paddlefish in waters posted or designated by the department as open to the snagging of paddlefish, subject to the following requirements:
(A) Each individual with a filled creel limit shall cease all snagging activity in the paddlefish snagging area until the next calendar day;
(B) each individual taking paddlefish to be included in the creel and possession limit during the snagging season shall sign the carcass tag, record the county, the date, and the time of harvest on the carcass tag, and attach the carcass tag to the lower jaw of the carcass immediately following the harvest and before moving the carcass from the site of the harvest; and
(C) each individual snagging for paddlefish shall use barbless hooks while snagging for paddlefish. “Barbless hook” shall mean a hook without barbs or upon which the barbs have been bent completely closed;
(7) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the following requirements:
(A) All floatlines shall be under the immediate supervision of the angler setting the floats. “Immediate supervision” shall mean that the angler has visual contact with the floatlines set while the angler is on the water body where the floatlines are located;
(B) all floatlines shall be removed when float fishing ceases;
(C) floatlines shall not contain more than one line per float, with not more than two baited hooks per line;
(D) all float material shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A “closed-cell” construction shall mean a solid body incapable of containing water;
(8) bow and arrow with a barbed head and a line attached from bow to arrow; and
(9) crossbow and arrow with a barbed head and a line attached from arrow to crossbow.
(b) Legal equipment and methods for taking non-sport fish shall be the following:
(1) Fishing lines with not more than two baited hooks or artificial lures per line;
(2) trotlines;
(3) setlines;
(4) tip-ups;
(5) bow and arrow with a barbed head and a line attached from bow to arrow;
(6) crossbow and arrow with a barbed head and a line attached from arrow to crossbow;
(7) spear gun, without explosive charge, while skin or scuba diving. The spear, without explosive charge, shall be attached to the speargun or person by a line;
(8) gigging;
(9) snagging in waters posted by the department as open to snagging; and
(10) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the requirements specified in paragraphs (a)(7)(A) through (D).
(c) Dip nets and gaffs may be used to land any legally caught or hooked fish.
(d) Fish may be taken by any method designated by the secretary when a fish salvage order has been issued by the secretary through public notice or posting the area open to fish salvage.
(e) Fish may be taken with the aid of boats, depth finders, artificial lights, sound attracters, and scents.
(f) Fish may be taken by legal means from vehicles.
(g) The following additional requirements shall apply in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes:
(1) Each individual shall place all legally caught fish on a stringer, cord, cable, or chain, or in a basket, sack, cage, or other holding device, separate from those fish caught by any other individual.
(2) The equipment and methods specified in paragraphs (b)(5) and (b)(6) shall be legal only from sunrise to midnight.
(3) The equipment and method specified in paragraphs (b)(9) and (b)(10) shall be legal only from sunrise to sunset.
(h) The equipment and method specified in paragraphs (a)(8) and (a)(9) shall be legal, except on rivers and streams, only for the following species of sport fish where no size limit exists for any of these species of fish:
(1) Blue catfish;
(2) channel catfish; and
(3) flathead catfish.
(i) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light shall be valid for use on bows and crossbows. (Authorized by and implementing K.S.A. 19-1117(a).)
115-7-2. Fishing; general provisions. (a) Except as authorized in this regulation, any person may operate or set two fishing lines and, in addition, one trotline, eight floatlines, or eight setlines.

(b) Each fishing line, trotline, and setline shall be checked at least once every 24 hours.

(c) Each trotline, setline, tip-up, floatline, and unattended fishing line shall have a tag or label securely attached, designating either the name and address of the operator or the operator’s department-issued identification number. No trotline, floatline, or setline shall be set within 150 yards of any dam.

(d) Sport fish shall be deemed legally taken by hook and fishing line only when hooked within the mouth, except paddlefish, which may be snagged as authorized by K.A.R. 115-7-1. Other sport fish hooked elsewhere shall be returned unrestrained to the water immediately.

(e) Fish may be taken by legal methods through the ice, unless the area is closed to ice fishing by posted notice or otherwise prohibited by regulation. Ice holes used for ice fishing shall not exceed 12 inches in diameter or 144 square inches.

(f) For ice fishing, a tip-up may be used on each of the allowed eight setlines, unless otherwise posted.

(g) Bow and arrow fishing and crossbow and arrow fishing shall be permitted in all waters of the state except those waters posted as closed to such fishing and except all waters within 50 yards of an occupied boat dock or ramp, occupied swimming area, occupied picnic or camping area, or other occupied public use area.

(h) Speargun fishing shall be permitted on waters open to skin and scuba diving, unless prohibited by posted notice or regulation. By posted notice, certain water areas may be opened by the department for the taking of one or more species of sport fish by spearguns during a specified time period.

(i) Unless otherwise prohibited by regulation, in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes, any person may operate or set three fishing lines and, in addition, one trotline, eight floatlines, or eight setlines. (Authorized by and implementing K.S.A. 2014 Supp. 32-807; effective Dec. 26, 1989; amended Sept. 27, 2002; amended Feb. 18, 2005; amended Dec. 1, 2008; amended February 20, 2015.)

(e) For the species specified in this subsection, the department’s applicable creel and possession limits shall apply.

Live baitfish, crayfish, leeches, amphibians, and mussels, except for bluegill and green sunfish from non-designated aquatic nuisance waters and baitfish, crayfish, leeches, amphibians, and mussels from designated aquatic nuisance waters, may be caught and used as live bait only within the common drainage where caught. However, live baitfish, crayfish, leeches, amphibians, and mussels shall not be transported from the water alive. Bluegill and green sunfish collected from non-designated aquatic nuisance waters may be possessed or used as live bait anywhere in the state. Live baitfish, crayfish, leeches, amphibians, and

115-7-3. Fish; taking and use of baitfish or minnows. (a) Baitfish may be taken for noncommercial purposes by any of the following means:

(1) A seine not longer than 15 feet and four feet deep with mesh not larger than 1/4 inch;
(2) a fish trap with mesh not larger than 1/4 inch and a throat not larger than one inch in diameter;
(3) a dip or cast net with mesh not larger than one inch; or
(4) a fishing line.

(b) Each fish trap shall be tagged with the operator's name and address when the fish trap is in use.

(c) Baitfish taken, except gizzard shad, silver carp, and bighead carp, shall not exceed 12 inches in total length. Silver carp and bighead carp shall not be transported from the water alive.

(d) The possession limit shall be 500 baitfish.

(e) For the species specified in this subsection, the department’s applicable creel and possession limits shall apply.

Live baitfish, crayfish, leeches, amphibians, and mussels, except for bluegill and green sunfish from non-designated aquatic nuisance waters and baitfish, crayfish, leeches, amphibians, and mussels from designated aquatic nuisance waters, may be caught and used as live bait only within the common drainage where caught.
However, live baitfish, crayfish, leeches, amphibians, and mussels shall not be transported and used above any upstream dam or barrier that prohibits the normal passage of fish. Bluegill and green sunfish collected from non-designated aquatic nuisance waters may be possessed or used as live bait anywhere in the state. Live baitfish, crayfish, leeches, amphibians, and mussels collected from designated aquatic nuisance waters shall be possessed or used as live bait only while on that water and shall not be transported from the water alive.

(f) No person shall import live baitfish that does not meet the requirements of K.A.R. 115-17-2 and K.A.R. 115-17-2a.

115-7-4. Fish; processing and possession. (a) Each person who takes any fish from a body of water shall leave the head, body, and tail fin attached while the person has possession of the fish on the water.

(b) Each person who has taken any fish shall retain the fish in that person's possession until any of the following occurs:

(1) The fish is consumed or processed for consumption.

(2) The fish is transported to the person's domicile or given to another person. Legally taken sport fish may be possessed without limit in time and may be given to another if accompanied by a dated written notice that includes the donor's printed name, signature, address, and permit or license number.

(3) The fish is transported to a place of commercial preservation or place of commercial processing for consumption.

(4) The fish is returned unrestrained to the waters from which the fish was taken.

(5) The fish is disposed of at a location designated for fish disposal or at a designated fish cleaning station.

(c) Each paddlefish permittee shall meet either of the following requirements:

(1) Nonelectronic carcass tags. The paddlefish permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass in a visible manner immediately before reducing the paddlefish to permanent possession. The carcass tag shall remain attached to the carcass until the conditions of paragraphs (b)(1), (b)(2), (b)(3), or (b)(5) are met. The paddlefish permittee shall retain the carcass tag until the paddlefish is consumed, given to another, or otherwise disposed of.

(2) Electronic carcass tags. Using the department’s electronic carcass tag system, the paddlefish permittee shall record the county, the date, and the time of kill and enter a photograph of the entire carcass, with sufficient clarity to display the species immediately before reducing the paddlefish to permanent possession. The paddlefish permittee shall possess the confirmation number until the conditions of paragraph (b)(1), (b)(2), (b)(3), or (b)(5) are met. The paddlefish permittee shall retain the confirmation number until the paddlefish is consumed, given to another, or otherwise disposed of.

(d) For paddlefish parts, the following additional requirements shall apply:

(1) No person shall possess any eggs that are attached to the egg membrane of more than one paddlefish.

(2) No person shall possess more than three pounds of processed paddlefish eggs or fresh paddlefish eggs removed from the membrane. “Processed paddlefish eggs” shall mean any eggs taken from a paddlefish that have gone through a process that turns the eggs into caviar or into a caviar-like product.

(3) No person shall ship into or out of, transport into or out of, have in possession with the intent to transport, or cause to be removed from this state any raw unprocessed paddlefish eggs, processed paddlefish eggs, or frozen paddlefish eggs.

115-7-5. Bullfrogs and turtles; legal equipment, methods of take and license requirements. (a) Legal equipment and methods for taking bullfrogs shall be the following:

(1) Hand;

(2) hand dip net;

(3) hook and fishing line;

(4) gig;

(5) bow and arrow with barbed head and a line attached from arrow to bow; and

(6) crossbow and arrow with barbed head and a line attached from arrow to crossbow.

(b) Legal equipment and methods for taking common snapping turtles and soft-shelled turtles shall be the following:
(1) Hand;
(2) hook and fishing line;
(3) set line;
(4) hand dip net;
(5) seine;
(6) turtle trap; and
(7) gig.
(c) Artificial light and boats may be used while taking bullfrogs and turtles.

115-7-6. Fishing; bait. (a) The following types of bait may be used for the taking of fish, frogs, or turtles by legal means and methods:
   (1) Artificial lures;
   (2) bait fish;
   (3) prepared bait;
   (4) vegetable material;
   (5) material or artificial matter attached to a hook; and
(b) Animal, vegetable, and other nontoxic material may be used as fish attractants.

115-7-7. Fishing; Missouri river license requirements. (a) A person possessing a valid sport fishing license issued by the state of Missouri shall not be required to obtain a Kansas fishing license in order to fish in the following locations in Kansas:
   (1) The flowing portions and backwaters of the Missouri river; and
   (2) any oxbow lake through which the Kansas-Missouri boundary passes.
(b) Any person fishing in the Missouri river as authorized by subsection (a) may fish from and attach any legal device or equipment to the land as part of fishing within these waters. However, each person fishing as authorized by subsection (a) shall be subject to the following requirements:
   (1) No person shall fish in any tributary of the Missouri river within Kansas boundaries without a valid Kansas fishing license.
   (2) If any law or regulation governing fishing in Missouri is different from the corresponding law or regulation in Kansas, each person possessing only a Missouri sport fishing license shall comply with the more restrictive state's law or regulation.
(c) This regulation shall be effective on and after January 1, 2003. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 2001 Supp. 32-906; effective Jan. 1, 2003.)

115-7-8. This regulation shall be revoked on and after January 1, 2011. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-2006 Supp. 32-1002; effective Nov. 27, 2006; amended Nov. 16, 2007; amended april 11, 2008; revoked Nov. 19, 2010.)

115-7-9. Weigh-in black bass fishing tournaments. (a) Each individual or organization conducting a weigh-in black bass fishing tournament shall ensure that all of the following minimum requirements are met when conducting weigh-in procedures:
   (1) One individual shall provide work crew support for each 10 registered anglers.
   (2) One weigh-in tank filled with an electrolyte chemical-water solution and fitted with recirculation and aeration accessories shall be maintained for each 25 registered anglers.
   (3) If the water temperature at the tournament location is 75 degrees Fahrenheit or cooler, the water contained in the weigh-in tank shall be maintained at the same temperature as that of the tournament location water.
   (4) If the water temperature at the tournament location is warmer than 75 degrees Fahrenheit, the water in the weigh-in tank shall be maintained at a temperature that is between five and 10 degrees Fahrenheit cooler than the tournament location water but shall not exceed 85 degrees Fahrenheit at any time.
(5) Not more than four anglers shall be in the weigh-in line at any one time.

(6) Each weigh-in bag containing water from the well of the vessel shall be reinforced, reusable, and capable of holding up to 15 pounds of live fish and two gallons of water.

(7) The weigh-in site shall meet the following requirements:
   (A) Be located near the vessel mooring site and the release site, vehicle, or vessel; and
   (B) be located at all times under a portable awning, in an event tent, or in the shade.

(8) Only fish that meet the special length limit for the specific body of water where the weigh-in tournament is being conducted shall be weighed within the period beginning June 16 and ending August 31.

(b) Each individual or organization conducting the tournament shall ensure that all of the following minimum requirements are met when conducting the release procedures:
   (1) The direct release of fish into the tournament location water after the weigh-in shall not be permitted.
   (2) If the tournament is conducted with release tubes, vehicles, or vessels, the holding tanks shall contain a one-half percent noniodized salt solution.
   (3) If the tournament is conducted without release tubes, vehicles, or vessels, the fish shall be dipped, for a period ranging from 10 seconds to 15 seconds before release, in a three percent noniodized salt solution having the same temperature as that of the water in the weigh-in tank.
   (4) The release site shall meet the following conditions:
      (A) Be located in water reaching at least three feet in depth with good circulation and a hard bottom; and
      (B) be located away from vessel traffic and public-use vessel ramps.
   (c) Each tournament participant shall meet the following requirements:
      (1) Ensure that each well in the participant’s vessel used in the tournament is properly working and contains an electrolyte chemical-water solution; and
      (2) ensure that the participant’s vessel used in the tournament is cleaned before and after the tournament in compliance with department guidelines regarding the prevention of aquatic nuisance species.

(d) The provisions of paragraph (a)(7)(A) may be waived by the secretary within the period beginning September 1 and extending through June 15 if the proximity proposed to the release site does not pose an inordinate risk to the wildlife resource and all other requirements of this regulation are met. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 2010 Supp. 32-1002; effective Jan. 1, 2008; amended April 11, 2008; amended Nov. 19, 2010; amended May 20, 2011 .)

115-7-10. Fishing; special provisions. (a) A person who takes any fish from a body of water shall not tag, mark, brand, clip any fin of, mutilate, or otherwise disfigure any fish in a manner that would prevent species identification, examination of fins, recovery of tags, or determination of sex, age, or length of the fish before releasing the fish back into the body of water, unless a permit authorizing this activity has been issued to that person by the department.

(b) No person may possess any live fish upon departure from any designated aquatic nuisance body of water, except during a department-permitted fishing tournament. During a department-permitted fishing tournament, any individual may possess live fish upon departure from designated aquatic nuisance waters along the most direct route to the weigh-in site if the individual possesses a department authorization certificate as a participant in the tournament. Designated aquatic nuisance species waters shall be those specified in the department’s “Kansas aquatic nuisance species designated waters,” dated October 16, 2020, which is hereby adopted by reference.

(c) No person may fish or collect bait within, from, or over a fish passage, fish ladder, fish steps, or fishway. “Fish passage, fish ladder, fish steps, or fishway” shall mean a structure that facilitates the natural migration of fish upstream on, through, or around an artificial barrier or dam. (Authorized by and implementing K.S.A. 2019 Supp. 32-807; effective Nov. 20, 2009; amended Jan. 1, 2012; amended Jan. 1, 2013; amended Nov. 15, 2013; amended Nov. 14, 2014; amended Nov. 30, 2015; amended Nov. 28, 2016; amended Dec. 22, 2017; amended Jan. 11, 2019; amended Dec. 20, 2019; amended Dec. 25, 2020.)

Kansas Aquatic Nuisance Species Designated Waters

October 16, 2020

*It is illegal to transport live fish from Aquatic Nuisance Species (ANS) Designated Waters. To help prevent the spread of aquatic hitchhikers from these and other waters, always follow Clean – Drain – Dry procedures, do not move fish between waters or upstream, and remove plants and debris from equipment before leaving a water area.*

(1) Swimming shall be prohibited in state fishing lakes except as authorized by posted notice.
(2) Skin and scuba diving shall be allowed only in department waters designated for these activities by posted notice.
(3) Swimming in any department water may be prohibited or restricted by posted notice.
(b) In any department water where swimming is otherwise prohibited, body contact with water that occurs incidental to allowed activities shall be authorized.
(c) On lands that are designated by posted notice as swimming beaches or in waters that are designated by buoys or other markers as swimming areas, the following restrictions shall apply:

(1) Possession of liquor or beer shall be prohibited.
(2) No containers other than shatterproof containers shall be possessed. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1015; effective Dec. 4, 1989; amended July 13, 2001.)

115-8-9. Camping. (a) Camping shall be allowed only in designated areas on department lands and waters and shall be subject to provisions or restrictions as established by posted notice.

(b) All campers and camping units shall be limited to a stay of not more than 14 consecutive days in a campground unless otherwise established by posted notice or as otherwise authorized by the department.

(c) Upon completing 14 consecutive days in a campground, each person and all property of each person shall be absent from that campground for at least five days.
(d) One extended camping stay of not more than 14 additional consecutive days at the same campground may be granted through a written permit issued by the department if vacant camping sites are available. Upon completing 28 consecutive days at the same campground, each person and all property of each person shall be absent from the department-managed area for at least five days, except as authorized in subsection (e).

(e) Long-term camping in state parks shall be allowed on designated camping sites for six consecutive months through a written permit issued by the department if vacant long-term camping sites are available. Upon completing six consecutive months at the same state park, each person and all property of each person shall be absent from the state park for at least five days.

(f) Unless authorized by the department or located on a prepaid state park campsite reserved through the department’s electronic reservation system, camping units shall not be left unoccupied in a campground for more than 24 hours.

(g) Unless authorized by the department or located on a prepaid state park campsite reserved through the department’s electronic reservation system, vehicles or other property shall not be left unattended upon department lands or waters for more than 24 hours.

(h) Except as authorized by the department, any property unoccupied or unattended for more than 48 hours, unless the property is on a prepaid state park campsite reserved through the department’s electronic reservation system, and any property abandoned upon department lands or waters shall be subject to removal by the department and may be reclaimed by the owner upon contacting the department.

(i) A campsite shall not be left unoccupied in a campground for more than 24 hours, unless the department so authorizes or the campsite is a prepaid state park campsite reserved through the department’s electronic reservation system. (Authorized by and implementing K.S.A. 32-807; effective March 19, 1990; amended Feb. 10, 1992; amended Oct. 12, 1992; amended Sept. 12, 2008; amended Nov. 14, 2011.)

2. Tethered chain or leash not more than 10 feet in length. The pet shall be under the direct observation of and control by the owner;
3. Confined to a cage, pen, vehicle, trailer, or privately owned cabin.

(c) The requirements of subsection (b) shall not apply to dogs while being used during and as a part of any of the following acts or activities:

1. Hunting during open hunting seasons on lands or waters open for hunting;
2. Authorized field trial events;
3. Noncommercial training of hunting dogs subject to any provisions or restrictions as established by posted notice;
4. Special events or activities as authorized by the department; or
5. Working as a “guide dog,” “hearing assistance dog,” or “service dog,” as defined in K.S.A. 39-1113 and amendments thereto.

(d) Guide dogs, hearing assistance dogs, and service dogs shall not be restricted by the requirements of subsection (a). (Authorized by and implementing K.S.A. 32-807; effective Dec. 4, 1989; amended Sept. 12, 2008.)

115-8-11. Domestic animals and livestock; provisions and restrictions. (a) Livestock used for riding shall be allowed for riding purposes on maintained roads, bridle paths, parking areas and other areas designated by posted notice, except the riding of livestock on state park areas shall be restricted to maintained bridle paths and other areas designated by posted notice.

(b) Draft livestock used for draft purposes shall be allowed on maintained roads, parking areas, and other areas designated by posted notice, except the use of draft livestock in state parks shall occur only as authorized by the department.

(c) Livestock may be ridden or used for draft purposes during a department approved special event
provided the activity has been approved as a part of the special event.

(d) The stabling of livestock used for riding or for draft purposes shall be restricted to designated areas or as authorized by the department.

(e) Livestock and domestic animals not used for riding or draft purposes or as allowed by K.A.R. 115-8-10 shall be prohibited except as authorized by the department.

(Authorized by L. 1989, Chapter 118, section 9; implementing L. 1989, Chapter 118, sections 9 and 126; effective Dec. 4, 1989.)

115-8-12. Stocking or releasing of wildlife. Wildlife may be stocked or released on department lands or waters, navigable publicly owned rivers, and federal reservoirs only as authorized by any of the following:

(a) A written agreement issued by the department;

(b) a permit issued by the department;

(c) a department-approved management plan;

(d) regulations; or

(e) posted notice.

115-8-13. Motorized vehicles and aircraft; authorized operation. (a) Motorized vehicles shall be operated only on department roads and parking areas, except as otherwise established by this regulation or posted notice or as approved by the secretary.

(b) Motorized vehicles shall be operated at speeds not in excess of 25 miles per hour or as otherwise established by posted notice.

(c) Motorized vehicles shall be operated in accordance with load limits as established by posted notice for roads or bridges.

(d) Motorized aircraft landings and takeoffs shall be allowed in designated areas only or as authorized by the secretary.

(e) Except as otherwise specified in K.A.R. 115-8-1, posted notice, or this regulation, motorized electric or gasoline-powered two-wheeled vehicles, all-terrain vehicles, work-site utility vehicles, golf carts, and snowmobiles may be operated on ice-covered department waters only for the purpose of ice fishing from one-half hour before sunrise to one-half hour after sunset. These vehicles shall enter onto the ice only from boat ramps and points of entry as established by posted notice.

(f) (1) Except as provided in this regulation, each motorized vehicle that meets either of the following conditions shall be prohibited from being operated on all department lands and roads:

(A) Is not registered with one of the following:

(i) The director of vehicles pursuant to K.S.A. 8-127 and amendments thereto; or

(ii) the corresponding authority in another state or country; or

(B) is unlawful to be operated on any interstate highway, federal highway, or state highway pursuant to K.S.A. 8-15,100 and K.S.A. 8-15,109, and amendments thereto.

(2) The term “motorized vehicle” shall include cars, trucks, all-terrain vehicles, work-site utility vehicles, golf carts, go-carts, and electric or gasoline-powered two-wheeled vehicles.

(g) Any person with a disability, as defined by K.S.A. 8-1,124 and amendments thereto, may annually request a permit from the secretary to utilize a motorized vehicle for accessing certain department lands and roads to provide access to recreational opportunities that would otherwise be unavailable to disabled persons. Each written request shall include the following:

(1) The name, address, and telephone number of the applicant;

(2) the name and location of the property to be accessed;

(3) the date or duration of the entry requested; and

(4) documentation of that person’s disability in the form of a disabled accessible parking placard, disabled motor vehicle license plate, or disabled identification card issued by the director of vehicles of the department of revenue pursuant to K.S.A. 8-1,125 and amendments thereto, or similar documentation issued by another state.

(h) No person who is in possession of a motorized vehicle and has a permit to operate the motorized vehicle on department lands and roads shall perform either of the following:
(1) Allow another person to operate the vehicle on department lands and roads unless that other person has a permit issued by the department; or
(2) operate the vehicle on department lands and roads unless that person is in possession of a permit issued by the department.
(i) Each permit issued by the department that authorizes the operation of a motorized vehicle on department lands and roads shall expire on the last day of the calendar year in which the permit was issued, unless otherwise specified on the permit.
(j) A permit that authorizes the operation of a motorized vehicle on department lands and roads shall not be issued or shall be revoked by the secretary for any of the following reasons:
(1) The disability does not meet the requirements for the permit.
(2) The application is incomplete or contains false information.
(3) The disability under which the permit was issued no longer exists.
(4) The documentation of disability in the form of a disabled accessible parking placard, disabled motor vehicle license plate, or disabled identification card issued by the director of vehicles of the department of revenue pursuant to K.S.A. 8-1,125 and amendments thereto, or similar documentation issued by another state, has expired.
(5) The permit holder fails to comply with the terms and limitations of the permit or with the requirements specified in this regulation.
(6) The issuance or continuation of the permit would be contrary to the preservation of habitat or species located on or in department lands or waters.
(k) This regulation shall not apply to any motorized vehicle that is owned by the department or a designated agent and is used in the operation and maintenance of department lands and roads. (Authorized by and implementing K.S.A. 2015 Supp. 32-807; effective Dec. 4, 1989; amended Feb. 8, 2008; amended Sept 9, 2011; amended November 25, 2016.)

115-8-13a. Electric-assisted bicycles. (a) For the purposes of this regulation, the term “electric-assisted bicycle” shall have the meaning specified in K.S.A. 8-1489, and amendments thereto.
(b) A motor vehicle pass shall not be required to operate an electric-assisted bicycle in any state park.

115-8-14. Fireworks; discharge and public displays. (a) Subject to provisions and restrictions as established by posted notice, using or discharging fireworks shall be allowed only in designated areas or as authorized by the department.
(b) Public fireworks displays may be conducted through special event permits issued by the department.
(c) Public fireworks displays shall comply with all state laws and rules and regulations applicable to public fireworks displays. (Authorized by L. 1989, Chapter 118, section 9; implementing L. 1989, Chapter 118, sections 9 and 126; effective Dec. 4, 1989.)

115-8-15. Fire; authorized uses. (a) Subject to provisions and restrictions as established by posted notice, fires shall be allowed for the following purposes:
(1) cooking or heat in firerings, fireplaces, grills and stoves;
(2) department approved management purposes; and
(3) other purposes as authorized by posted notice.
(b) Fires shall be attended at all times and shall be totally extinguished prior to leaving the site of the fire. (Authorized by L. 1989, Chapter 118, section 9; implementing L. 1989, Chapter 118, sections 9 and 126; effective Dec. 4, 1989.)

115-8-19. Personal conduct on department lands and waters; provisions, restrictions and penalties. (a) The conduct, actions, or activities of persons on department lands and waters shall be subject to provisions and restrictions as established by posted notice. The following general provisions and restrictions shall apply:
(1) No person shall advertise, engage in, or solicit any business, or make a charge for any event or service except as authorized by the department.
(2) Quiet hours shall be observed between the hours of 11:00 p.m. and 6:00 a.m. Except as authorized by the department, each action that will alarm, anger, or disturb others shall be prohibited during quiet hours. Any individual who has knowledge or probable cause to believe that the individual’s actions will alarm, anger, or
disturb others or who engages in noisy conduct during quiet hours may be subject to the provisions of subsection (b).  

(3) Subject to the provisions of K.A.R. 115-8-21 and K.A.R. 115-8-1 and to other posted provisions or restrictions, any individual may possess, consume, or drink alcoholic liquor, as defined in K.S.A. 41-102 and amendments thereto.  

(b) In addition to penalties prescribed by law or regulation, failure to comply with laws, regulations, permit conditions, or posted restrictions by an individual may result in the individual or equipment of the individual being removed from departmental lands or waters.  

This regulation shall be effective on and after January 1, 2013.  (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, and L. 2012, Ch. 144, Sec. 29; effective Jan. 30, 1995; amended Jan. 1, 2013.)

115-8-20. Construction, littering, and prohibited activities. (a) The following activities shall be prohibited on department lands and waters except as specified in rules and regulations or as authorized by the department.  

(1) Constructing any structure, building, facility, appurtenance or roadway;  
(2) dumping, discarding, or depositing trash, litter, or waste material;  
(3) digging holes or pits; and  
(4) destroying, defacing, degrading, or removing any of the following:  
   (A) Signs;  
   (B) real or personal property, other than property owned by that person;  
   (C) geological formations;  
   (D) historical sites;  
   (E) archeological relics or ruins; or  
   (F) vegetation, except for the noncommercial gathering of edible wild plants, wild fruits, nuts, or fungi for human consumption.  

(b) Trash, litter, and waste material shall be deposited or discarded only in containers provided for the depositing of trash, litter, and waste material. Each person using lands or waters where these containers are not provided shall remove any trash, litter, and waste material generated as a result of and during the person’s use of the area.  (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1015; effective Dec. 4, 1989; amended July 13, 2001.)

115-8-21. Special events; permit requirements and procedures; department lands and waters. (a) A special event permit shall be required for any event occurring on department lands or waters, or both, if one of the following conditions exists:  

(1) An entrance, admission, or participation fee is charged.  
(2) Food, merchandise, or service is offered for sale.  
(3) The exclusive use of a facility or a specified land or water area is necessary, other than facilities or areas for which other permits may be issued.  
(4) An organized or advertised competition will be conducted.  
(5) Sound will be amplified that may disrupt area users.  
(6) Temporary structures, other than blinds or common camping equipment, will be erected.  
(b) An event sponsored in part or in total by the department shall not require a special event permit.  
(c) For a field trial or a water event on department lands or waters, a special event permit may be issued by the department in place of a field trial permit or a water event permit if the requirements of K.A.R. 115-13-2 or K.A.R. 115-30-9, respectively, are met in addition to the requirements for a special event permit.  
(d) Permit procedures.  
(1) Each application for a special event permit shall be made to the department no fewer than five weekdays before the event is to be held.  
(2) Payment of the special event permit fee specified in K.A.R. 115-2-3 shall accompany each application.  
(3) The permit fee shall be returned to the applicant if the special event permit is not approved by the department.  
(4) The permit fee shall not be refunded for an issued special event permit.  
(5) A performance deposit may be required as a condition of special event permit issuance.  
(e) Permit holders may tag or mark wildlife only as allowed under permit conditions.  
(f) A special event permit may be refused issuance by the department if the proposed event meets any
of the following conditions:

(1) Would not be compatible with intended uses of the area;
(2) Would result in misuse or damage to facilities, structures, or the natural environment; or
(3) Would pose a threat to public health, safety, or welfare.

(g) In addition to other penalties prescribed by law, failure to comply with all rules and regulations
and permit conditions shall be grounds for revocation of a special event permit or refusal to issue a
special event permit.

(h) This regulation shall be effective on and after January 1, 2002. (Authorized by K.S.A. 32-807;

115-8-22 Concession operations on department lands; contracting provisions and restrictions. (a)
Renewal of an existing concession contract without a competitive bid process shall be considered by the
secretary for any concession contract if the gross income under the concession contract for the most
recent full year of operation did not exceed $25,000.

(b) Each concession contract renewed without a competitive bid process shall not exceed three years
in duration.

(c) Subject to the provisions of subsection (a), any person operating a concession business under
contract with the department upon department lands or waters may make written request for a concession
contract renewal to the secretary. The request shall include the following information:

(1) name and address of concession business owner or owners;
(2) name and address of each concession business manager or operator;
(3) location of concession operation with map attached showing such location;
(4) current concession contract number and expiration date;
(5) complete financial statement from the previous year’s concession operation;
(6) An operational plan for the requested contract renewal period; and
(7) other information as required by the secretary.

(d) The renewal, renegotiation or re-establishment of a concession contract may be refused by the
secretary if:

(1) a loss of revenue or services to the department would result;
(2) a reduction in the amount or quality of services available to the public would occur; or
(3) the non-competitive bid process for establishment of the concession contract would not be in the
best interest of the department or the public.

(e) The renewal of such concession contracts shall be on negotiated terms approved by the secretary
and shall not be limited by any term, provision, restriction or condition of any previous contract or
agreement. (Authorized by and implementing K.S.A. 1992 Supp. 32-807 as amended by L. 1993,
Chapter 185, section 2; effective April 11, 1994.)

115-8-23. Bait; hunting. (a) No person shall place, deposit, expose, or scatter bait while hunting or preparing to
hunt on department lands or place, deposit, expose, or scatter bait in a manner that causes another person to be in
violation of this regulation.

(b) Hunting shall be prohibited within 100 yards of any bait placed, deposited, exposed, or scattered on
department lands. Bait shall be considered placed, deposited, exposed, or scattered on department lands for 10
days following complete removal of the bait.

(c) (1) Nothing in this regulation shall prohibit the hunting or taking of wildlife over any of the
following:

(A) Standing crops or flooded standing crops, including aquatic crops;
(B) standing, flooded, or manipulated natural vegetation;
(C) flooded harvested croplands;
(D) lands or areas where seeds or grains have been scattered solely as the result of normal agricultural
planting, harvesting, postharvest manipulation, or soil stabilization practice; or
(E) standing or flooded standing agricultural crops over which grain is inadvertently scattered solely as a
result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed wildlife.

(2) The taking of wildlife, except migratory waterfowl, coots, and cranes, on or over any lands or areas
meeting the following conditions shall not be prohibited:

(A) Are not otherwise baited; and
(B) have grain or other feed that has been distributed or scattered solely as the result of manipulation of
an agricultural crop or other feed on the land where grown, scattered solely as the result of normal agricultural
operations, or scattered solely as the result of normal weather conditions.
(d) For the purposes of this regulation, “bait” shall mean any grain, fruit, vegetable, nut, hay, salt, sorghum, feed, other food, or mineral that is capable of attracting wildlife. Liquid scents and sprays shall not be considered bait. (Authorized by and implementing K.S.A. 2012 Supp. 32-807; effective July 20, 2012; amended July 26, 2013.)

115-8-24. This regulation shall be revoked on and after August 1, 2016. (Authorized by and implementing K.S.A. 32-807; effective July 20, 2012; revoked August 1, 2016.)

115-9-1. Licenses, stamps, permits and other department issues; procedures, form and content, and applications. (a) The requirements for application of and the procedures for the form and content of licenses, stamps, permits and other department issues shall be as established by the secretary, unless otherwise established by law or rules and regulations.

(b) The procedures for issuance of and the form and content of licenses, stamps, permits and other department issuances shall be as established by the secretary, unless otherwise established by law or by rules and regulations. (Authorized by and implementing L. 1989, Chapter 118, section 97; effective Dec. 26, 1989.)

115-9-2. Issuance of duplicate licenses, permits, stamps and other department issues. (a) Any person who has lost or destroyed a current license, permit, stamp or other department issue may secure a duplicate license, permit, stamp or other department issue upon submitting the proper application and appropriate fee to the department.

(b) The application shall include the following information:

(1) applicant's name and address;
(2) type of duplicate applied for;
(3) county of purchase;
(4) location of purchase;
(5) month of purchase;
(6) signature of applicant attesting to the loss or destruction of the issue; and
(7) other information as required by the secretary.

115-9-3. Purchase of lifetime hunting or lifetime combination hunting and fishing licenses without certificate of completion of an approved hunter education course. (a) Any individual may purchase a lifetime hunting or lifetime combination hunting and fishing license on behalf of a Kansas resident born after July 1, 1957, under procedures specified in K.S.A. 1988 Supp. 32-104m, as amended by L. 1989, Chapter 118, section 67, prior to issuance to that resident of a certificate of completion of an approved hunter education course.

(b) Any resident may purchase a lifetime hunting or lifetime combination hunting and fishing license prior to issuance of a certificate of completion of an approved hunter education course to that resident.

(c) Lifetime licenses purchased under provisions of subsection (a) and (b) shall be issued with a notice that the lifetime license is not valid until the recipient of the lifetime license has been issued a certificate of completion of an approved hunter education course. (Authorized by L. 1989, Chapter 118, section 9 and K.S.A. 1988 Supp. 32-401 as amended by L. 1989, Chapter 118, section 61; implementing K.S.A. 1988 Supp. 32-401 as amended by L. 1989, Chapter 118, section 61; effective Dec. 26, 1989.)

115-9-4. Hunting or furharvester license or permit purchase. (a) Any individual required to have a certificate of completion of an approved hunter or bowhunter education course before purchasing a hunting license or permit, or an approved furharvester education course before purchasing a furharvester license or permit, may purchase a hunting or furharvester license or permit by attesting to the individual’s successful completion of an approved hunter, bowhunter, or furharvester education course, respectively, at the time of purchase.

115-9-5. Hunting, fishing, and furharvester licenses; state park permits; effective dates. (a) Any individual may purchase an annual hunting, fishing, or furharvester license or a state park annual permit for the next calendar year on and after a mid-December date determined annually by the secretary.

(b) Each hunting, fishing, or furharvester license or state park annual permit purchased on or after the date specified in subsection (a) shall be valid from the date purchased through the expiration date as stated on the license or permit. (Authorized by and implementing K.S.A. 2018 Supp. 32-807, K.S.A. 2018 Supp. 32-906, K.S.A. 32-911 and K.S.A. 2018 Supp. 32-919; effective Dec. 4, 1989; amended Aug. 15, 1994; amended Sept. 19, 1997; amended April 26, 2019.)

115-9-6. Vehicle permits; display. (a) Except as provided in this regulation, each person who purchases a vehicle permit for entry into a state park or other area requiring a vehicle permit shall affix the permit to the lower corner of the windshield on the driver's side of the vehicle for which the vehicle permit was purchased.

(b) Annual vehicle permits shall be permanently affixed.

(c) Each vehicle permit purchased from an electronic permit kiosk shall be displayed within the vehicle for which the permit was purchased in an unobstructed manner to allow the text on the permit to be read from outside the vehicle. (Authorized by K.S.A. 2020 Supp. 32-807; implementing K.S.A. 2020 Supp. 32-807 and 32-901; effective, T-115-7-27-89, July 27, 1989; effective Sept. 18, 1989; amended Feb. 20, 2015; amended May 28, 2021.)

115-9-7. Hunting licenses; general activities for which a hunting license shall not be required. A hunting license shall not be required for those activities which are not a part of the actual shooting, capturing or harvesting of wildlife. Such activities shall include, but not be limited to:

(a) carrying or assist with carrying wildlife for another while in the company of that individual;

(b) possession of wildlife for the purpose of dressing, cleaning, processing for human consumption or preparing for human consumption;

(c) assisting with the dressing, cleaning, processing for human consumption or preparing for human consumption;

(d) performance of taxidermy work;

(e) possession of finished taxidermy work;

(f) possession of finished wildlife products;

(g) accompanying one or more hunters in the field who are engaged in hunting, except the accompanying individual shall not be in possession of hunting equipment for the shooting, capturing or harvesting of wildlife;

(h) possession of donated wildlife that was acquired, possessed and given by another;

(i) possession of wildlife that was legally acquired by the individual;

(j) wildlife observations;

(k) nature observations and studies;

(l) feeding of wildlife;

(m) watering of wildlife;

(n) accidental killing or injuring of wildlife such as vehicle collision with wildlife; or

115-9-8. Migratory bird harvest information program; requirements, exemptions. (a) As used in this regulation, "migratory game bird" shall mean any wild duck, goose, merganser, crane, dove, rail, snipe, woodcock, or other migratory bird for which a hunting season is established in the state of Kansas.

(b) Each person hunting migratory game birds in the state of Kansas shall be required to complete a Kansas migratory bird harvest information survey, as provided by the secretary.

(c) Upon completion of a Kansas migratory bird harvest information survey, a harvest information program permit shall be issued by the secretary or the secretary’s designee to the person completing the survey.

(1) Each person required to comply with subsection (b) shall be in possession of a valid harvest information program permit issued to that person while hunting any migratory game bird within the state of Kansas.

(2) Each harvest information program permit shall be validated by the signature of the permit holder written in the signature block of the permit.

(3) Each harvest information program permit shall be valid from the date of issuance through June 30 following the date of issuance.

(4) A harvest information program permit shall not be transferable.
(d) The provisions of subsection (b) shall not apply to the hunting of any migratory game bird by either of the following:
(1) Tribal members on federal Indian reservations or tribal members hunting on ceded lands; or
(2) a resident of this state not required by K.S.A. 32-919, and amendments thereto, to hold a hunting license.

(e) This regulation shall be effective on and after April 1, 2013. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, ch. 47, sec. 25; effective July 1, 1998; amended April 1, 2013.)

115-9-9. Electronic licenses, permits, stamps, tags, and other issues of the department; other requirements. The requirements in this regulation shall apply to licenses, permits, stamps, tags, and other issues of the department purchased from electronic or telephone license vendors or by electronic means. These requirements shall consist of the following:
(a) Each individual who receives or prints a hard copy of an issue of the department purchased from an electronic or telephone license vendor or by electronic means shall sign the issue, attesting that all information on the issue is true and correct.
(b) Each individual who purchases a departmental issue from a telephone vendor shall carry the confirmation number while actively engaged in any activity authorized by the departmental issue. When the individual receives the hard copy of any issue received from a telephone vendor, the individual shall sign and carry the hard copy of the departmental issue while actively engaged in any activity authorized by the departmental issue.
(c) Each individual who receives an electronic version of a departmental issue shall attest that all information contained in the issue is true and correct at the time of purchase. A digital file or portable document format file of the departmental issue shall be stored on the licensee’s mobile device, which the licensee shall carry while actively engaged in any activity authorized by the departmental issue.
(d) Each hard-copy stamp received from an electronic or telephone license vendor or by electronic means shall be validated if the individual signs the issue displaying the valid stamp purchase. The confirmation number of each stamp purchased from an electronic or telephone license vendor shall be proof of signature until the individual receives the hard copy of the stamp purchased from the license vendor.
(e) Any current issue of the department that is destroyed or lost may be replaced by electronic means. Each individual whose current issue was destroyed or lost shall sign the new hard-copy issue, attesting to the destruction or loss of the current issue.
(f) An application form shall not be required for an individual to purchase any issue from an electronic or telephone license vendor or by electronic means. The signature on the issue by the individual receiving the issue shall meet the signature requirement on application forms.
(g) The removal of the carcass tag from any big game or wild turkey permit or game tag purchased from an electronic license vendor or by electronic means shall not invalidate the permit, game tag, or carcass tag for hunting. However, signing any carcass tag before harvesting an animal for which the carcass tag was issued shall invalidate the carcass tag and either the permit or the game tag for use.
(h) Each temporary annual park permit purchased from an electronic or telephone license vendor or by electronic means shall be valid only if visibly displayed on the vehicle or camping unit for which the annual park permit was purchased. Each individual with a temporary annual park permit purchased from an electronic license vendor or by electronic means shall exchange the permit for a permanent annual park permit at a department office or automated park license vendor.
(i) Each person required to provide the identifying number of a license, permit, tag, stamp, or other issue of the department shall use the transaction number of the electronic license, permit, tag, stamp, or other issue.

115-10-1. Special surety bond program; definitions. (a) "appointing authority" means either the secretary or the county clerk of any county in Kansas;
(b) "license or permit" means any license, stamp or permit issued by the department for sale to the general public;
(c) "applicant" means any person who has presented the appointing authority with a completed application for appointment as a vendor agent for selling licenses and permits;
(d) "special surety bond" means a bond agreement issued by a vendor agent and accepted by the secretary as having satisfied the bond requirements established in K.S.A. 1989 Supp. 32-985;
(e) "premium period" means the period of time in which the vendor agent has paid the prescribed fee and in which the special surety bond shall be in effect; and
(f) "vendor agent" means any person authorized by the appointing authority, pursuant to K.S.A. 1989 Supp. 32-985, to sell licenses and permits of the department. (Authorized by K.S.A. 1989 Supp. 32-807;

115-10-2. Special surety bond authorized. (a) Any vendor agent may elect to satisfy the special surety bond requirements provided in K.S.A. 1989 Supp. 32-985 by executing a special surety in favor of the state of Kansas as provided in K.A.R. 115-10-3.

115-10-3. Special surety bond procedure. (a) Each special surety bond authorized by the secretary shall be issued for the period specified in the special surety bond and shall meet the following requirements:

(1) each applicant shall complete an application form which shall include the following information:
   (A) the name, age, address and occupation of the applicant;
   (B) the amount of bond requested and the proposed effective date of bond;
   (C) the vendor agent number; and
   (D) three credit references.

(2) each applicant shall certify the facts represented in the application. Any applicant may be required by the secretary to provide the department, at applicant's expense, a current audited financial statement;

(3) each applicant shall agree to be firmly bound to the state of Kansas and to fully indemnify the department for all losses to the state of Kansas arising out of the applicant's actions as a vendor agent; and

(4) each applicant shall authorize the applicant's officer or agent executing the prescribed application form and special surety bond to fully bind and represent the applicant in all activities undertaken as an authorized vendor agent, and shall provide evidence of this authority as required by the secretary.

(b) Each application shall be accompanied by a fee, as established by K.A.R. 115-2-1, that shall be applied to the one-year bond premium period. The fee shall be returned to the applicant if the applicant is not authorized to act as a vendor agent. (Authorized by K.S.A. 1989 Supp. 32-807; implementing K.S.A. 1989 Supp. 32-985; effective April 30, 1990.)

115-10-4. Special surety bond term of effect and renewal. (a) Each special surety bond shall expire one year from the date of its issuance.

(b) The special surety bond period of coverage shall coincide exactly with the period for which a vendor agent is authorized to act as a vendor agent.

(c) Any vendor agent may renew a special surety bond upon its expiration by providing the department with a renewal request containing the vendor agent name and number, the requested renewal date, and the requested bond amount, and by paying the fee prescribed in K.A.R. 115-2-1. (Authorized by K.S.A. 1989 Supp. 32-807; implementing K.S.A. 1989 Supp. 32-985; effective April 30, 1990.)

115-10-6. Authorized amount of special surety bond. The amount for which an applicant shall be authorized to execute a special surety bond shall be determined by the secretary. (Authorized by K.S.A. 1989 Supp. 32-807; implementing K.S.A. 1989 Supp. 32-985; effective April 30, 1990.)

115-10-7. Reduction or increase in special surety bond. (a) Each special surety bond, once authorized and in effect, shall not be reduced within the premium period.

(b) Any special surety bond may be increased after the vendor agent has:

(1) supplied the secretary with information the secretary determines necessary to process the amendment application;

(2) paid the required premium for the increased amount, prorated to the bond premium period; and

115-10-8. Grounds for termination of a special surety bond. (a) A special surety bond may be
terminated, suspended or refused for renewal by the secretary when a vendor agent commits any of the following acts:

(1) fails to pay, within 30 days of the appointing authority's demand, the cash value of all lost, missing, or destroyed licenses and permits;
(2) fails to pay, within 30 days of the appointing authority's demand, the cash value of all monies collected for the licenses and permits sold by the vendor agent;
(3) fails to return all licenses and permits in the vendor agent's possession when required by the terms of the vendor agent indemnification agreement or upon demand by the appointing authority; or
(4) fails to properly perform any of the duties or violates any of the terms of the vendor agent indemnification agreement executed by the vendor agent and the appointing authority.

(b) Any action by the secretary to terminate, suspend or fail to renew a special surety bond shall be administered pursuant to K.S.A. 1989 Supp. 77-501 et seq.  (Authorized by K.S.A. 1989 Supp. 32-807; implementing K.S.A. 1989 Supp. 32-985; effective April 30, 1990.)

115-11-1. Controlled shooting areas; license application, issuance priority, and reporting. (a) Each application for a controlled shooting area license shall be made on forms provided by the department.

(b) Each applicant shall provide the following information:
(1) The size of the area;
(2) a map of the area;
(3) the legal description of the area;
(4) the species of game birds to be released and hunted;
(5) a description of the premises and facilities; and
(6) any other relevant information required by the secretary.

(c) Each applicant for renewal of an existing controlled shooting area license shall provide information as required by paragraphs (b) (1) through (b) (5) only if a change of status has occurred.

(d) The applicant shall submit, with the application, proof of ownership or lease for a five-year period of the area described in the application.

(e) An application for a controlled shooting area license that is not a renewal application may be submitted at any time.

(f) Each application for a renewal of a controlled shooting area license shall be submitted not later than July 1.

(g) Each renewal application shall have priority over a new application for a controlled shooting area license in order that the maximum county controlled shooting area acreage limitation not be exceeded.

(h) Each renewal application received after July 1 shall be considered a new application for purposes of subsection (g).

(i) Each licensee shall maintain records of game bird releases, a register of hunters, the number of animals or birds taken for each species of game animal hunted on the controlled shooting area, and any other relevant information required by the secretary on forms provided by the department. These records shall be available for inspection by departmental staff.

(j) A final report consisting of the records and any other information required by the secretary shall be submitted to the department as a part of the renewal application or by August 1 if the controlled shooting area license is not renewed. A controlled shooting area license shall not be issued or renewed until a final report has been received by the department.

(k) This regulation shall be effective on and after July 1, 2005.  (Authorized by K.S.A. 32-948; implementing K.S.A. 32-944, K.S.A. 32-945, and K.S.A. 32-948; effective Dec. 4, 1989; amended July 1, 2002; amended July 1, 2005.)

115-11-2. Controlled shooting areas; operational requirements. (a) Each controlled shooting area shall be posted as follows:

(1) Signs shall be made of metal, plastic, or wood and shall be not less than 15 inches by 15 inches.
(2) Signs shall legibly display the words “controlled shooting area” in block lettering that is not less than two inches in height.
(3) Signs shall be placed along the boundary of the controlled shooting area, at intervals of not less than 500 feet.

(b) The licensee shall keep the license and a copy of the laws and regulations pertaining to the controlled shooting areas posted in a conspicuous and readily available place at the headquarters of the area.

(c) If the license of the controlled shooting area is cancelled or revoked, the licensee shall remove all controlled shooting area signs from the boundary of the area within 30 days of the cancellation or revocation date.
If a licensee fails to renew a controlled shooting area license, all controlled shooting area signs shall be removed from the boundary of the area before September 1.

Only those game birds released on the controlled shooting area from August 15 through April 30 of the license period shall be credited toward the allowable take for the area.

The licensee shall not take or permit the taking of more than 100 percent of the number of each species of game bird released on the controlled shooting area. These game bird species shall not be hunted on the area until a release of the game bird species has been made.

The shooting hours for the taking of game birds released on controlled shooting areas shall be from ½ hour before sunrise to sunset.

Game birds taken on a controlled shooting area shall be accompanied during transportation from the area by a form provided by the department and completed by the licensee, which shall include the number and species of game birds being transported, the name and license number of the licensee, the date of harvest, and any other relevant information required by the secretary.

Except as authorized under Kansas dog training and field trial regulations, only hand-reared mallard ducks may be recaptured by trapping after release.

Hunting during the established seasons and in compliance with all laws and regulations governing the hunting activity may occur on a controlled shooting area for wildlife species not included in K.S.A. 32-943, and amendments thereto, and for any wildlife species not included in the license issued for that controlled shooting area, including big game animals and wild turkeys for which the hunter has a valid permit issued by the department. The hunting, shooting, or taking of wild migratory waterfowl, however, shall be prohibited on each controlled shooting area used for the shooting of hand-reared mallard ducks.

115-12-1. Game breeders, operational requirements. (a) Each game breeder shall provide a report of activities to the secretary on or before June 30. The report shall include the following information:

(1) name of permittee;
(2) address;
(3) current game breeders permit number;
(4) the number of each species sold; and
(5) other information as required by the secretary.

(b) Each game breeder shall provide a bill of sale to each person purchasing wildlife. The bill of sale shall contain the game breeder's name and permit number and the bill of sale shall state the species and number of wildlife purchased, purchaser's name and address and date of purchase.

(c) In lieu of submitting the report as specified in subsection (a), items 1 through 4, any permittee may submit copies of all bills of sale to the secretary on or before June 30; provided that the copies are legible and that the name, address and permit number of the permittee is identified with the bills of sale. (Authorized by and implementing K.S.A. 1988 Supp. 32-159 as amended by L. 1989, Chapter 118, section 82; effective Jan. 22, 1990.)

115-12-2. Reserved.

115-12-3. Game breeder permit requirement; other wildlife. A game breeder permit shall be required to engage in the business of raising and selling the following wildlife:

(a) species of reptiles or amphibians that are native to or indigenous to Kansas;
(b) mountain lion, Felis concolor Linnaeus;
(c) wolf, Canis lupus Say;
(d) black bear, Ursus americanus Pallas; and
(e) grizzly bear, Ursus arctos horribilis Ord. (Authorized by and implementing L. 1991, Chapter 106, section 1; effective Feb. 10, 1992.)

115-13-1. Commercial dog training permit; application and general provisions. (a) The application for a commercial dog training permit shall be on a form provided by the department, and each applicant shall provide the following information:

(1) The name and address of the applicant;
(2) the breeds of dog to be trained;
(3) the type of dog training to be conducted;
(4) a legal description of the area or areas where dog training will be conducted; and
(5) other information as required by the secretary.

(b) Subject to all federal and state laws, rules, and regulations, commercial training of bird dogs shall be authorized throughout the year.

(c) General provisions.
(1) Pen-raised, banded game birds may be released and shot during bird dog training activities.
(2) Pen-raised, banded game birds that escape after release shall not be recaptured, except as authorized by paragraphs (c) (3) and (4) and K.A.R. 115-13-5.
(3) Pen-raised or wild-trapped pigeons and pen-raised, banded mallard ducks may be released and shot during bird dog training activities, and the birds may be recaptured. Nontoxic shot approved under K.A.R. 115-18-14 shall be required for the taking of pen-raised mallard ducks.
(4) Chukar partridge and hungarian partridge may be released and shot during bird dog training activities, and chukar partridge and hungarian partridge may be recaptured.
(5) The banding of pigeons, chukar partridge, and hungarian partridge shall not be required.
(6) Pigeons, chukar partridge, hungarian partridge and pen-raised, banded birds that are shot during bird dog training activity may be possessed by the commercial bird dog trainer.
(7) All bands used shall be leg bands and shall be coded with the initials ACDT.@
(8) No commercial bird dog trainer shall possess unattached bands while conducting bird dog training activities.
(9) Wild birds, except waterfowl, may be pursued during commercial bird dog training activities, but shall not be shot, killed, or possessed except during established hunting seasons for the taking and possession of that species.

d) Subject to all federal and state laws, rules, and regulations, commercial training of sight and trail hounds for hunting, furbearer running, or furbearer harvesting purposes shall be authorized. This training shall be restricted to established furbearer seasons for the taking of furbearers by hunting methods, running seasons, and hunting seasons.

e) Pen-raised, legally trapped and possessed, or wild red fox, gray fox, raccoon, opossum, coyote, and cottontail rabbit may be pursued during commercial sight or trail hound training activities, but shall not be shot or killed and shall not be possessed after initial release except during established seasons for the taking and possession of that species.

(f) Commercial dog training activities shall be restricted to the area specified on the permit.

(115-13-2. Non-commercial dog training. (a) Subject to K.A.R. 115-8-4 concerning department lands and waters, non-commercial training of bird dogs shall be authorized throughout the year.

(b) General provisions.
(1) Pen-raised, banded game birds may be released during bird dog training activities, but shall not be shot except during established hunting seasons for that species.
(2) Pen-raised, banded game birds that escape after release shall not be recaptured, except as authorized by paragraphs (b) (3) and (4) and K.A.R. 115-13-5.
(3) Pen-raised or wild-trapped pigeons and pen-raised, banded mallard ducks may be released and shot during bird dog training activities, and the birds may be recaptured. Nontoxic shot approved under K.A.R. 115-18-14 shall be required for the taking of pen-raised mallard ducks.
(4) Chukar partridge and hungarian partridge may be released and shot during bird dog training activities, and chukar partridge and hungarian partridge may be recaptured.
(5) The banding of pigeons, chukar partridge, and hungarian partridge shall not be required.
(6) Pigeons, chukar partridge, hungarian partridge and pen-raised, banded birds that are shot during bird dog training activity may be possessed by the bird dog trainer.
(7) All bands used shall be leg bands and shall be coded with the initials ADT.@
(8) No dog trainer shall possess unattached bands while conducting bird dog training activities.
(9) Wild game birds, except waterfowl, may be pursued during bird dog training activities, but shall not be shot, killed, or possessed except during established hunting seasons for the taking and possession of that species.

(c) Subject to K.A.R. 115-8-4 concerning department lands and waters, non-commercial training of sight and trail hounds for hunting, furbearer running, or furbearer harvesting purposes shall be authorized. This training shall be restricted to established furbearer seasons for the taking of furbearers by hunting
methods, running seasons, and hunting seasons.

(d) Pen-raised, legally trapped and possessed, or wild red fox, gray fox, raccoon, opossum, coyote, and cottontail rabbit may be pursued during non-commercial sight or trail hound training activities, but shall not be shot or killed and shall not be possessed after initial release except during established seasons for the taking and possession of that species. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Aug. 5, 1991; amended Oct. 5, 2001.)

115-13-3. Field trial permit; small game. (a) The application for a small game field trial permit shall be submitted on a form provided by the department. A special event permit issued under K.A.R. 115-8-21 shall satisfy the requirement for a small game field trial permit if the application requirements of K.A.R. 115-13-3 are met. Each applicant shall provide the following information:

1. The name of the applicant;
2. The address of the applicant;
3. The telephone number of the applicant;
4. A map of the area in which the small game field trial will be held. The map shall identify the site to be used as the event headquarters, shall be drawn on a scale of not less than 1/4 inch to the mile, and shall show county and township roads;
5. The estimated number of individuals and dogs participating;
6. The requested dates of the small game field trial;
7. The daily starting time or times;
8. A description of the field trial event, including information on the proposed use of wildlife during the event; and
9. Other information as required by the secretary.

(b) Each application for a small game field trial permit shall be submitted at least 15 days before an event. This application deadline may be waived by the secretary for extenuating circumstances, if all other application requirements are met. "Extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the applicant's control.

(c) Each applicant for a small game field trial permit may include in the application a listing of all field trial events for the calendar year if the information required under subsection (a) is provided for each event.

(d) Issuance of a small game field trial permit may be denied by the secretary under any of the following circumstances:
1. The permit application is unclear or incomplete.
2. The event does not conform to requirements of a small game field trial event.
3. The requirements of K.A.R. 115-8-21 are not met.
4. Issuance of a permit would pose an inordinate risk to the public or wildlife resources.
(e) Subject to all federal and state laws, rules, and regulations, wildlife may be used during a small game field trial event as follows:
1. Pen-raised game birds that have been banded or otherwise marked may be released and shot.
2. All bands used shall be leg bands and shall be coded with the initials "FT."
3. Chukar partridge, hungarian partridge, and wild-trapped or pen-raised pigeons, and pen-raised, banded mallard ducks may be released and shot. Steel shot shall be required for the taking of pen-raised mallard ducks.
4. The banding or marking of chukar partridge, hungarian partridge, and pigeons shall not be required.
5. The number of game birds killed during a field trial shall not exceed the number of game birds released of the same species.
6. Wild game birds, except waterfowl, may be pursued, but shall not be possessed, except during established hunting seasons for the taking and possession of that species.
7. Pen-raised, wild-trapped, or wild cottontail rabbits may be pursued, shot, killed, and possessed during a small game field trial event.
8. Wildlife shot or killed as authorized by this subsection may be possessed by the permittee or participants in the small game field trial event.
(f) Each small game field trial event held on a controlled shooting area shall be restricted to the licensed controlled shooting area.

(g) Pen-raised game birds that escape after release shall not be recaptured, except as authorized under K.A.R. 115-13-5. Pigeons, chukar partridge, hungarian partridge, and pen-raised, banded mallard ducks that escape after release may be recaptured.
(h) A separate small game field trial event conducted under a small game field trial permit shall not exceed 14 days in duration and shall be conducted only on the area defined in the permit.

(i) Each permittee shall keep a register of the names and addresses of all participants in each small game field trial event and, upon demand, shall make this register available for inspection to the department and any law enforcement officer authorized to enforce the laws of this state or the regulations of the secretary.

(j) In addition to other penalties prescribed by law, a small game field trial permit may be revoked by the secretary under either of the following circumstances:

(1) The permit was secured through false representation.

115-13-4. Field trial permit; furbearers and coyotes. (a) Each application for a furbearer or coyote field trial permit shall be submitted on a form provided by the department. Each applicant shall provide the following information:

(1) The name of the applicant;

(2) the address of the applicant;

(3) the telephone number of the applicant;

(4) the location of the event headquarters and the specific counties where the furbearer or coyote field trial will occur;

(5) the estimated number of individuals and dogs participating;

(6) the requested dates of the furbearer or coyote field trial;

(7) the daily starting time or times;

(8) a description of the furbearer or coyote field trial event, including information on the proposed use of wildlife during the event; and

(9) a copy of the furbearer or coyote sanction or license authorization if the event has been sanctioned or licensed.

(b) Each application for a furbearer or coyote field trial permit shall be submitted at least 15 days before an event. This application deadline may be waived by the secretary for extenuating circumstances, if all other application requirements are met. "Extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the applicant's control.

(c) Any applicant for a furbearer or coyote field trial permit may include in the application a listing of all field trial events for the calendar year if the information required under subsection (a) is provided for each event.

(d) Issuance of a furbearer or coyote field trial permit may be denied by the secretary, or approval for a specific furbearer or coyote field trial event requested by the applicant under the furbearer or coyote field trial permit may be withheld by the secretary, under any of the following circumstances:

(1) The permit application is unclear or incomplete.

(2) The requirements of K.A.R. 115-8-21 are not met.

(3) The event does not conform to the requirements of a furbearer or coyote field trial event.

(4) Issuance of a furbearer or coyote field trial permit would pose an inordinate risk to the public or to wildlife resources.

(e) Subject to all federal and state laws and regulations, wildlife may be used during a furbearer or coyote field trial event as follows:

(1) Pen-raised red fox, gray fox, raccoon, opossum, and coyotes may be released and pursued, but shall not be shot, killed, or possessed except during established seasons for the taking and possession of that species by hunting methods.

(2) Wild or legally trapped and released red fox, gray fox, raccoon, opossum, and coyotes may be pursued, but shall not be shot, killed, or possessed except during established seasons for the taking and possession of that species by hunting methods.

(f) Each separate furbearer or coyote field trial event conducted under a furbearer or coyote field trial permit shall be no longer than seven days in duration and shall be conducted only within the area specified in the permit.

(g) Each permittee shall keep a register of the names and addresses of all participants in each field trial event and, upon demand, shall make this register available for inspection to the department and any law enforcement officer authorized to enforce the laws of this state or the regulations of the secretary.
(h) No furbearer field trial event shall be held between the close of the fall running season established by K.A.R. 115-25-11 and the opening of the season established by K.A.R. 115-25-11 for the taking and possession of red fox, gray fox, raccoon, or opossum by hunting methods.

(i) No individual participating in a furbearer field trial shall possess a firearm except during the seasons established by K.A.R. 115-25-11 for the taking and possession of that species of furbearer.

(j) A coyote field trial event shall not be held during any closed season for the pursuing, shooting, killing, or possession of coyotes.

(k) In addition to other penalties prescribed by law, a furbearer or coyote field trial permit may be revoked by the secretary under either of the following circumstances:

1. The permit was secured through false representation.
2. The permittee fails to meet permit requirements or violates permit conditions.

(l) A furbearer or coyote field trial event permit shall not be required for water races or drag events. The following provisions shall apply to water races and drag events:

1. A water race or drag event may be held at any time of the year if only coyotes or pen-raised furbearers are used in the event.
2. A water race or drag event in which wild or wild-trapped furbearers or coyotes are used shall be held only during the established trapping season or season established for the taking and possession by hunting methods for the species of wildlife used.
3. A water race or drag event shall be restricted to a contiguous area that does not exceed 640 acres.
4. The person holding the water race or drag event shall notify the department at least 10 days before the event and provide a description of the event to be conducted. This notification deadline may be waived by the secretary for extenuating circumstances. "Extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the applicant's control. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-954; effective Aug. 5, 1991; amended Sept. 27, 2002; amended May 31, 2019.)

115-13-5. Pen-raised, banded birds; recapture. (a) Recapture call pens may be used to recapture pen-raised, banded birds and birds that have been otherwise marked according to K.A.R. 115-13-3. A recapture call pen permit shall be required to use a recapture call pen.

(b) The application shall be submitted on a form provided by the department, and each applicant shall provide the following information:

1. The name of the applicant;
2. The address of the applicant;
3. The telephone number of the applicant;
4. The purpose for the use of recapture call pens;
5. The period of time that recapture call pens would be in use; and
6. The legal description including range, township, and section number where recapture call pens would be located.

(c) Issuance of a recapture call pen permit may be denied by the secretary if any of the following conditions exists:

1. The permit application is unclear or incomplete.
2. The need for use of a recapture call pen has not been established.
3. The use of recapture call pens would pose inordinate risk to non-target wildlife or wild game birds.
4. The applicant has been convicted of or plead guilty or nolo contendre to a recapture call pen violation.

(d) Only pen-raised, banded birds and birds that have been otherwise marked according to K.A.R. 115-13-3 may be taken in recapture call pens. Each permittee shall attend to each of the permittee=s recapture call pens at least once every 24-hour period while the recapture call pen is in use. Except as may otherwise be authorized by law or by rule and regulation, all nonbanded birds and other wildlife shall be released and shall not be restrained or used in any manner.

(e) The name and permit number of the permittee shall be attached to the roof of the recapture call pen while the recapture call pen is in use.

(f) Each recapture call pen permit shall expire at the close of the expiration date specified in the permit.

(g) Each recapture call pen permittee shall provide a report of permit activity to the department within 10 days after permit expiration. The report shall contain the following information:

1. The name of the permittee;
2. The permit number;
(3) the number of days each recapture call pen was used;
(4) the number and species of pen-raised, banded birds and birds otherwise marked according to K.A.R. 115-13-3 that were recaptured;
(5) the number, species, and disposition of other wildlife captured; and
(6) other information as required by the secretary.
(h) In addition to other penalties prescribed by law, a recapture call pen permit may be revoked by the secretary if either of the following applies:
(1) The permit was secured through false representation.
(2) The permittee fails to meet permit requirements or violates permit conditions. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Aug. 5, 1991; amended Oct. 5, 2001.)

115-14-11. Falconry; general provisions. (a) Each falconer hunting or trapping raptors in Kansas shall possess any current hunting license, unless exempt pursuant to K.S.A. 32-919 and amendments thereto, and any other state or federal stamp, permit, certificate, or other issuance that may be required for hunting the species that the falconer is hunting. In addition, each nonresident falconer shall possess a current nonresident hunting license while participating in a falconry field trial or a department-approved special event.
(b) Any falconry raptor may kill wildlife, including animals killed outside the established hunting season, if it was not the intent of the falconry permittee to kill the wildlife. The falconry raptor may be allowed to feed on the wildlife, but the permittee shall not take the wildlife, or any part of the wildlife, into possession.
(1) The falconry permittee shall report the take of any federally listed threatened or endangered species to the ecological services field office of the United States fish and wildlife service and provide the location where the take took place.

(2) The falconry permittee shall report the take of any wildlife designated as endangered or threatened in K.A.R. 115-15-1 or as a species in need of conservation as listed in K.A.R. 115-15-2 to the environmental services section of the department and provide the location where the take took place.

(c) Any falconry permittee may take nuisance and depredating birds with a falconry raptor in accordance with K.A.R. 115-16-3 if the permittee is not paid for that individual’s services.

(d) Any falconry permittee may conduct commercial abatement activities in accordance with the following provisions:

(1) Any master falconer may conduct commercial abatement activities with permitted falconry raptors if the master falconer possesses a special purpose abatement permit issued by the United States fish and wildlife service.

Any master falconer, general falconer, or apprentice falconer may conduct commercial abatement activities as a subpermittee of a properly permitted master falconer.

(2) Any falconry permittee holding a special abatement permit may receive payment for that individual’s commercial services.

(e) Feathers molted by a falconry raptor shall be possessed or disposed of in accordance with the following provisions:

(1) Any falconry permittee may possess flight feathers for each species of raptor legally possessed or previously held for the duration of time the permittee holds a valid falconry permit.

(A) The permittee may receive feathers for imping from other permitted falconers, wildlife rehabilitators, or propagators in the United States. The permittee may give feathers for imping to other permitted falconers, wildlife rehabilitators, or propagators in the United States.

(B) It shall be unlawful to buy, sell, or barter the feathers.

(2) Any permittee may donate feathers from a falconry raptor, except golden eagle feathers, to any person or institution with a valid permit to possess the feathers issued by the United States fish and wildlife service or to any persons exempted by federal regulation from having the permit.

(3) Except for the primary or the secondary flight feathers and the reatrices from a golden eagle, a falconry permittee shall not be required to gather feathers that are molted or otherwise lost by a falconry bird. These feathers may be left where they fall, stored for imping, or destroyed. All molted flight feathers and reatrices from a golden eagle shall be collected by the permittee and, if not kept for imping, shall be sent to the national eagle repository.

(4) Each falconry permittee whose permit expires or is revoked shall donate the feathers of any species of falconry raptor, except a golden eagle, to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the feathers. If the feathers cannot be donated, they shall be burned, buried, or otherwise destroyed.

(f) The carcass of each falconry raptor shall be disposed of in accordance with the following provisions:

(1) The entire body of each golden eagle, including all feathers, talons, and other parts, shall be sent to the national eagle repository.

(2) The body or feathers of any species of falconry raptor, excluding a golden eagle, may be donated to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the body or feathers.

(3) The body of any falconry raptor, other than a golden eagle, that was banded or was implanted with a microchip before its death may be kept by the falconry permittee in accordance with the following provisions:

(A) The feathers from the body may be used for imping.

(B) The body may be prepared and mounted by a taxidermist. The mounted body may be used by the permittee as part of a conservation education program.

(C) If the raptor was banded, the band shall remain on the body. If the raptor was implanted with a microchip, the microchip shall remain implanted in place.

(4) The body or feathers of any raptor that is not donated or retained by the permittee shall be burned, buried, or otherwise destroyed within 10 days of the death of the bird or after final examination by a veterinarian to determine the cause of death.

(5) The carcass of each euthanized raptor shall be disposed of in a manner that prevents the secondary poisoning of eagles or other scavengers.

(6) For any falconry raptor other than a golden eagle, if the body or feathers are not donated or mounted by a taxidermist as authorized by this subsection, the falconry permittee may possess the raptor for as long as the
permittee maintains a valid falconry permit. The falconry permittee shall keep all the paperwork documenting the acquisition and possession of the raptor.

(g) A falconry raptor may be used in conservation education programs presented in public venues in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such a program without the need for any other type of permit. Any apprentice falconer may conduct or participate in such a program while under the direct supervision of a general falconer or master falconer during the program.

The falconer presenting the program shall be responsible for all liability associated with falconry and conservation education activities for which the falconer is the instructor.

(2) The raptor shall be used primarily for falconry.

(3) A fee may be charged for the presentation of a conservation education program. However, the fee shall not exceed the amount required to recoup the falconer’s costs for presenting the program.

(4) The presentation shall address falconry and conservation education. The conservation education portion of the program shall provide information about the biology, ecological roles, and conservation needs of raptors and other migratory birds. However, not all of these topics shall be required to be covered in every presentation.

(h) Falconry raptors may be photographed, filmed, or recorded by similar means for the production of movies or other sources of information on the practice of falconry or on the biology, ecological roles, and conservation needs of raptors and other migratory birds in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such an activity without the need for any other type of permit. Any apprentice falconer may conduct or participate in such an activity while under the direct supervision of a general falconer or master falconer during the activity.

(2) The falconer shall not receive payment for the falconer’s participation.

(3) Falconry raptors shall not be used to make movies or commercials or be used in other commercial ventures that are not related to falconry. Falconry raptors shall not be used for any of the following:

(A) Entertainment;

(B) advertisements, promotion, or endorsement of any products, merchandise, goods, services, meetings, or fairs; or

(C) the representation of any business, company, corporation, or other organization.

(i) Any general falconer or master falconer may assist a permitted migratory bird rehabilitator (“rehabilitator”) to condition raptors in preparation for their release to the wild in accordance with the following provisions:

(1) The rehabilitator shall provide the falconer with a letter or form that identifies the bird and explains that the falconer is assisting in the bird’s rehabilitation. The raptor undergoing rehabilitation shall not be transferred to the falconer but shall remain under the permit of the rehabilitator.

(2) The falconer shall not be required to meet the rehabilitator facility standards. The falconer shall maintain that individual’s facilities in accordance with K.A.R. 115-14-13.

(3) The falconer, in coordination with the rehabilitator, shall release all raptors that are able to be released to the wild or shall return any such bird that cannot be permanently released to the wild to the rehabilitator for placement within the 180-day time frame in which the rehabilitator is authorized to possess the bird, unless the rehabilitator receives authorization to retain the bird for longer than the 180-day period. Any rehabilitated bird may be transferred to the falconer in accordance with K.A.R. 115-14-15.

(j) When flown free, a hybrid raptor shall have at least two attached radio transmitters to aid the falconry permittee in tracking and locating the bird. The term “hybrid raptor” shall mean the offspring of two different species of raptor.

(k) The statewide season for taking game birds by falconry shall be September 1 through March 31. Any falconer may possess hen pheasants that are incidentally taken by falconry means during the established falconry game bird season. Each falconer shall possess no more than two hen pheasants per day.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-12. Falconry; permits, applications, and examinations. (a) Except as provided in this regulation, any individual engaged in falconry who possesses a current Kansas falconry permit or a current falconry permit from another state may engage in falconry activities as authorized by law or regulation. The permittee shall be in the immediate possession of the permit while trapping, transporting, working with, or flying a falconry raptor. Each falconer wanting to capture a raptor from the wild shall comply with K.A.R. 115-14-14. The permittee shall not be required to have immediate possession of the falconry permit while the raptor is located on the permitted
premises of the falconry facility but shall produce the permit upon request for inspection by any law enforcement officer authorized to enforce the provisions of this regulation.

(b) Each individual wanting to engage in falconry shall submit an application to the secretary for the appropriate permit, on forms provided by the department. The application shall require at least the following information to be provided:

(1) The applicant’s name;
(2) the applicant’s address;
(3) the address of the facilities where the raptors are to be kept;
(4) the species and number of raptors to be permitted in accordance with the limitations specified in this regulation;
(5) the applicant’s date of birth;
(6) the applicant’s social security number;
(7) the level of falconry permit being applied for; and
(8) any additional relevant information that may be required for the type of permit as described within this regulation.

c) Each falconry permit shall be valid from the date of issuance through December 31 in the third calendar year after issuance. A falconry permit may be renewed without the examination otherwise required by this regulation if the permit is renewed before the current permit expires.

d) Each individual holding a current valid falconry permit from another state, moving to Kansas with the intent to establish residency, and wanting to bring that individual’s legally permitted raptors into the state shall meet the following requirements:

(1) The individual shall apply for the appropriate level of Kansas falconry permit within 30 days after moving into the state. The determination of which level of falconry permit is appropriate for the applicant shall be based on the requirements of subsections (j), (k), and (l).

(2) The individual shall not be required to take the department’s falconry examination specified in paragraph (j)(3).

(3) The individual shall notify the state where the individual formerly resided of the individual’s move, within 30 days of moving to Kansas.

(4) Any falconry birds held by the individual under the former permit may be retained during the permit application and issuance process in Kansas if the birds are kept in an appropriate facility as specified in K.A.R. 115-14-13.

Each permanent facility to house falconry birds possessed under this subsection shall be constructed, inspected, and approved in accordance with K.A.R. 115-14-13 before the issuance of the Kansas falconry permit.

e) Each individual whose permit has lapsed shall be allowed to reinstate that individual’s permit in accordance with this subsection.

(1) Any individual whose Kansas falconry permit has lapsed for fewer than five years may be reinstated at the level previously held if the individual submits a complete application and provides proof of the previous level of certification. Each of the individual’s facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(2) Each individual whose Kansas falconry permit has lapsed for five years or more shall be required to correctly answer at least 80 percent of the questions on the department’s falconry examination specified in paragraph (j)(3). Upon passing the examination, the individual’s falconry permit shall be reinstated at the level previously held. Each of the individual’s facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(f) Any individual whose falconry permit has been revoked or suspended may apply for that individual’s permit to be reinstated after the suspension period or revocation. In addition to submitting a completed application to the department, the individual shall be required to correctly answer at least 80 percent of the questions on the department’s falconry examination specified in paragraph (j)(3). Upon passing the examination, the individual’s falconry permit shall be reinstated at the level previously held. Each of the individual’s facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(g) Any individual residing in Kansas who is not a citizen of the United States, has practiced falconry in the individual’s home country, and has not been previously permitted for falconry in another state may apply for a temporary falconry permit. Each temporary falconry permit shall be valid from the date of issuance through December 31 in the third calendar year after issuance. The level of permit issued shall be consistent with the level of permit types specified in subsections (j), (k), and (l). In addition, the applicant shall meet the following provisions:
(1) Any individual covered under this subsection may apply for and receive a temporary falconry permit in accordance with the following provisions:

(A) The individual applying for the temporary permit shall be required to correctly answer at least 80 percent of the questions on the department’s falconry examination specified in paragraph (j)(3).

(B) Upon passing the examination, a temporary permit for the appropriate level shall be issued by the department, based on the individual’s documentation of experience and training.

(C) The individual holding the temporary permit may possess raptors for falconry purposes if the individual has falconry facilities approved in accordance with K.A.R. 115-14-13. The individual holding a temporary permit may fly raptors held for falconry by another permitted falconer. The individual holding a temporary permit shall not take raptors from the wild for falconry purposes.

(2) Any individual holding a temporary permit in accordance with this subsection may use any bird for falconry that the individual legally possessed in the individual’s country of origin for falconry purposes if the importation of that species of bird into the United States is not prohibited and the individual has met all permitting requirements of the individual’s country of origin.

(A) The individual shall comply with all requirements for practicing falconry in the state. The individual shall acquire all permits and comply with all federal laws concerning the importation, exportation, and transportation of falconry birds; the wild bird conservation act; the endangered species act; migratory bird import and export permits; and the endangered species convention.

(B) Each falconry bird imported into the state under this subsection shall be exported from the state by the temporary permittee when the permittee leaves the state, unless a permit is issued allowing the bird to remain in Kansas. If the bird dies while in the state, the permittee shall report the loss to the department before leaving the state.

(3) When flown free, each bird brought into the state under the provisions of this subsection shall have attached to the bird two radio transmitters that allow the permittee to locate the bird.

(h) Each individual who holds a current, valid Kansas falconry permit and resides in another state, territory, or tribal land different from the individual’s primary Kansas residence for more than 120 consecutive days shall provide the location of the individual’s falconry facilities in the other jurisdiction to the department. This information shall be listed on the individual’s Kansas falconry permit.

(i) Falconry permits shall be issued for the following levels of permittees: apprentice falconer, general falconer, and master falconer. Each applicant for a specific level shall meet the requirements of subsection (j), (k), or (l).

(j) An “apprentice falconer” shall mean an individual who is beginning falconry at an entry level, has no prior permitted falconry experience, and meets the following requirements:

(1) The applicant shall be at least 12 years of age. The application of any applicant under 18 years of age shall be signed by a parent or legal guardian, who shall be legally responsible for the applicant’s activities.

(2) The applicant shall have secured a written sponsor agreement either from a general falconer with at least two years of falconry experience as a general falconer or from a master falconer, stating that the falconer has agreed to mentor the applicant for the duration of the apprentice permit.

(A) The sponsor agreement shall include a statement from the general falconer or master falconer specifying that the sponsor shall mentor the applicant in learning the husbandry and training of raptors for falconry, learning relevant wildlife laws and regulations concerning the practice of falconry, and deciding what species of raptor is appropriate for the applicant to possess while practicing falconry at the apprentice level.

(B) If the general falconer or master falconer is not able to fulfill the sponsor agreement to mentor the apprentice falconer, the apprentice shall secure a sponsor agreement from another falconer with the necessary qualifications and notify the department within 30 days of the change. The falconer sponsoring the apprentice falconer shall notify the department in writing within 30 days of withdrawing the falconer’s mentorship.

(3) Each applicant for an apprentice falconry permit shall be required to correctly answer at least 80 percent of the questions on the department’s falconry examination. The examination shall cover the following topics:

(A) The care and handling of falconry raptors;

(B) federal and state laws and regulations relating to falconry; and

(C) other relevant subject matter relating to falconry, including diseases and general health.

(4) Any applicant failing the examination may reapply after 90 days.

(5) An apprentice falconer shall not possess more than one raptor. Each apprentice falconer shall be restricted to taking or possessing not more than one wild-caught raptor from one of the following species:

(A) American kestrel (Falco sparverius);

(B) red-tailed hawk (Buteo jamaicensis); or

(C) red-shouldered hawk (Buteo lineatus).
A raptor acquired by an apprentice falconer shall not have been taken from the wild as an eyas or have become imprinted on humans. Any wild-caught raptor species specified in paragraph (j)(5) may be transferred to the apprentice falconer by another properly permitted falconry permittee.

An apprentice falconer shall not acquire more than one replacement raptor during any 12-month period.

The facilities used to house and keep the raptor shall meet the requirements in K.A.R. 115-14-13.

(k) A “general falconer” shall mean an individual who has been previously permitted as an apprentice falconer and meets the following requirements:

(1) The applicant shall be at least 16 years of age. The application of any applicant under 18 years of age shall be signed by a parent or legal guardian, who shall be legally responsible for the applicant’s activities.

(2) Each application shall be accompanied by a letter from a general falconer or a master falconer stating that the applicant has practiced falconry with wild raptors at the level of apprentice falconer, or its equivalent, for at least two years, including maintaining, training, flying, and hunting the raptor for at least four months in each year. This time may include the capture and release of falconry raptors. A school or education program in falconry shall not be substituted to shorten the required two years of experience at the level of apprentice falconer.

(3) A general falconer may take and use any species of Accipitriform, Falconiform, or Strigiform, including wild or captive-bred raptors and hybrid raptors, as defined in K.A.R. 115-14-11, for falconry, with the following exceptions:

(A) Golden eagle (Aquila chrysaetos);
(B) Bald eagle (Haliaeetus leucocephalus);
(C) White-tailed eagle (Haliaeetus albicilla); and
(D) Steller’s sea eagle (Haliaeetus pelagicus).

(4) A general falconer shall possess no more than three raptors at any one time, regardless of the number of state, tribal, or territorial falconry permits the general falconer possesses.

(l) A “master falconer” shall mean an individual who has been previously permitted at the level of general falconer and meets the following requirements:

(1) The applicant shall have practiced falconry with that individual’s own raptor as a general falconer for at least five years.

(2) A master falconer may take and use any species of Accipitriform, Falconiform, or Strigiform, including wild or captive-bred raptors and hybrid raptors for falconry, with the following exceptions:

(A) A bald eagle (Haliaeetus leucocephalus) shall not be possessed.
(B) Golden eagles (Aquila chrysaetos), white-tailed eagles (Haliaeetus albicilla), or Steller’s sea eagles (Haliaeetus pelagicus) may be possessed if the permittee meets the following requirements:

(i) The permittee shall not possess more than three raptors of the species listed in paragraph (l)(2)(B).
(ii) The permittee shall provide documentation to the department of the permittee’s experience in handling large raptors, including information about the species handled and the type and duration of the activity in which the experience was gained.

(iii) The permittee shall provide the department with at least two letters of reference from people with experience in handling or flying large raptors including eagles, ferruginous hawks (Buteo regalis), goshawks (Accipiter gentilis), or great horned owls (Bubo virginianus). Each letter shall contain a concise history of the author’s experience with large raptors, which may include the handling of raptors held by zoos, rehabilitating large raptors, or scientific studies involving large raptors. Each letter shall also assess the permittee’s ability to care for eagles and fly them for falconry purposes.

(C) The possession of a golden eagle, white-tailed eagle, or Steller’s sea eagle shall count as one of the wild raptors that the permittee is allowed to possess.

(D) A master falconer may possess wild or captive-bred raptors or hybrid raptors of the species allowed by this subsection.

(E) A master falconer shall possess no more than five wild-caught raptors, including golden eagles, regardless of the number of state, tribal, or territorial falconry permits that the falconer possesses.

(F) A master falconer may possess any number of captive-bred raptors. However, the raptors shall be trained to pursue wild game and shall be used for hunting.

(m) A falconry permit may be denied, suspended, or revoked by the secretary for any of the following reasons:

(1) The application is incomplete or contains false information.
(2) The applicant does not meet the qualifications specified in this regulation.
(3) The applicant has failed to maintain or to submit required reports.
(4) The applicant has been convicted of violating department laws or regulations relating to hunting or the practice of falconry or has had any other department license or permit denied,
suspended, or revoked.

(5) Issuance of the permit would not be in the best interests of the public, for reasons including complaints or inappropriate conduct while holding a previous falconry permit.

115-14-13. Falconry; facilities, equipment, care requirements, and inspections. (a) Each individual keeping raptors shall maintain the facilities in accordance with this regulation.

(1) “Primary facility” shall mean the principal place and structures where the raptor is normally provided care and housing. This term shall include indoor facilities and outdoor facilities.

(2) “Temporary facility” shall mean a place and structure where a raptor is kept during the raptor’s time away from the primary facility, including during transportation and while hunting or attending an event. This term shall include a place and structure where a raptor is kept for a limited time period while the primary facility is not available.

(b) All primary facilities used to house and keep raptors shall be inspected and approved by the department before the issuance of a Kansas falconry permit. Thereafter, all primary facilities used to house and keep raptors shall be inspected and approved whenever a change in the location of the primary facility occurs. All primary facilities shall meet the following standards:

(1) All indoor areas of the primary facility, which are also known as “mews,” and all outdoor areas of the primary facility, which are also known as “weathering areas,” shall protect raptors from the environment, predators, and domestic animals.

(2) The indoor area of the primary facility shall have a perch for each raptor and at least one opening for sunlight.

(3) Two or more raptors may be housed together and untethered if the birds are compatible with each other. Each raptor shall have an area large enough to allow the raptor to fly if it is untethered or, if tethered, to fully extend its wings to bate or attempt to fly while tethered without damaging its feathers or contacting other raptors.

(4) Each raptor shall have a pan of clean water available.

(5) Each indoor area of the primary facility shall be large enough to allow easy access for the care and feeding of the raptors kept there.

(6) Each indoor area of the primary facility housing untethered raptors shall have either solid walls or walls made with vertical bars spaced narrower than the width of the body of the smallest raptor being housed, heavy-duty netting, or other similar materials covering the walls and roof of the facility. All windows shall be protected on the inside by vertical bars, spaced at intervals narrower than the width of the raptor’s body.

(7) The floor of the indoor area of the primary facility shall consist of material that is easily cleaned and well drained.

(8) Each indoor area of the primary facility shall include shelf-perch enclosures where raptors are tethered side by side. Other housing systems shall be acceptable if they afford the enclosed raptors with protection and maintain healthy feathers.

(9) A falconry raptor, or raptors, may be kept inside the permittee’s residence if a suitable perch, or perches, are provided. Windows and other openings in the residence structure shall not be required to be modified. All raptors kept in the residence shall be tethered when the raptors are not being moved into or out of the location where they are kept.

(10) Each outdoor area of the primary facility shall be totally enclosed and shall be made of heavy-gauge wire, heavy-duty plastic mesh, slats, pipe, wood, or other suitable material.

(11) Each outdoor area of the primary facility shall be covered and have at least a covered perch to protect a raptor held in the facility from predators and weather. Each outdoor area of the primary facility shall be large enough to ensure that all the raptors held inside cannot strike the enclosure when flying from the perch.

(12) Any new design of primary facility may be used if the primary facility meets the requirements of this subsection.

(c) Falconry raptors may be kept outside, including in a weathering yard at a falconry meet, if the raptors are under watch by the permittee or a designated individual.

(d) The permittee may transport any permitted raptor if the bird is provided with a suitable perch and is protected from extreme temperatures, wind, and excessive disturbance. A giant hood or similar container may be used for transporting the bird or for housing it while away from the primary facility.

(e) The permittee shall inform the department of any change of location of the primary facility within five business days of the move to the new location.
(f) The property where the primary facility is located may be owned by the permittee or another person and may be at the residence of the permittee or at a different location.

The permittee shall submit to the department a signed and dated statement showing that the permittee agrees that the primary facility, equipment, all falconry-related facilities, equipment, records, and raptors may be inspected without advance notice by department authorities at any reasonable time on any day of the week if the inspections are in the presence of the permittee. If the property is not owned by the permittee, the actual property owner shall also sign the statement acknowledging the inspection allowance.

(g) The permittee shall provide and maintain the following equipment during the term of the permit:
(1) At least one pair of Aylmeri jesses, or jesses of a similar type, constructed of pliable, high-quality leather or a suitable synthetic material. The jesses shall be used when any raptor is flown free. Traditional one-piece jesses may be used on raptors when not being flown;
(2) at least one flexible, weather-resistant leash and one strong swivel of acceptable falconry design;
(3) at least one suitable bath container for each raptor. Each container shall be at least two to six inches deep and wider than the length of the raptor; and
(4) a reliable scale or balance that is suitable for weighing the raptors and is graduated to increments of not more than ½ ounce (15 grams).

(h) A permittee may house a raptor in temporary facilities for no more than 120 consecutive days if the bird is provided with a suitable perch and protection from predators, domestic animals, extreme temperatures, wind, and excessive disturbance.

(i) A permittee may allow a raptor to be temporarily cared for and possessed by another falconry permittee in accordance with the following requirements:
(1) The raptor shall be kept at the permittee’s primary facility or at the permitted primary facility of the other permittee.
(2) The raptor shall be cared for by the other permittee for no more than 120 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.
(3) The permittee shall provide the other permittee with a signed, dated statement authorizing the temporary possession. The statement shall include information specifying the time period during which the temporary care and possession are allowed and what activity is allowed. The permittee providing the temporary care may fly the raptor as authorized in the statement, including hunting, if the permittee providing the temporary care holds the appropriate level of falconry permit. The raptors being provided temporary care shall not count against the possession limit of the permittee providing the care.
(4) The permittee shall provide a copy of the United States fish and wildlife service form 3-186A showing that permittee as the possessor of the raptor to the other permittee providing the temporary care.

(j) Any permittee may allow a raptor to be temporarily cared for by an individual who does not possess a falconry permit in accordance with the following provisions:
(1) The raptor shall not be removed from the permittee’s facility during the time of temporary care. The person caring for the raptor shall not fly the raptor for any reason.
(2) The raptor may be cared for by another person for no more than 45 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.
(3) The raptor shall remain on the permittee’s falconry permit.

(k) Falconry raptors may be trained or conditioned in accordance with the following provisions:
(1) Equipment or techniques acceptable for falconry practices including or similar to any of the following may be used:
(A) Tethered flying, which is also known as flying with a creance;
(B) lures made from animal parts;
(C) balloons;
(D) kites; or
(E) remote-control airplanes.
(2) The following species of live wildlife may be used:
(A) Rock dove or domestic pigeon;
(B) European starling;
(C) house sparrow;
(D) Hungarian partridge;
(E) Chukar partridge; and
(F) any small game, as defined by K.S.A. 32-701 and amendments thereto, during the established hunting seasons for the small game.

(l) All facilities and equipment shall be properly maintained and cleaned during the term of the permit.

(m) Mistreatment of any raptor shall be grounds for revocation of the falconer’s permit and for confiscation of any raptors in possession of the falconer. “Mistreatment” shall be defined as any of the following:

1. Having physical custody of a raptor and failing to provide food, potable water, protection from the elements, opportunity for exercise, and other care as is needed for the health and well-being of the raptor;
2. abandoning or leaving any raptor in any place without making provisions for its proper care; or
3. failing to meet the requirements of this regulation.

115-14-14. Falconry; taking, banding, transporting, and possessing raptors. (a) For the purpose of this regulation, “falconer” shall be defined as a person taking or attempting to take a raptor from the wild for falconry purposes. Each falconer shall possess a current, valid hunting license pursuant to K.S.A. 32-919, and amendments thereto, and meet the requirements for hunter education certification pursuant to K.S.A. 32-920, and amendments thereto.

(b) Each nonresident falconer shall apply for and receive a take permit from the department before attempting to take a raptor from the wild in Kansas. Each nonresident falconer shall submit a raptor acquisition report within 10 days of leaving Kansas, regardless of whether the falconer was successful in taking a raptor.

(c) Each resident falconer shall apply for and receive a take permit from the department before attempting to take a peregrine falcon from the wild in Kansas.

(d) Each capture device used to capture raptors shall have a tag attached showing the falconer’s name, address, and current falconry permit number.

(e) The falconer shall acquire permission from the landowner or the person controlling any private land before taking or attempting to take any wild raptor for falconry purposes.

(f) Wild raptors may be taken for falconry purposes if the species is approved by the department to be taken by the falconer and is allowed under the level of falconry permit possessed by the falconer in accordance with K.A.R. 115-14-12.

1. A falconer shall not intentionally take a raptor species that the falconer is prohibited from possessing by the falconer’s classification level.

2. If a falconer captures a prohibited bird, the falconer shall immediately release it.

3. A falconer shall take no more than two raptors from the wild each year to use in falconry in accordance with the permit level limitations specified in K.A.R. 115-14-12. The take shall be further restricted by the following provisions:

   1. Passage and haggard raptors may be taken by apprentice falconers, general falconers, and master falconers year-round.

   2. Eyases may be taken only by a general falconer or master falconer and may be taken year-round.

   3. No more than two eyases may be taken by a general falconer or a master falconer per calendar year. At least one eyas shall be left in the nest when an eyas is taken.

   An apprentice falconer shall not take an eyas raptor from the wild.

4. The following raptors may be taken from the wild, but only during the specified stages of development:

   (A) Red-tailed hawk (Buteo jamaicensis) in the eyas and passage stages;
   (B) American kestrel (Falco sparverius) in all stages; and
   (C) great horned owl (Bubo virginianus) in all stages.

5. Any other species of raptor in the eyas or passage stage of development may be taken by general falconers and master falconers.

6. The recapture of a falconry bird that has been lost by a falconer shall not be considered to be the capture of a wild raptor to be counted against the annual limit.

(h) Except as provided by this subsection, no species designated by the United States or in K.A.R. 115-15-1 as endangered or threatened shall be taken from the wild.

1. A general falconer or master falconer may obtain a permit to take one wild raptor listed by federal law as threatened for falconry purposes.

2. (A) The falconer shall submit an application and receive a federal endangered species permit before taking the bird.
   (B) The falconer shall submit an application and receive approval and a permit from the department before taking the bird.
(i) Each raptor taken from the wild shall always be considered a wild bird.

(j) Each raptor taken from the wild in a calendar year by a falconer and then transferred to a second falconer shall count as one of the raptors allowed to be taken by the first falconer who took the raptor from the wild. The raptor transferred to the receiving falconer shall not count against the limit of wild raptors that may be taken in the calendar year by the receiving falconer.

(k) Each raptor taken from the wild shall be reported as follows:
   (1) The falconer who is present and takes possession of a wild raptor at the capture site shall file the required report information within 10 calendar days of the capture by submitting the information to the electronic database of the United States fish and wildlife service.
   (2) Any falconer may enlist the assistance of another person to take a wild raptor if the falconer is at the exact location of the capture and takes immediate possession of the bird.
   (3) Any falconer who does not take immediate possession of a wild raptor at the exact location of the capture may acquire a wild raptor from a general falconer or master falconer, as defined in K.A.R. 115-14-12, in accordance with the following reporting requirements:
      (A) The general falconer or master falconer who takes the raptor from the wild shall report the capture in accordance with paragraph (k)(1).
      (B) The falconer receiving the wild raptor from the general falconer or master falconer shall report the transfer of the bird within 10 calendar days of the transfer by submitting the information to the electronic database of the United States fish and wildlife service.
   (4) Any falconer who has a long-term or permanent physical impairment that prevents the individual from being present at the exact location of the capture and taking immediate possession of a wild raptor that may be used by the falconer for falconry purposes may acquire a bird by the following means:
      (A) Any general falconer or master falconer, as defined by K.A.R. 115-14-12, may capture the wild raptor.
      (B) The falconer with the long-term or permanent physical impairment shall file the capture report in accordance with paragraph (k)(1).
      (C) The falconer with the long-term or permanent physical impairment shall confirm the presence of the impairment and the need to report in accordance with this subsection at the time of application for the capture permit.

(l) A master falconer may be authorized by permit to possess not more than three eagles, including golden eagles, white-tailed eagles, or Steller’s sea eagles, for falconry in accordance with the following provisions:
   (1) Each eagle possessed shall count against the possession limit for the falconer.
   (2) A golden eagle may be taken in a location declared by the wildlife services of the United States department of agriculture or in an area within a state that has been established as a livestock depredation area in accordance with the following provisions:
      (A) An immature or a subadult golden eagle may be taken in a livestock depredation area while the depredation area is in effect.
      (B) A nesting adult golden eagle, or an eyas from its nest, may be taken in a livestock depredation area if a biologist that represents the agency responsible for establishing the depredation area has determined that the adult eagle is preying on livestock.
      (C) The falconer shall notify the regional law enforcement office of the United States fish and wildlife service of the capture plan before any trapping activity begins. Notification shall be submitted in person, in writing, or by facsimile or electronic mail at least three business days before the start of trapping.

(m) Any raptor wearing falconry equipment or any captive-bred raptor may be recaptured at any time by any falconer in accordance with the following provisions:
   (1) The falconer may recapture the raptor whether or not the falconer is allowed to possess that species.
   (2) The recaptured bird shall not count against the falconer’s possession limit. This take from the wild shall not count against the capture limit for the calendar year.
   (3) The falconer shall report the recapture to the department within five working days of the recapture.
   (4) The disposition of any recaptured bird shall be as follows:
      (A) The bird shall be returned to the person who lost it, if that person may legally possess the bird and chooses to do so. If the person who lost the bird either is prohibited from taking or chooses not to take the bird, the falconer who captured the bird may take possession of the bird if the falconer holds the necessary qualifications for the species and does not exceed the falconer’s possession limit.
The disposition of a recaptured bird whose legal ownership cannot be ascertained shall be determined by the department.

Each goshawk (*Accipiter gentilis*), Harris’s hawk (*Parabuteo unicinctus*), peregrine falcon (*Falco peregrinus*), or gyrfalcon (*Falco rusticolus*) taken from the wild or acquired from a rehabilitator by a falconer shall be identified by one or more of the following means:

1. The bird shall be banded with a black nylon, permanent, nonreusable, numbered falconry registration leg band from the United States fish and wildlife service. The bands shall be made available through the department. Any falconer may request an appropriate band before any effort to capture a raptor.
2. In addition to the band specified in paragraph (n)(1), the falconer may purchase and have implanted in the bird a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization. All costs associated with the implantation of a microchip shall be the responsibility of the falconer.
3. The falconer shall report the take of any bird within 10 days of the take by submitting the required information, including the band number or the microchip information, or both, to the electronic database of the United States fish and wildlife service.
4. The falconer shall report to the department the loss or removal of any black nylon, nonreusable leg band within five days of the removal or notice of loss.
   - When submitting the report, the falconer shall submit a request for a black, nylon, nonreusable leg band to the United States fish and wildlife service.
   - The falconer may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the black, nylon, nonreusable leg band for rebanding.

The falconer shall immediately submit the required information relating to the re-banding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

Each raptor bred in captivity shall be banded with a seamless metal falconry registration band provided by the United States fish and wildlife service. In addition, any such raptor may have implanted a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization.

The falconer shall report to the department the loss or removal of any seamless band within 10 days of the removal or notice of loss.

- When submitting the report, the falconer shall submit a request for a yellow, nylon, nonreusable leg band to the United States fish and wildlife service.
- The falconer may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the seamless leg band for rebanding.

The falconer shall immediately submit the required information relating to the re-banding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

A falconry registration band shall not be altered, defaced, or counterfeited. However, the rear tab on a falconry registration band used to identify a raptor taken from the wild may be removed and any imperfect surface may be smoothed if the integrity of the band and the numbering on the band are not affected.

The falconry registration band requirement may be waived by the secretary and the removal of a registration band may be allowed in order to address a documented health or injury problem caused to a raptor by the registration band in accordance with the following provisions:

1. When submitting the report, the falconer shall carry a copy of the exemption paperwork at all times while transporting or flying the raptor.
2. A microchip compliant with the requirements of an international organization for standardization and provided by the United States fish and wildlife service shall be used to replace the registration band causing the health or injury problem on a wild-caught goshawk, Harris’s hawk, peregrine falcon, or gyrfalcon.
3. A wild-caught falcon shall not be banded with a seamless numbered band.
4. Any falconer, with prior authorization, may take a wild raptor, including a wild raptor that has been banded with an aluminum band from the federal bird-banding laboratory of the United States fish and wildlife service, during the legal season using legal methods and equipment, in accordance with the following provisions:
   - Each captured raptor that has any band, research marker, or transmitter attached to it shall be immediately reported to the federal bird-banding laboratory of the United States fish and wildlife service. The reported information shall include any identifying numbers, the date and location of capture, and any other relevant information.
(2) A peregrine falcon that is banded with a research band or has a research marking attached to the bird shall not be taken from the wild and shall be immediately released.

(3) A captured peregrine falcon that has a research transmitter attached to the bird may be kept by the falconer not more than 30 days if the federal bird-banding laboratory of the United States fish and wildlife service is immediately contacted after the capture. The disposition of the captured peregrine falcon shall be in accordance with the directions provided by the federal bird-banding laboratory or its designee.

(4) Any raptor, other than a peregrine falcon, that has a transmitter attached to it may be possessed by the falconer who captured the bird for not more than 30 days in order to contact the researcher, or the researcher’s designee, to determine if the transmitter should be replaced.

(A) The temporary, 30-day possession of the bird shall not count against the falconer’s possession limit for falconry raptors.

(B) If the falconer who captured the raptor wishes to possess the bird for falconry purposes, the disposition of the bird shall be at the discretion of the researcher and the secretary if the species of the bird is allowable under the classification level of the falconer and the falconer’s possession of the captured bird does not exceed the established possession limit.

(1) Each raptor, including a peregrine falcon, that is captured and found with a seamless metal band, a transmitter, or any other item identifying it as a falconry bird attached to it shall be reported to the department within five days of capture.

(2) If the person who lost the bird is prohibited from possessing the bird or does not wish to possess the bird, the falconer who captured the bird may keep the bird if the falconer holds the necessary qualifications for the species and does not exceed the falconer’s possession limit.

(3) If the falconer who captured the bird is prohibited from possessing the bird, the disposition of the bird shall be at the discretion of the secretary.

(4) The recaptured falconry bird shall not count against the possession limit or the calendar-year limit of wild birds that may be taken by the falconer during the time the recaptured bird is being held pending final disposition.

(u) Each raptor that is injured during trapping activities shall be handled in accordance with the provisions of this subsection. It shall be the falconer’s responsibility to address any injury occurring to a raptor during trapping activities in one of the following ways:

(1) The falconer may take the raptor into possession and apply it to the falconer’s possession limit if the raptor is of a species allowed to be possessed and the falconer’s possession limit is not exceeded.

(A) The take shall be reported in accordance with subsection (k).

(B) The raptor shall be treated by a veterinarian or a permitted wildlife rehabilitator. The cost for the care and treatment of the raptor shall be the responsibility of the falconer.

(2) The raptor may be turned over directly to a veterinarian, a permitted wildlife rehabilitator, or a department employee, and the raptor shall not be counted against the falconer’s allowable take or possession limit. The falconer shall be responsible for the costs relating to the care and rehabilitation of the bird.

(v)(1) The falconer shall report each raptor that dies or is acquired, transferred, rebanded, implanted with a microchip, lost to the wild and not recovered within 30 calendar days, or stolen by submitting the information to the electronic database of the United States fish and wildlife service.

(2) In addition to submitting the report required in paragraph (v)(1), the falconer shall file a report of the theft of a raptor with the department and the appropriate regional law enforcement office of the United States fish and wildlife service within 10 calendar days of the theft.

(3) The falconer shall keep copies of all electronic database submissions documenting the take, transfer, loss, theft, rebanding, or implanting of microchips of each falconry raptor for at least five years after the bird has been transferred, released to the wild, or lost, or has died.

(w) The intentional release to the wild of any falconry raptor shall be in accordance with the following requirements:

(1) A species of raptor that is not native to Kansas shall not be released to the wild. Any such bird may be transferred to another falconer if the falconer receiving the bird is authorized to possess the age and species of raptor and the transfer does not exceed the possession limit of the falconer receiving the bird.

(2) Any species of raptor that is native to Kansas and is captive-bred may be released to the wild according to the following requirements:

(A) The falconer shall obtain the department’s permission to release the bird to the wild before the actual release. The time of year and the location where the release shall take place shall be specified by the department.

(i) The release of a raptor on department lands or waters shall meet the requirements of K.A.R. 115-8-12.
(ii) The falconer shall acquire verbal permission from the landowner or person in control of the private land before the release of the raptor.

(B) The falconer shall remove any tag, transmitter, or nonreusable falconry band, if present, before release. All falconry identification bands, tags, or markers shall then be surrendered to the department within 10 calendar days of the release.

(C) The falconer shall report the release of the bird within 10 calendar days of the release by submitting the required information to the electronic database of the United States fish and wildlife service.

(3) Any species of raptor that is native to Kansas and was taken from the wild may be released to the wild according to the following requirements:

(A) The falconer may release the bird to the wild year-round.

(i) Each release of a raptor on department lands or waters shall meet the requirements of K.A.R. 115-8-12.

(ii) The falconer shall acquire verbal permission from the landowner or person in control of the private land before the release of the raptor.

(B) The falconer shall remove any tag, transmitter, or nonreusable falconry band, if present, before the release. All falconry identification bands, tags, or markers shall then be surrendered to the department within 10 calendar days of the release.

(C) The falconer shall report the release of the bird within 10 calendar days of the release by submitting the required information to the electronic database of the United States fish and wildlife service.

(4) No hybrid raptor, as defined in K.A.R. 115-14-11, shall be intentionally released to the wild permanently.

(5) Hacking, which means temporarily releasing a falconry raptor to the wild for conditioning, shall be permissible.

(x) In addition to any other requirements regarding the take of peregrine falcons, each falconer shall immediately notify the department when a peregrine falcon is taken, as specified on the take permit. If the quota for the take of peregrine falcons has been met and the take season is closed, the falconer shall immediately release the peregrine falcon upon notification by the department.

115-15-1. Threatened and endangered species; general provisions. (a) The following species shall be designated endangered within the boundaries of the state of Kansas.

(1) Invertebrates

- Flat floater mussel, *Utterbackia suborbiculata* (Say, 1831)
- Rabbit’s foot mussel, *Thaliderma cylindrica* (Say, 1817)
- Western fanshell mussel, *Cyprogenia aberti* (Conrad, 1850)
- Neosho mucket mussel, *Lampsilis rafinesqueana* (Frierson, 1927)
- Elktoe mussel, *Alasmidonta marginata* (Say, 1818)
- Ellipse mussel, *Venustaconcha ellipsiformis* (Conrad, 1836)
- Slender walker snail, *Pomatiopsis lapidaria* (Say, 1817)
- Scott optioservus riffle beetle, *Optioservus phaeus* (White, 1978)
- American burying beetle, *Nicrophorus americanus* (Olivier, 1890)
- Mucket, *Actinonaias ligamentina* (Lamarck, 1819)
- Cylindrical papershell mussel, *Anodontaoides ferrusaccianus* (I. Lea, 1834)

(2) Fish

- Arkansas River shiner, *Notropis girardi* (Hubbs and Ortenburger, 1929)
- Pallid sturgeon, *Scaphirhynchus albus* (Forbes and Richardson, 1905)
- Sicklefin chub, *Macrhybopsis meeki* (Jordan and Evermann, 1896)
- Peppered chub, *Macrhybopsis tetranea* (Gilbert, 1886)
- Silver chub, *Macrhybopsis storeriana* (Kirtland, 1845)

(3) Amphibians

- Cave salamander, *Eurycea lucifuga* (Rafinesque, 1822)
- Grotto salamander, *Eurycea spelaea* (Stejneger, 1892)

(4) Birds

- Least tern, *Sternula antillarum* (Lesson, 1847)
- Whooping crane, *Grus americana* (Linnaeus, 1758)

(5) Mammals

- Black-footed ferret, *Mustela nigripes* (Audubon and Bachman, 1851)

(b) The following species shall be designated threatened within the boundaries of the state of Kansas.

1. Invertebrates
   - Rock pocketbook mussel, *Arcidens confragosus* (Say, 1829)
   - Flutedshell mussel, *Lasmigona costata* (Rafinesque, 1820)
   - Butterfly mussel, *Ellipsaria lineolata* (Rafinesque, 1820)
   - Ouachita kidneyshell mussel, *Ptychobranchus occidentalis* (Conrad, 1836)
   - Sharp hornsnail, *Pleurocera acuta* (Rafinesque, 1831)
   - Delta hydrole, *Probythinella emarginata* (Kuster, 1852)

2. Fish
   - Flathead chub, *Platygobio gracilis* (Richardson, 1836)
   - Hornyhead chub, *Nocomis biguttatus* (Kirtland, 1840)
   - Redspot chub, *Nocomis asper* (Lachner and Jenkins, 1971)
   - Blackside darter, *Percina maculata* (Girard, 1859)
   - Sturgeon chub, *Macrhybopsis gelida* (Girard, 1856)
   - Western silvery minnow, *Hybognathus argyritis* (Girard, 1856)
   - Topeka shiner, *Notropis topeka* (Gilbert, 1884)
   - Shoal chub, *Macrhybopsis hyostoma* (Gilbert, 1884)
   - Plains minnow, *Hybognathus placitus* (Girard, 1856)

3. Amphibians
   - Eastern newt, *Notophthalmus viridescens* (Rafinesque, 1820)
   - Longtail salamander, *Eurycea longicauda* (Green, 1818)
   - Eastern narrow-mouthed toad, *Gastrophryne carolinensis* (Holbrook, 1836)
   - Green frog, *Lithobates clamitans* (Latreille, 1801)
   - Strecker’s chorus frog, *Pseudacris streckeri* (Wright and Wright, 1933)
   - Green toad, *Anaxyrus debilis* (Girard, 1854)

4. Reptiles
   - Broad-headed skink, *Plestidon laticeps* (Schneider, 1801)
   - Checkered gartersnake, *Thamnophis marcianus* (Baird and Girard, 1853)
   - New Mexico Threadsnake, *Rena dissectus* (Cope, 1896)

5. Birds
   - Piping plover, *Charadrius melodus* (Ord, 1824)
   - Snowy plover, *Charadrius nivosus* (Linnaeus, 1758)

6. Mammals
   - Eastern spotted skunk, *Spilogale putorius* (Linnaeus, 1758)

7. Turtles
   - Northern map turtle, *Graptemys geographica* (Le Sueur, 1817)

(c) A threatened or endangered species taken during established trapping seasons, authorized commercial wildlife operations, fishing by hook and line, bait fish seining, or other lawful activity shall not be unlawfully taken if immediately released.

(d) Any threatened or endangered species in possession before the effective date of this regulation and not prohibited by any previous regulation of the department or national listings may be retained in possession if either of the following conditions is met:

1. An application of affidavit to that effect has been filed with and approved by the secretary before January 1, 1990 that states the circumstances of how the species came into possession.

**115-15-2. Nongame species; general provisions.** (a) The following species shall be designated nongame species in need of conservation within the boundaries of the state of Kansas.

1. Invertebrates
   - Snuffbox mussel, *Epioblasma triquetra* (Rafinesque, 1820)
   - Wartyback mussel, *Cyclonaias nodulata* (Rafinesque, 1820)
   - Spike mussel, *Elliptio dilatata* (Rafinesque, 1820)
   - Fatmucket mussel, *Lampsilis siliquoidea* (Barnes, 1823)
Yellow sandshell mussel, *Lampsilis teres* (Rafinesque, 1820)
Washboard mussel, *Megalonaias nervosa* (Rafinesque, 1820)
Round pigtoe mussel, *Pleurobema sintoxia* (Conrad, 1834)
Creep mussel, *Strophitus undulatus* (Say, 1817)
Fawnsfoot mussel, *Truncilla donaciformis* (I. Lea, 1828)
Deertoe mussel, *Truncilla truncata* (Rafinesque, 1820)

Ozark emerald dragonfly, *Somatochlora ozarkensis* (Bird, 1833)
Gray petaltail dragonfly, *Tachopteryx thoreyi* (Hagen in Selys, 1857)
Prairie mole cricket, *Gryllotalpa major* (Saussure, 1874)
Neosho midget crayfish, *Orconectes macrus* (Williams, 1952)

Fish

Arkansas darter, *Etheostoma cragini* (Gilbert, 1885)
Banded darter, *Etheostoma zonale* (Cope, 1868)
Banded sculpin, *Cottus carolinae* (Gill, 1861)
Black redhorse, *Moxostoma duquesnei* (Le Sueur, 1817)
Blue sucker, *Cycleptus elongatus* (Le Sueur, 1817)
Western blacknose dace, *Rhinichthys obtusus* (Agassiz, 1854)
Bluntose darter, *Etheostoma chlorosoma* (Hay, 1881)
Brassy minnow, *Hybognathus hankinsoni* (Hubbs, 1929)
Gravel chub, *Erimystax x-punctatus* (Hubbs and Crowe, 1956)
Greenside darter, *Etheostoma blennioides* (Rafinesque, 1819)
Highfin carpsucker, *Carpiodes velifer* (Rafinesque, 1820)
Northern hog sucker, *Hypentelium nigricans* (Le Sueur, 1817)
Ozark minnow, *Notropis nubilus* (Forbes, 1878)
River darter, *Percina shumardi* (Girard, 1859)
River redhorse, *Moxostoma carinatum* (Cope, 1870)
River shiner, *Notropis blennius* (Girard, 1856)
Slough darter, *Etheostoma gracile* (Girard, 1859)
Highland darter, *Etheostoma teddyroosevelt* (Jordan, 1877)
Spotfin shiner, *Cyprinella spioptera* (Cope, 1868)
Spotted sucker, *Minytrema melanops* (Rafinesque, 1820)
Sunburst darter, *Etheostoma mihileze* (Agassiz, 1854)
Tadpole madtom, *Noturus gyrisus* (Mitchill, 1817)
Brindled madtom, *Noturus miurus* (Jordan, 1877)
Bigeye shiner, *Notropis boops* (Gilbert, 1884)
Redfin darter, *Etheostoma whipplei* (Girard, 1859)
Lake Sturgeon, *Acipenser fulvescens* (Rafinesque, 1817)
Striped shiner, *Luxilus chrysocephalus* (Rafinesque, 1820)
Common shiner, *Luxilus cornutus* (Mitchill, 1817)
Southern Redbelly Dace, *Chrosomus erythrogaster* (Rafinesque, 1820)
Johnny Darter, *Etheostoma nigrum* (Rafinesque, 1820)

Amphibians

Red-spotted toad, *Anaxyrus punctatus* (Baird and Girard, 1852)
Crawfish frog, *Lithobates areolatus* (Baird and Girard, 1852)
Spring peeper, *Pseudacris crucifer* (Wied-Neuwied, 1838)

Reptiles

Rough earthsnake, *Haldea striatula* (Linnaeus, 1766)
Plains hog-nosed snake, *Heterodon nasicus* (Baird and Girard, 1852)
Timber rattlesnake, *Crotalus horridus* (Linnaeus, 1758)
Eastern hog-nosed snake, *Heterodon platirhinos* (Latreille, 1801)
Glossy snake, *Arizona elegans* (Kennicott, 1859)
Chihuahuan nightsnake, *Hypsiglena jani* (Duges, 1865)
Red-bellied snake, *Storeria occipitomaculata* (Storer, 1839)
Long-nosed snake, *Rhinocheilus lecontei* (Baird and Girard, 1853)
Smooth earthsnake, *Virginia valeriae* (Baird and Girard, 1853)
(5) Birds
  Bobolink, *Dolichonyx oryzivorus* (Linnaeus, 1758)
  Cerulean warbler, *Setophaga cerulea* (Wilson, 1810)
  Curve-billed thrasher, *Toxostoma curvirostre* (Swainson, 1827)
  Ferruginous hawk, *Buteo regalis* (Gray, 1844)
  Golden eagle, *Aquila chrysaetos* (Linnaeus, 1758)
  Short-eared owl, *Asio flammeus* (Pontoppidan, 1763)
  Henslow’s sparrow, *Ammodyramus henslowii* (Audubon, 1829)
  Ladder-backed woodpecker, *Picoides scalaris* (Wagler, 1829)
  Long-billed curlew, *Numenius americanus* (Bechstein, 1812)
  Mountain plover, *Charadrius montanus* (Townsend, 1837)
  Chihuahuan raven, *Corvus cryptoleucus* (Couch, 1854)
  Black tern, *Chlidonias niger* (Linnaeus, 1758)
  Black rail, *Laterallus jamaicensis* (Gmelin, 1789)
  Eastern whip-poor-will, *Antrostomus vociferus* (Wilson, 1812)
  Yellow-throated warbler, *Setophaga dominica* (Linnaeus, 1776)

(6) Mammals
  Franklin’s ground squirrel, *Poliocitellus franklinii* (Sabine, 1822)
  Pallid bat, *Antrozous pallidus* (LeConte, 1856)
  Southern bog lemming, *Synaptomys cooperi* (Baird, 1858)
  Southern flying squirrel, *Glaucomys volans* (Linnaeus, 1758)
  Texas mouse, *Peromyscus attwateri* (J.A. Allen, 1895)
  Townsend’s big-eared bat, *Corynorhinus townsendii* (Cooper, 1837)
  Northern long-eared bat, *Myotis septentrionalis* (Trouessart, 1897)

(7) Turtles
  Alligator snapping turtle, *Macrochelys temminckii* (Troost, in Harlan, 1835)

(b) Any nongame species in need of conservation taken during established trapping seasons, authorized commercial wildlife operations, fishing by hook and line, baitfish seining, or other lawful activity shall not be unlawfully taken if immediately released.

(c) Any nongame species in need of conservation in possession before the effective date of this regulation and not prohibited by any previous regulation of the department or national listings may be retained in possession if either of the following conditions is met:

(1) An application of affidavit to that effect has been filed with and approved by the secretary before January 1, 1990, that states the circumstances of how the species came into possession.

115-15-3. Threatened and endangered wildlife; special permits and enforcement actions. (a) The following definitions shall apply only to this regulation:

(1) “Action” means an activity resulting in physical alteration of a listed species' critical habitat, physical disturbance of listed species, or destruction of individuals of a listed species.

(2) “Critical habitat” means either of the following:
  (A) Specific geographic areas supporting a population of a listed species and including physical or biological features that meet the following requirements:
    (i) Are essential to the conservation of the species; and
    (ii) require special management or protection; or
  (B) specific geographic areas not documented as currently supporting a population of a listed species, but determined essential for the conservation of the listed species by the secretary.

(3) “Habitat” means the abode where a listed species is generally found and where all essentials for survival and growth of the listed species are present.

(4) “Intentional destruction” means an act or attempt that is willful and is done for the purpose of, and results in, the killing of a threatened or endangered species.

(5) “Intentional taking” means an act or attempt that is willful and is done for the purpose of taking a threatened or endangered species. “Intentional taking” shall include “intentional destruction” as defined in paragraph (a)(4).

“Normal farming and ranching practices” shall include activities financed with private funds on private lands and government cost-shared, routine agricultural land treatment measures.

“Permit from another state or federal agency” shall not include a certification or registration.

"Publicly funded," when used to describe an action, means any action for which planning and implementation are wholly funded with monies from federal, state, or local units of government.

"State or federally assisted," when used to describe an action, means any action receiving technical assistance or partial funding from a state or federal governmental agency.

(b) Each person sponsoring or responsible for a publicly funded action, a state or federally assisted action, or an action requiring a permit from another state or federal government agency shall apply to the secretary for an action permit on forms provided by the department, unless one of the following exceptions applies:

(1) An action permit shall not be required to conduct normal farming and ranching practices, unless a permit is required by another state or federal agency or these practices involve an intentional taking.

(2) An action permit shall not be required for the development of residential and commercial property on privately owned property financed with private, nonpublic funds, unless a permit is required by another state or federal agency or the development involves an intentional taking.

(3) An action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3.

(4) An action permit shall not be required for any species listed after July 1, 2016 if a recovery plan for the listed species is not completed within four years of the listing date, unless the species is listed as threatened or endangered under federal law or until a recovery plan for the listed species is completed.

(c) Each action permit application shall be submitted at least 90 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and

(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(d) Each person sponsoring or responsible for an action for which an action permit is not required by subsection (b) and that will result in the intentional destruction of a member of any listed species shall apply to the secretary for an action permit on forms provided by the department. An action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3. An action permit application shall be submitted at least 30 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and

(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(e) An action permit required under subsection (b) or (d) shall be issued by the secretary pursuant to a timely and complete application, if the proposed action meets the requirements of the following:

(1) Sufficient mitigating or compensating measures to ensure protection of either critical habitats or listed species, or both as conditions require, cooperatively developed by the department and the applicant and incorporated into the proposed action; and

(2) all federal laws protecting listed species.

(f) A public hearing on the proposed action may be provided by the secretary before issuance of an action permit.

(g) In addition to other penalties prescribed by law, any action permit may be revoked by the secretary for any of the following reasons:

(1) Violation of conditions established by the permit;

(2) significant deviation of an action from the proposed action; or

(3) failure to perform or initiate performance of an action within one year after the proposed starting date, unless otherwise specified in the permit or an extension has been authorized in writing by the secretary after a determination of no significant change in the proposed action.

(h) Law enforcement action shall be undertaken only in cases of intentional taking.

(i) Nothing in this regulation shall be deemed to exempt a person from the requirement to acquire
knowledge of the presence of a listed species by the exercise of due diligence once a listed species is known to exist within an area or the area is designated as critical habitat. This subsection shall be applied only to offenses or obligations arising under state statutes or regulations. (Authorized by K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, and K.S.A. 32-963; implementing K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, K.S.A. 32-962, and K.S.A. 32-963; effective Oct. 30, 1989; amended Dec. 29, 1997; amended February 16, 2018.)

115-15-4. Recovery plans; procedures. (a) The following definitions shall apply only to this regulation:
(1) “Recovery plan” means a designated strategy or methodology that, if funded and implemented, is reasonably expected to lead to the eventual restoration, maintenance, or delisting of a listed species.
(3) “Local advisory committee” means a committee as described in K.S.A. 32-960a, and amendments thereto.

(b) A recovery plan shall be developed for each listed species, subject to the priority list for development of recovery plans, and shall be consistent with the amount of funds appropriated for that purpose.
(1) All listed species shall be ranked to establish priorities for recovery plan development. Any recovery plan may include more than one listed species.
(2) When, using the ranked priority list, a listed species is designated for recovery plan development, notice shall be published to that effect in the Kansas register and shall be mailed to persons who have requested to be notified of the recovery plan process for that listed species or for all species.
(3) Reasonable opportunity shall be provided for individuals, organizations, and other interested parties to participate and express their views about the development and implementation of a recovery plan.
(4) A local advisory committee shall be established to take part in the development of the recovery plan. The local advisory committee shall identify measures that minimize adverse social and economic impacts during recovery actions.

(c)(1) Each recovery plan shall include the following:
(A) The current status of the listed species, including the existing scientific knowledge of habitat requirements, limiting factors, and distribution;
(B) additional data needs;
(C) actions and land uses affecting the listed species;
(D) specific management activities that may be included in an agreement between the secretary and a landowner;
(E) critical habitat designations required for conservation and recovery of the listed species;
(F) objectives, criteria, and budgeted actions required to recover and protect the listed species;
(G) conservation assistance programs or other incentive-based opportunities for species conservation on private lands;
(H) information and education-based opportunities for conservation of listed species on private lands;
(I) delisting date goal; and
(J) estimated implementation cost.
(2) For each species listed before January 1, 1998, the existing critical habitat designation process and permitting authority shall be maintained by the department until a recovery plan is adopted for that species. The recovery plan, once adopted, shall determine the final designations for critical habitat as well as identify specific actions that are subject to permitting and enforcement authority.
(3) For newly listed species, critical habitat shall be temporarily designated by the secretary. Each temporary designation shall expire four years after the species is listed, unless the species is listed under federal law. Final critical habitat criteria and specific actions that are subject to permitting and enforcement authority shall be determined by the adopted recovery plan.
(4) Each critical habitat established through the recovery planning process shall supersede existing criteria and designations.
(5) Each critical habitat established through the recovery planning process or temporarily designated by the secretary shall be determined on the basis of the best scientific data available while taking into consideration the economic impact of the designation.
(6) Any geographic area may be excluded from a critical habitat designation by the secretary if the secretary determines that the benefits of the exclusion outweigh the benefits of the designation, unless the secretary determines that the failure to designate the critical habitat will result in the extirpation of the species, based on the best scientific and commercial data available.

d) To meet the requirement that real property shall be included in management activities as part of a recovery plan, pursuant to K.S.A. 79-32,203(a)(2), and amendments thereto, each landowner shall meet the following requirements:
(1) Undertake land management activities or improvements identified in the recovery plan; and
(2) be a signed party to an agreement with the secretary specifying those land management activities or
improvements.
(e) Before its adoption, a draft recovery plan shall be distributed to relevant federal and state agencies,
local and tribal governments that are affected by the recovery plan, and individuals and organizations that have
requested notification of department actions regarding threatened or endangered species.
(f) After adoption of a recovery plan, cooperation with other state and federal agencies, local and tribal
governments, and affected landowners for implementation of the recovery plan shall be sought by the secretary.
(g) If a listed species is also designated as a federal threatened or endangered species or is a candidate for
federal designation, the recovery plan for that listed species shall be submitted to the secretary of the interior.
(h) Each recovery plan shall be reviewed at least once every five years, and the status of the listed species
addressed by the recovery plan shall be monitored in the interim. The local advisory committee shall be consulted
by the department during the review. This review shall take into account any new scientific knowledge or data
since the original adoption of the recovery plan, as well as current population trends of the listed species.

(Authorized by K.S.A. 32-960b; implementing K.S.A. 32-960a and K.S.A. 32-960b; effective Jan. 1,
1998; amended February 16, 2018.)

115-16-1. Cyanide gas gun permit; application and requirements. (a) Subject to federal and state
laws and rules and regulations, a cyanide gas gun, may be used in an authorized wildlife control program
for the purpose of livestock protection. A cyanide gas gun permit shall be required to use cyanide gas
gun devices.
(b) Any owner or operator of land used for agricultural purposes may apply to the secretary for a
permit to use cyanide gas gun devices. The application shall be on forms provided by the department and
each applicant shall provide the following information:
(1) the name of the applicant;
(2) the address of the applicant;
(3) the telephone number of the applicant;
(4) the legal description of the land where the cyanide gas gun devices will be used;
(5) a description of the wildlife depredation problem and methods used by the applicant to control
the depredation;
(6) written approval from the extension specialist in wildlife damage control; and
(7) other information as required by the secretary.
(c) Issuance of a permit may be denied by the secretary if:
(1) the permit application is unclear or incomplete;
(2) the need for use of cyanide gas gun devices has not been established; or
(3) use of cyanide gas gun devices would pose an inordinate risk to the public, non-target wildlife, or
the environment.
(d) The following permit conditions shall apply:
(1) The permit shall be valid only for the time periods specified on the permit, but shall not exceed
120 days;
(2) Warning signs indicating use of cyanide gas gun devices shall be conspicuously placed at all
property access points. One elevated warning sign shall be placed within six feet of any cyanide gas gun
device; and
(3) The permit shall be valid only for the locations specified on the permit.
(e) Each permittee shall submit a report to the department within 10 days after permit expiration.
The report shall contain the following information:
(1) the name of the permittee;
(2) the permit number;
(3) the number of coyotes killed;
(4) the number of days that cyanide gas gun devices were in use;
(5) the number and species of non-target wildlife killed; and
(6) other information as required by the secretary.
(f) Each permittee shall use only cyanide gas gun devices and those necessary materials, supplies,
signs, and equipment provided through the extension specialist in wildlife damage control.
(g) In addition to other penalties as prescribed by law, a cyanide gas gun permit may be revoked by
the secretary if:
(1) the permit was secured through false representation; or

115-16-2. Prairie dog control permit; application and requirements. (a) A prairie dog control permit shall be required to use any poisonous gas or smoke to control prairie dogs, except toxicants labeled and registered for above ground use for prairie dog control shall not require a prairie dog permit.

(b) Any person may apply to the secretary for a prairie dog control permit. The application shall be on forms provided by the department and each applicant shall provide the following information:

(1) the name of the applicant;
(2) the address of the applicant;
(3) the telephone number of the applicant;
(4) the legal description of land where the poisonous gas or smoke will be used;
(5) a description of the problem requiring prairie dog control;
(6) the type of control method to be used;
(7) written approval from the extension specialist in wildlife damage control; and
(8) other information as required by the secretary.

(c) Issuance of a permit may be denied by the secretary if:

(1) the permit application is unclear or incomplete;
(2) the need for prairie dog control has not been established; or
(3) use of poisonous gas or smoke would pose inordinate risk to the public, non-target wildlife or the environment.

(d) The permit shall be valid only for the time period specified on the permit, but shall not exceed 120 days.

(e) The permit shall be valid only for the locations specified in the permit.

(f) In addition to other penalties as prescribed by law, a prairie dog control permit may be revoked by the secretary if:

(1) the permit was secured through false representation; or
(2) the permittee fails to meet permit requirements or violates permit conditions.

115-16-3. Nuisance bird control permit; application, provisions, and requirements. (a) The term “nuisance birds” shall include those species specified in the department’s “Kansas nuisance bird species table,” dated April 11, 2017, which is hereby adopted by reference.

(b) Nuisance birds may be controlled when found depredating or about to depredate upon ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance.

(c) A nuisance bird control permit shall be required to use any lethal method of control that involves poisons or chemicals for controlling nuisance birds other than the English sparrow or European starling.

(d) Any person may apply to the secretary for a nuisance bird control permit. The application shall be submitted on forms provided by the department. Each applicant shall provide the following information:

(1) The applicant’s name;
(2) the applicant’s address;
(3) the applicant’s telephone number;
(4) the location of the nuisance bird problem;
(5) a description of the problem;
(6) the species of birds involved;
(7) the proposed method of control; and
(8) the length of time for which the permit is requested.

(e) Issuance of a permit may be denied by the secretary if any of the following conditions is met:

(1) The permit application is unclear or incomplete.
(2) The need for nuisance bird control has not been established.
(3) Use of the poison or chemical would pose inordinate risk to the public, non-target wildlife, or the environment.
Each permit shall be valid only for the period specified on the permit, which shall not exceed one year.

A permit may be extended by the secretary upon request and justification by the permittee. However, the combined total of the original and extended time periods shall not exceed one year.

Each permit shall be valid only for the locations specified in the permit.

In addition to other penalties as prescribed by law, a nuisance bird control permit may be revoked by the secretary if either of the following conditions is met:

1. The permit was secured through false representation.
2. The permittee fails to meet permit requirements or violates permit conditions.

A nuisance bird control permit shall not be required to control nuisance bird problems as described in subsection (b) if the control method is nonlethal or if the control method involves use of firearms, air rifles, air pistols, archery equipment, or falconry.

Nuisance birds killed and the plumage of nuisance birds killed during nuisance bird control may be possessed, transported, and otherwise disposed of or utilized, except that nuisance birds killed and the plumage of nuisance birds killed during nuisance bird control shall not be sold or offered for sale.

115-16-4. Big game control permit; application, requirements, and provisions. (a) Big game animals may be controlled when found destroying property or when creating a public safety hazard.

(b) A big game control permit shall be required to use any lethal method in controlling big game.

(c) Any owner or operator of land may apply to the secretary for a big game control permit when a
big game animal is found destroying property. Any person may apply to the secretary for a big game control permit when a big game animal is creating a public safety hazard. The application shall be submitted on forms provided by the department, and each applicant shall provide the following information:

1. The name of the applicant;
2. The address of the applicant;
3. The telephone number of the applicant;
4. The legal description of the land where the problem is occurring;
5. A description of the problem, including the number of acres involved; and
6. Other information as required by the secretary.

(d) Issuance of a big game control permit may be denied by the secretary if any of the following conditions exists:

1. The permit application is unclear or incomplete.
2. The applicant does not agree to attempt to reduce numbers of big game by allowing hunting during the regular firearms season for the appropriate species of big game animal.
3. Evidence of property destruction or a public safety hazard caused by a big game animal is lacking.
4. Use of the lethal method of control would pose inordinate risk to the public or to the big game resource.

(e) In addition to any big game control provisions specified in the permit, the following general big game control permit provisions shall apply:

1. The permit shall be valid for a period not to exceed 45 days.
2. The permit shall be valid for only the locations specified in the permit.
3. The number and type of big game that may be killed shall be those specified on the permit.
4. The killing of big game under a big game control permit shall be restricted to the permittee or to the permittee’s designated agent. A designated agent shall have a valid hunting license, unless exempt according to state law, and shall be approved by the department.
5. The lethal control method shall be as specified on the permit.
6. Big game killed under permit authority may be possessed as authorized by K.A.R. 115-4-9 or otherwise disposed of as specified on the permit.

(f) Each permittee shall submit a report to the department within 10 days following expiration of the permit. Each permittee shall provide the following information:

1. The name of the permittee;
2. The permit number;
3. The number and type of big game killed;
4. The disposition of the big game killed; and
5. Other information as required by the secretary.

(g) In addition to other penalties as prescribed by law, a big game control permit may be revoked by the secretary if either of the following conditions exists:

1. The permit was secured through false representation.
2. The permittee fails to meet permit requirements or violates permit conditions. (Authorized by K.S.A. 32-807 and 1999 SB 70, '3; implementing K.S.A. 32-1002, K.S.A. 32-1004, and 1999 SB 70, '3; effective Sept. 10, 1990; amended June 11, 1999.)

115-16-5. Wildlife control permit; operational requirements. (a) Each person holding a valid wildlife control permit issued according to K.A.R. 115-16-6, and each person assisting the permittee while under the constant and direct supervision and in the constant presence of the permittee, shall be authorized to take, transport, release, and euthanize wildlife subject to the restrictions described in this regulation and on the permit.

(b) Wildlife may be taken under the authorization of a wildlife control permit only when one or more of the following circumstances exist:

1. The wildlife is found in or near buildings.
2. The wildlife is destroying or about to destroy property.
3. The wildlife is creating a public health or safety hazard or other nuisance.

(c) Subject to the restrictions described in this regulation and on the permit, a wildlife control permit shall allow the taking of the following species, despite any other season, open unit, or limit restrictions that may be established by the department:

1. Furbearers;
2. Small game;
3. Reptiles;
(4) amphibians;
(5) coyotes;
(6) nongame mammals, except house mice and Norway rats;
(7) pigeons, English sparrows, and starlings; and
(8) migratory birds and waterfowl, subject to K.S.A. 32-1008; and amendments thereto.

d) Subject to applicable federal, state, and local laws and regulations, the wildlife listed in subsection (c) may be taken with the following equipment or methods:

(1) Trapping equipment, if each trapping device is equipped with a metal tag with the permittee’s name and address or the permittee’s department-issued identification number and is checked at least once each calendar day, and if snares are not attached to a drag. Trapping equipment shall consist of the following:

(A) Foothold traps;
(B) body-gripping traps;
(C) box traps;
(D) live traps; and
(E) snares;

(2) firearms and accessory equipment, as follows:

(A) Optical scopes or sights; and
(B) sound-suppression devices;

(3) BB guns and pellet guns;

(4) archery equipment;

(5) dogs;

(6) falconry;

(7) toxicants registered by the Kansas department of agriculture, except that such use may be subject to K.A.R. 115-16-1, K.A.R. 115-16-2, or K.A.R. 115-16-3;

(8) habitat modification;

(9) net or seine;

(10) glue board;

(11) hand;

(12) any other methods to exclude or frighten wildlife, including repellents; and

(13) any other method as specified on the permit.

e) No person shall possess a live species of wildlife taken under the authority of a wildlife control permit beyond the close of the calendar day following capture, unless specifically authorized by the department. Live wildlife shall not be used for display purposes, programs, training dogs, or otherwise kept in captivity, except that pigeons may be used for training dogs.

f) Subject to applicable federal, state, and local laws and regulations, wildlife taken pursuant to a wildlife control permit shall be disposed of using one or more of the following methods:

(1) Wildlife taken alive may be controlled using lethal methods or equipment including the methods or equipment listed in paragraphs (d)(2), (d)(3), (d)(4), and (d)(7).

(2) Wildlife taken alive may be relocated and released, subject to the following requirements:

(A) Wildlife may be released only in suitable habitat located at least 10 miles from the original capture site and only with the prior written permission of the person in legal possession of the release site.

(B) Wildlife shall not be released in a location so close to human dwellings that the release is likely to result in recurrence of the reason the wildlife was taken.

(C) Wildlife shall not be released within the limits of any municipality without prior written permission from the appropriate municipal authority.

(D) Wildlife may be released on department lands or waters only with the prior written approval of the department.

(E) Wildlife shall not be released if injured or if displaying common symptoms of disease, including any of the following:

(i) Lack of coordination;

(ii) unusual lack of aggressiveness;

(iii) unusual secretions from the eyes, nose, or mouth;

(iv) rapid or uneven respiration;

(v) malnourishment;

(vi) loss of muscle control; or

(vii) loss of large patches of hair.

(F) Wildlife shall not be transported from the state except as authorized by the department.
(3) Wildlife species listed in K.A.R. 115-15-1 or K.A.R. 115-15-2, or other wildlife species designated by
the department, shall be released according to paragraph (f)(2) if unharmed. If harmed or injured, these species
shall be submitted to either the department or a person holding a valid wildlife rehabilitation permit issued
according to K.A.R. 115-18-1.

(4) Wildlife controlled by poison shall be removed immediately, and all dead wildlife shall be disposed of
using one of the following methods:
   (A) The wildlife may be submitted to a licensed landfill, renderer, or incinerator.
   (B) The wildlife may be disposed of on private property with the prior written permission of the person in
      legal possession of the property, except that the wildlife shall not be disposed of within the limits of any
      municipality without prior written permission from the appropriate municipal authority.
   (C) Any part of the wildlife, excluding the flesh, may be sold, given, purchased, possessed, and used for
      any purpose, with the following restrictions and exceptions:
      (i) The raw fur, pelt, or skin of furbearers may be sold only to a licensed fur dealer.
      (ii) The carcass and meat of a furbearer may be sold, given, purchased, possessed, and used for any
          purpose.
      (iii) No part of any migratory bird or waterfowl shall be sold, given, purchased, possessed, or used for any
          purpose.
      (iv) Each person purchasing unprocessed parts of the wildlife shall maintain a bill of sale for at least one
          calendar year.
   (D) Dead wildlife controlled by poison or showing symptoms of disease shall be either buried below
      ground or disposed of as authorized by paragraph (f)(4)(A).

(g) Each bobcat, otter, or swift fox taken under authority of a wildlife control permit shall be subject to
32-807; effective July 19, 2002; amended Nov. 27, 2006; amended April 8, 2011; amended July 26, 2013.)

115-16-6. Wildlife control permit; application and reporting requirements. (a) Each person 16 years
of age or older wishing to obtain a wildlife control permit shall apply to the department on a form
provided by the department and shall provide the following information:
   (1) The applicant’s name, address, and telephone number;
   (2) the wildlife species to be controlled;
   (3) the county or counties where wildlife control activities will be conducted;
   (4) unless specifically exempted by the department based on previous use of the applicable methods
      or equipment as an authorized wildlife control operator, proof of completion of the following courses, if
      applicable:
      (A) Department-approved hunter education training, if a firearm would be used to take wildlife; and
      (B) department-approved furharvester education training, if furharvester equipment would be used to
          take wildlife; and
   (5) any other information required by the department.

(b) Each applicant shall take a course of instruction approved by the department, which shall include
instruction concerning applicable laws and regulations, methods for wildlife control, methods for
handling wildlife, and other relevant material, and which shall include eight hours of instruction or the
equivalent. The course may be offered by the department or by other approved agencies or organizations,
and may be offered in person, by correspondence, or by electronic transmission. No applicant shall be
required to take this course of instruction if the applicant has successfully completed an approved course
within the previous five years.

(c) Successful completion of the course of instruction described in subsection (b) shall require that the
applicant pass a department examination with a minimum score of 80 percent. No applicant shall be
eligible to retake the examination within 30 days of failing the examination, and no applicant shall take
the examination more than two times within the period of one year.

(d) A wildlife control permit may be refused issuance, denied, suspended, or revoked by the secretary
for any of the following reasons:
   (1) The application is incomplete or contains false information.
   (2) The applicant does not meet the qualifications specified in this regulation.
   (3) The applicant has failed to maintain or to submit required reports.
   (4) The applicant has violated department laws or regulations, or has had any other department
       license or permit revoked or suspended.
   (5) Issuance of the permit would not be in the best interests of the public, for reasons including
       complaints or inappropriate conduct while holding a previous wildlife control permit.
(e) Each wildlife control permit shall expire on December 31, but may be renewed for the next calendar year before expiration.

(f) Each permittee shall be in possession of a valid wildlife control permit while conducting wildlife control activities, in addition to any other federal, state, or local permits that may be required. Upon request by any person in lawful possession of property where control activities are being conducted or by any person requesting control activities, the permittee shall make the wildlife control permit available for inspection. A permittee shall not act as an employee or an agent of the department.

(g) Upon request by any person to control wildlife, a wildlife control permittee shall make a reasonable attempt to identify the wildlife species in question, and shall advise the person requesting assistance of the proposed control method and the estimated cost before conducting any wildlife control activities. In no case shall the permittee conduct wildlife control activities without the authorization of the person in lawful control of the property.

(h) Each wildlife control permittee shall submit an annual report by January 31 following the permit year, on a form supplied by the department. The report shall be kept current and available for inspection throughout the permit year. Each report shall contain the following information:

1. The name, address, and permit number of the permittee;
2. the date of any control activity;
3. the species, number, and condition of the wildlife controlled; and
4. the control method or methods used.

(i) Each wildlife control permittee shall retain the following information for a minimum of three years and shall make this information available for inspection by the department on request:

1. The name and postal zip code of the legal occupant where control activities were conducted; and
2. the disposition of any wildlife taken, including any of the following:
   A. the name and postal zip code of the person in lawful possession of the property where the wildlife was released and the number of wildlife released;
   B. the method used if wildlife was euthanized; or
   C. the name of any licensed wildlife rehabilitator to whom the wildlife was submitted.

(j) Subject to applicable federal or state laws and regulations, any governmental body may be authorized by the secretary to conduct wildlife control activities. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective July 19, 2002.)

115-17-1. Commercial harvest of fish bait; legal species, harvest seasons, size restrictions, daily limits, and possession limits. (a) The following wildlife may be commercially harvested in Kansas for sale as fishing bait:

1. Crayfish, all species;
2. anellids; and
3. insects.

(b) The season for commercial harvest of wildlife listed in subsection (a) shall be year-round.

(c) There shall be no minimum or maximum size restrictions for wildlife listed in subsection (a).

(d) There shall be no maximum daily or possession limits for wildlife listed in subsection (a).

115-17-2. Commercial sale of fishing bait. (a) The following live species of wildlife may be commercially sold in Kansas for fishing bait:

1. the following species of fish:
   A. Black bullhead (Ameiurus melas);
   B. bluegill (Lepomis macrochirus), including hybrids;
   C. fathead minnow (Pimephales promelas), including “rosy reds”;
   D. golden shiner (Notemigonus crysoleucas);
   E. goldfish (Carassius auratus), including “black saltys”;
   F. green sunfish (Lepomis cyanellus), including hybrids; and
   G. yellow bullhead (Ameiurus natalis);
2. only species of anellids native to or naturalized in the continental United States;
3. the following species of crayfish:
   A. Virile crayfish (Orconectes virilis);
   B. calico crayfish (Orconectes immunes); and
   C. white river crayfish (Procambarus acutus); and
only species of insects native to or naturalized in Kansas.

(b) The following species of wildlife may be commercially sold only if dead:
(1) Bighead carp (*Hypophthalmichthys nobilis*);
(2) emerald shiners (*Notropis atherinoides*);
(3) gizzard shad (*Dorosoma cepedianum*);
(4) silver carp (*Hypophthalmichthys molitrix*);
(5) skipjack herring (*Alosa chrysochloris*); and
(6) threadfin shad (*Dorosoma petenense*).

d) Live aquatic bait shall be certified free of the following pathogens before import, according to K.A.R. 115-17-2a:
(1) Spring viremia of carp virus;
(2) infectious pancreatic necrosis virus;
(3) viral hemorrhagic septicemia virus; and
(4) infectious hematopoietic virus.

e) Each distribution tank and each retail tank shall utilize a source of potable water or well water.

115-17-2a. Commercial sale of bait fish; testing procedures. (a) Live aquatic bait shall be certified free of the following pathogens before import, according to the requirements in this regulation:
(1) Spring viremia of carp virus;
(2) infectious pancreatic necrosis virus;
(3) viral hemorrhagic septicemia virus; and
(4) infectious hematopoietic virus.

(b) On and after January 1, 2014, upon application or renewal, each applicant and each commercial fish bait permittee shall provide documentation of two consecutive years of pathogen-free status from an independent laboratory approved by United States department of agriculture, animal and plant health inspection service, for the pathogens listed in subsection (a) for the source of bait fish being sold. If the facility is new, the applicant shall certify by affidavit that the facility does not meet the requirements in this regulation and shall provide documentation of pathogen-free status for the current year of operation.

(c) The sample size shall be 150 fish and shall include moribund fish observed in the sampling process. The samples shall be collected twice each year. The samples shall be collected once during the month of October, November, or December and once during the month of March, April, or May.

(d) Collection of each sample shall be overseen by a doctor of veterinary medicine accredited by the United States department of agriculture, animal and plant health inspection service. The collection shall be made under the direct observation of the overseer to the extent that the official can attest to the origin of the fish and that the sampling scheme meets the requirements in this regulation.

(e) Each sample shall include all of the ponds and grow-out tanks. The final species and age composition of each sample shall reflect the overall composition of the certified fish on location. For locations with more than 50 ponds, all species and sizes of fish shall be included in each sample, but the ponds may be sampled in rotation so that all ponds are sampled at least once every two years.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Jan. 1, 2012.)

115-17-3. Commercial fish bait permit; requirement, application, and general provisions. (a) A commercial fish bait permit shall be required for the harvest, sale, or purchase for resale of fish bait, except that a commercial fish bait permit shall not be required for the harvest or sale of annelids or insects or for the purchase of annelids or insects for resale.

(b) Any person may apply to the secretary for a commercial fish bait permit. The application shall be submitted on forms provided by the department and completed in full by the applicant. Each incomplete application shall be returned to the applicant.

(c) Each commercial fish bait permit shall be valid for only those wildlife species specified in the permit.

(d) Each commercial fish bait permit shall authorize the permittee to perform any of the following:
(1) Sell fish bait to any person for use as fish bait;
(2) purchase fish bait for resale as fish bait, if the purchase is made from a person who meets at least one of the following requirements:
   (A) Possesses a valid commercial fish bait permit;
   (B) is a commercial fish grower, as defined by K.S.A. 32-974 and amendments thereto; or
   (C) is authorized by another state to export and sell fish bait; or
   (3) import fish bait for sale as fish bait.
   (e) Each permittee harvesting or purchasing fish bait shall maintain records of the following information and, if requested by the secretary, shall provide a report to the department containing the following information:
      (1) The permittee’s name;
      (2) the permit number;
      (3) the number, location, and species of wildlife harvested;
      (4) the number and species of wildlife sold;
      (5) for each permittee purchasing fish bait, the name, address, and phone number of each individual distributor or producer from whom the permittee purchased; and
      (6) for each permittee purchasing fish bait, the delivery date of each purchase.
   (f) Each permittee shall make records required under the permit available for inspection by any law enforcement officer or department employee upon demand.
   (g) Each permittee shall make the fish and the distribution or retail holding tanks that are subject to sample testing pursuant to K.A.R. 115-17-2a available for inspection by any law enforcement officer or department employee upon demand.
   (h) Each permittee shall respond to any survey regarding activities conducted under the permit if requested by the secretary.
   (i) In addition to other penalties prescribed by law, a commercial fish bait permit or application may be denied or revoked by the secretary if either of the following conditions is met:
      (1) The application is incomplete or contains false information.
      (2) The permittee fails to meet permit requirements or violates permit conditions.
   (j) Each commercial fish bait permit shall expire three years after the date the permit is issued.
   (k) A permittee may possess and sell legally acquired wildlife for fish bait for not more than 30 days following expiration of the permit.

115-17-4. Commercial harvest of fish bait; legal equipment, taking methods, and general provisions. (a) Legal equipment and taking methods permitted for commercial harvest of wildlife for use as fish bait shall be as follows:
   (1) Crayfish may be taken by the following methods and means:
      (A) By hand;
      (B) by trap with ½-inch or smaller mesh size, using the bar measurement, and with two-inch or smaller entrance openings;
      (C) by seine with ½-inch or smaller mesh size, using the bar measurement. The seine may be of any length, height, or twine size;
      (D) by lift net with ½-inch or smaller mesh size, using the bar measurement;
      (E) by dip net with ½-inch or smaller mesh size, using the bar measurement. The dip net may be of any dimension and have any handle configuration; and
      (F) by other methods as approved by the secretary.
   (b) Annelids and insects may be taken by any method.
   (b) (1) Boats with or without mechanical propulsion may be used.
   (b) (2) depth-recording or fish-locating devices may be used.
   (b) (3) holding baskets, holding cages, and holding bags may be used, if the permittee’s name and permit number are attached.
   (b) (4) the permittee’s name and permit number shall be attached to each trap and seine while the trap or seine is in use.

115-17-5. Commercial harvest of fish bait; open areas. The following areas shall be open for the commercial harvest of crayfish, annelids, and insects:
(a) For crayfish, all lands and waters of the state except department lands and waters and federal and state sanctuaries; and
(b) for annelids and insects, all lands and waters of the state except department lands and waters and federal and state sanctuaries.

115-17-6. Commercial mussel fishing license; mussel salvage permits; license or permit application and requirements, authority, reports, general provisions, and license or permit revocation. (a) A commercial mussel fishing license shall be required for commercial mussel fishing purposes. If a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage, a mussel salvage permit shall be required for mussel salvage purposes.
(b) Any person may apply to the secretary for a commercial mussel fishing license or a mussel salvage permit. The application shall be submitted on forms provided by the department, and each applicant shall provide the following information, except that no commercial license shall be issued on and after January 1, 2003 through December 31, 2022:
(1) The name of the applicant;
(2) the address and telephone number of the applicant;
(3) the business locations and telephone numbers of the applicant;
(4) the location for mussel storage and processing; and
(5) other relevant information as required by the secretary.
(c) Each mussel fishing licensee shall maintain a current record of activity and shall submit quarterly reports to the department on forms provided by the department. The reports shall be submitted not later than 15 days following the end of the quarter for which the reports are prepared. A license shall not be renewed until all reports due have been received by the department. Each mussel salvage permittee shall maintain a current record of activity for the duration of the permit and shall submit a report to the department on forms provided by the department. The report shall be submitted not later than 15 days following the expiration of the permit.
(d) The records and reports shall include the following information:
(1) The name of the licensee or permittee;
(2) the address and telephone number of the licensee or permittee;
(3) the license or permit number of the licensee or permittee;
(4) the total weight or total shell weight of each mussel species harvested;
(5) the total weight or total shell weight of each mussel species sold, including the following information:
(A) A separate entry for each sale stating the total weight or total shell weight of each mussel species sold;
(B) the date of each sale;
(C) the name, address, and license number of the person to whom the mussels were sold; and
(D) the name of the state where harvested; and
(6) other relevant information as required by the secretary.
(e) Each commercial mussel fishing licensee or mussel salvage permittee shall sell mussels only to a person legally authorized to purchase mussels under subsection (f) of this regulation, or pursuant to K.A.R. 115-17-14.
(f) Any person may purchase mussels from a commercial mussel fishing licensee or mussel salvage permittee if the mussels are not purchased for use as fish bait, are not purchased for resale, are not purchased for other commercial use, and are not sold.
(g) In addition to other penalties prescribed by law, a commercial mussel fishing or mussel salvage application, license, or permit may be revoked or denied issuance by the secretary if any of the following conditions is met:
(1) The application is incomplete or contains false information.
(2) The licensee or permittee fails to meet license or permit requirements or violates license or permit conditions.
(3) The licensee or permittee violates any provision of law, rules, or regulations related to the commercial use of mussels.
(h) Each commercial mussel fishing license shall expire on December 31 of the year for which the license was issued. Each mussel salvage permit shall expire on the date written on the salvage permit.
(i) Each commercial mussel fishing license shall permit the possession of mussels harvested for commercial purposes by that licensee for no more than 48 hours after the close of the mussel season. A mussel
salvage permit shall permit the possession of mussels harvested for commercial purposes by that permittee for no more than 48 hours after the expiration date written on the salvage permit.

(j) A licensee or permittee may submit a written request to the secretary to possess mussels for commercial purposes beyond the possession period specified in subsection (i). Each request shall specify the number of each species of mussels possessed and the applicant’s name, address, and commercial mussel fishing license or mussel salvage permit number. Authorization of possession beyond the possession period shall be issued in writing and shall include a date on which the authorization expires. Receipt of this authorization by the licensee or permittee shall allow the licensee’s or permittee’s sale of shells pursuant to subsection (e). Each mussel sale during the authorized time period shall be reported to the department within 48 hours of the sale by both the licensee or permittee and the purchaser. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended June 8, 1992; amended Nov. 30, 1998; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-7. Commercial harvest of mussels; legal species, seasons, size restrictions, daily limits, and possession limits. (a) The following listed mussel species may be taken for commercial purposes, except that no mussels may be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage:

(1) Threeridge, *Amblema plicata*;
(2) monkeyface, *Quadrula metanevra*;
(3) mapleleaf, *Quadrula quadrala*;
(4) bleufer (purple shell), *Potamilus purpuratus*; and
(5) Asian clam, *Corbicula fluminea*.

(b) The season for the commercial harvest of mussels shall be on and after April 1 through September 30. However, mussels shall not be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage.

(c) Harvesting requirements shall include the following:

(1) The minimum size of mussels shall be measured by passing the mussel shell through a circular measuring device with the appropriate inside diameter.

(2) Measurement shall occur immediately upon removal of the mussel from the water.

(3) If the mussel passes through the appropriate circular measuring device from any angle or direction, the mussel shall not be deemed to meet the minimum size requirement and shall be immediately returned to the water.

(4) The minimum shell size for mussel species shall be the following:

(A) Threeridge: 3-inch diameter;
(B) monkeyface: 2 ¾-inch diameter;
(C) mapleleaf and bleufer: 3-inch diameter; and
(D) Asian clam: no minimum size.

(d) There shall be no maximum daily or possession limits for mussels. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended June 8, 1992; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-8. Commercial harvest of mussels; legal equipment, taking methods, and general provisions. (a) Legal equipment and taking methods permitted for commercial harvest of mussels shall be the following:

(1) By hand; and
(2) by other methods as approved by the secretary.

(b)(1) Boats with or without mechanical propulsion methods may be used.

(2) Depth-recording or fish-locating devices may be used.

(3) Underwater breathing equipment may be used while taking mussels, if a diver's flag is prominently displayed while using the underwater breathing equipment.

(4) Holding bags, holding baskets, and holding cages may be used if the name and permit number of the permittee are attached to each such bag, basket, and cage.

(c) No mussels may be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)
115-17-9. Commercial mussel fishing; open areas. Waters of the state open for commercial mussel fishing shall be the following, except that all waters of the state shall be closed on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage:
(a) Federal reservoirs;
(b) impoundments operated by other governmental entities, if authorized by the governmental entity;
(c) Fall River from below Fall River Dam to its junction with the Verdigris River, except for the stretch of the Fall River from the county road ford located 1.2 miles east of state highway K-96, 3.2 miles south of Fredonia, Kansas, downstream to the Dun Dam located 2.5 miles west and 2.25 miles north of Neodesha, Kansas, which is a total of 9.89 stream miles including 3.27 impounded miles;
(d) Verdigris River from below Toronto Dam to the state line, except for the stretch of the Verdigris River from the Whitehair bridge located 2.5 miles east of federal highway US-75 on the Wilson-Montgomery county line road, downstream to the Montgomery county road bridge located 1.47 miles east of Sycamore, Kansas, which is a total of 6.66 stream miles; and
(e) Neosho River from below John Redmond Dam to the state line, except for the stretch of the Neosho River from the Neosho Falls dam, at Neosho Falls, Kansas, downstream to the mouth of Rock Creek in the NW 1/4, NW 1/4, Section 11, T24S, R17E, Allen County, Kansas, which is a total of 3.35 stream miles; and

115-17-10. Commercial harvest of fish; permit requirement and application, reports, permit revocation.
(a) Except as authorized in K.A.R. 115-17-13, a commercial fishing permit shall be required for the taking of fish for commercial purposes from that portion of the Missouri River bordering on this state.
(b) Each application for a commercial fishing permit shall be submitted on forms provided by the department and completed in full by the applicant. Each incomplete application shall be returned to the applicant.
(c) Any permittee may possess, sell, transport, or trade those species of fish as authorized under K.A.R. 115-17-12.
(d) Each permittee shall maintain a current record of activity and shall submit monthly reports to the department on forms provided by the department. The reports shall be submitted not later than 15 days following the end of the month for which the report is prepared. A permit shall not be renewed until all reports due have been received by the department.
(e) Any permittee may sell fish taken under a commercial fishing permit to any person.
(f) Any person may purchase fish from a commercial fish permittee for commercial purposes or for personal use.
(g) Each person purchasing fish from a commercial fish permittee for resale purposes shall retain a bill of sale in possession while in possession of the fish.
(h) In addition to other penalties prescribed by law, a commercial fishing application or permit may be denied or revoked by the secretary if any of the following conditions is met:
(1) The application is incomplete or contains false information.
(2) The permittee fails to meet permit requirements or violates permit conditions.
(3) The permittee violates any provision of law or regulations related to commercial fishing on the Missouri River.
(i) Each commercial fishing permit shall expire on December 31 of the year for which the permit was issued. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective May 27, 1991; amended Jan. 1, 2012.)

115-17-11. Commercial harvest of fish; legal equipment and taking methods; identification tags and identification tag fee. (a) The legal equipment and taking methods for the commercial harvest of fish shall be the following:
(1) Hoop net with a mesh size of 2.5 or more inches using the bar measurement and with individual wings and leads not to exceed 12 feet in length. There shall be no limitation on the number, net diameter, net length, twine size, or throat size of hoop nets;
(2) gill net and trammel net with a mesh size of two or more inches, using the bar measurement. There shall be no limitation on the number, net length, height, or twine size of gill or trammel nets; and
(3) seine with a mesh size of two or more inches, using the bar measurement. There shall be no limitation on the height, length, or twine size of seines.
(b) (1) Boats with or without mechanical propulsion may be used.
(2) Depth-recording or fish-locating devices may be used.
(3) Non-toxic baits may be used.
(4) Each gill net or trammel net shall be attended at all times while the gill net or trammel net is in use.
(5) Each hoop net shall be attended at least one time every 24 hours while the hoop net is in use.
(6) Commercial fishing equipment authorized in subsection (a) shall not be used in the following locations, except as authorized by the department:
   (A) In any cutoff, chute, bayou, or other backwater of the Missouri river;
   (B) within 300 yards of any spillway, lock, dam, or the mouth of any tributary stream or ditch; and
   (C) under or through ice or in overflow waters.
(7) Holding baskets and holding cages may be used.
   (c) Each net or seine shall have an identification tag supplied by the department and attached as specified by the department during commercial fishing use. Identification tags supplied by the state of Missouri and approved by the department also shall be deemed to meet this requirement.
   (d) The fee for identification tags shall be five dollars for each tag. The payment shall be submitted to the department with the initial or renewal application for a commercial fishing permit.
   (e) The holding basket and holding cage used to hold fish shall not require an identification tag, but shall be identified by the permittee with the permittee's name and permit number attached.

115-17-12. Commercial harvest of fish; legal species, seasons, size restrictions, daily limits, and possession limits. (a) The legal species of fish that may be taken under a commercial fishing permit shall be the following:
   (1) Bowfin;
   (2) suckers, including buffalo;
   (3) common carp and exotic carp;
   (4) freshwater drum;
   (5) gar;
   (6) shad;
   (7) goldeye;
   (8) goldfish; and
   (9) skipjack herring.
   (b) None of the following shall be possessed by a permittee while in possession of commercial fishing gear or while transporting fish taken using commercial fishing gear:
      (1) All species of fish excluded from subsection (a); and
      The species of fish specified in this subsection shall be immediately returned unharmed to the water from which removed.
   (c) There shall be no size restriction on fish taken by a permittee.
   (d) There shall be no maximum daily or possession limit on the number of fish taken by a permittee.
   (e) No live specimen of bighead carp, silver carp, or black carp may be transported after commercial harvest.

115-17-13. Commercial harvest of fish; state of Missouri commercial fishing permit. (a) Any person authorized by the state of Missouri as a commercial fishing permittee may commercially fish in the Kansas portion of the Missouri river without a commercial fishing permit issued by the department, except that the person shall not fish from or attach any device or equipment to any land under the jurisdiction of the state of Kansas.
   (b) Each Missouri commercial fishing permittee shall otherwise comply with the laws and regulations governing commercial fishing within Kansas boundaries.
   (c) This exemption from the commercial fishing permit requirement shall be contingent upon the state of Missouri recognizing the same exemption for any person issued a commercial fishing permit by the state of Kansas. (Authorized by K.S.A. 32-807 and K.S.A. 32-941; implementing K.S.A. 32-807, K.S.A. 32-941, and K.S.A. 32-1002; effective May 27, 1991; amended Sept. 27, 2002.)

115-17-14. Commercial mussel dealer permit; permit application and requirements, authority, reports, general provisions, and permit revocation. (a) Each person desiring to purchase or import wild mussels for resale, for export from the state, or for any other commercial use shall make application
to the secretary for a commercial mussel dealer permit.

(b) Applications shall be submitted on forms provided by the department, and each applicant shall provide the following information:

(1) The name of the applicant;
(2) the address and telephone number of the applicant;
(3) the business locations and the phone numbers of the applicant;
(4) the location for mussel storage and processing; and
(5) other information as required by the secretary.

(c) Any commercial mussel dealer may buy, sell, or trade in those species listed in K.A.R. 115-17-7. A commercial mussel dealer shall not buy, sell, or trade any mussel species for use as fish bait.

(d) Each commercial mussel dealer shall purchase mussels only from sources authorized pursuant to K.A.R. 115-17-6, from a commercial mussel dealer authorized pursuant to this regulation, or from a person authorized by another state to sell mussels.

(e) A commercial mussel dealer shall sell mussels only to the following:

(1) A commercial mussel dealer authorized pursuant to this regulation; or
(2) a person legally authorized by another state to purchase mussels.

(f) When a commercial mussel dealer ships, exports, or otherwise sells mussels commercially, the dealer shall provide a bill of lading with each sale. The bill of lading shall be written on a form provided by the department and shall include the following information:

(1) The name, address and telephone number of the commercial mussel dealer;
(2) the dealer permit number and expiration date;
(3) the shipping date;
(4) the name of the recipient;
(5) the address and telephone number of the recipient; and
(6) the total weight of each species on shipment.

(g) Each permittee shall maintain a commercial mussel dealer record book and shall submit a quarterly report to the department. The record book and quarterly report shall be maintained and submitted on forms provided by the department and shall be subject to inspection upon demand by any conservation officer. The report shall be submitted not later than 15 days following the end of the quarter for which the report is prepared. A permit shall not be renewed until all reports have been received by the department.

(h) The record book and report shall include the following information:

(1) The name of the permittee;
(2) the address and telephone number of the permittee;
(3) the permit number of the permittee;
(4) the total shell weight of each mussel species purchased or imported, including the following information:
   (A) A separate entry for each purchase or importation, stating the total shell weight of each mussel species purchased;
   (B) the date of each purchase or importation;
   (C) the name of the state where harvested; and
   (D) the name, address, and permit number of each person from whom mussels were purchased or imported;
(5) a copy of each bill of lading accompanying each sale and shipment; and
(6) other information as required by the secretary.

(i) In addition to other penalties prescribed by law, a commercial mussel dealer permit may be revoked or denied issuance by the secretary if any of these conditions is met:

(1) The application is incomplete or contains false information.
(2) The permittee fails to meet reporting requirements or violates permit conditions.
(3) The permittee violates any provision of law, rule, or regulation related to the commercial use of mussels.

(j) Each commercial mussel dealer permit shall expire on December 31 of the year for which the permit was issued.

(k) Any commercial mussel dealer may possess and sell legally acquired mussels no more than 30 days after the expiration date of the permit. (Authorized by K.S.A. 32-807 and K.S.A. 32-941; implementing K.S.A. 32-941 and K.S.A. 32-1002; effective June 8, 1992; amended Nov. 30, 1998; amended Nov. 22, 2002.)
115-17-15. Sale and purchase of game animals. (a) Any part of legally taken game animals, excluding flesh, may be sold, purchased, possessed and utilized for any purpose. Antlers that have been dropped or shed may be possessed and may be sold, purchased, possessed and utilized for any purpose.

115-17-16. Commercial use of prairie rattlesnakes. (a) The commercial harvest, possession or sale of prairie rattlesnakes (Crotalus viridis viridis) or their parts shall be authorized only in conjunction with a commercial event authorized by the department under a commercial prairie rattlesnake special event permit or as otherwise authorized by rules and regulations. Finished products of prairie rattlesnakes taken in conjunction with a commercial prairie rattlesnake special event may be possessed at any time and may be sold at any time.

(b) Any person may apply to the department for a commercial prairie rattlesnake special event permit. Each application shall be on forms provided by the department and shall provide the following information:

1. the name and address of the applicant;
2. the telephone number of the applicant;
3. a description of the event including proposed dates; and
4. other information as required by the secretary.

(c) Each permittee shall maintain a record of event activity and shall submit a final report to the department within 30 days following the expiration of the special event permit. The record and report shall include the following information:

1. the name and address of the permittee;
2. the permit number of the permittee;
3. the number of commercial prairie rattlesnake harvest permittees registered for the event;
4. the number of commercial prairie rattlesnake dealer permittees registered for the event;
5. an estimate of the number and pounds of prairie rattlesnakes processed; and
6. other information as required by the secretary.

(d) General provisions.

1. Each application for a commercial prairie rattlesnake special event permit shall be submitted to the department not less than 30 days prior to the requested dates for the event.
2. Each commercial prairie rattlesnake special event permit shall be issued only for an event which occurs during the period of time from April 1 through June 15.
3. The length of time for a commercial prairie rattlesnake special event shall not exceed 30 days.
4. Each commercial prairie rattlesnake special event permit shall authorize the possession of prairie rattlesnakes, their parts or finished products without regard to numbers.
5. Each prairie rattlesnake that is 18 inches in length or greater and not otherwise disposed of during the commercial prairie rattlesnake special event and each prairie rattlesnake less than 18 inches in length shall be released live and unrestrained at the end of the commercial prairie rattlesnake special event unless otherwise authorized by the department.
6. Each permittee shall cooperate with enforcement, research and data-gathering efforts conducted or authorized by the department in conjunction with the commercial prairie rattlesnake special event.
7. Each permittee shall comply with permit conditions as specified in the commercial prairie rattlesnake special event permit.

(e) In addition to other penalties prescribed by law, a commercial prairie rattlesnake special event application or permit may be denied or may be revoked by the secretary if:

1. the application is incomplete or contains false information;
2. the permittee fails to meet permit requirements or violates permit conditions; or

115-17-17. Commercial prairie rattlesnake harvest permit; permit application and requirements,
authority, reports, general provisions and permit revocation. (a) A commercial prairie rattlesnake harvest permit shall be required to take prairie rattlesnakes (Crotalus viridis viridis) on a commercial basis.

(b) Any individual may apply to the secretary for a commercial prairie rattlesnake harvest permit. Each application shall be on forms provided by the department and shall provide the following information:

(1) the name of the applicant;
(2) the address of the applicant;
(3) the hunting license number of the applicant unless exempt pursuant to K.S.A. 1992 Supp. 32-919 and amendments thereto or applying for a commercial prairie rattlesnake harvest permit as an individual without a hunting license; and

(4) other information as required by the secretary.

(c) Each permittee shall maintain a current record of activity and shall submit a final report to the department on forms provided by the department. The report shall be submitted not later than 14 days following the end of the time period established for the taking of prairie rattlesnakes on a commercial basis.

(d) The records and reports shall include the following information:

(1) the name of the permittee;
(2) the address of the permittee;
(3) the permit number;
(4) the number of prairie rattlesnakes harvested;
(5) the location of harvest, by county;
(6) the number of prairie rattlesnakes sold;
(7) the name and address of any person to whom prairie rattlesnakes or their parts were sold; and

(8) other information as required by the secretary.

(e) Each commercial prairie rattlesnake harvest permit shall expire on December 31 of the year for which it is issued.

(f) Each commercial prairie rattlesnake harvest permittee shall only take prairie rattlesnakes during a commercial prairie rattlesnake special event permitted by the department.

(g) Any commercial prairie rattlesnake harvest permittee may possess legally-taken prairie rattlesnake parts as long as the permittee maintains a valid permit. Live prairie rattlesnakes not otherwise disposed of shall be released live and unrestrained not later than the conclusion of the commercial prairie rattlesnake special event for which the commercial prairie rattlesnake harvest permittee was registered unless otherwise authorized by the department.

(h) Any commercial prairie rattlesnake harvest permittee may possess prairie rattlesnakes that are less than 18 inches in length. These prairie rattlesnakes shall be released live and unrestrained not later than the conclusion of the commercial prairie rattlesnake special event for which the commercial prairie rattlesnake harvest permittee was registered.

(i) Each commercial prairie rattlesnake harvest permittee shall only sell prairie rattlesnakes or their parts during a commercial prairie rattlesnake special event as authorized under a commercial prairie rattlesnake special event permit. Each commercial prairie rattlesnake harvest permittee shall register with a commercial prairie rattlesnake special event prior to selling any prairie rattlesnake or the parts of any prairie rattlesnake.

(j) Any commercial prairie rattlesnake harvest permittee may possess or possess and sell prairie rattlesnake finished products without limit in time.

(k) Each commercial prairie rattlesnake harvest permittee shall only sell prairie rattlesnakes or their parts to a person legally authorized to purchase prairie rattlesnakes. A bill of sale shall accompany each sale of prairie rattlesnakes or their parts.

(l) Any person may purchase or receive prairie rattlesnakes, their parts or finished products from a commercial prairie rattlesnake harvest permittee. However, the prairie rattlesnakes or their parts shall not be purchased or received for resale or sold. Finished products may be purchased or received for any purpose.

(m) Any commercial prairie rattlesnake dealer permittee may purchase or receive prairie rattlesnakes, their parts or finished products from a commercial prairie rattlesnake harvest permittee.

(n) In addition to other penalties prescribed by law, a commercial prairie rattlesnake harvest application or permit may be denied or may be revoked by the secretary if:

(1) the application is incomplete or contains false information;
(2) the permittee fails to meet permit requirements or violates permit conditions; or

115-17-18. Commercial harvest of prairie rattlesnakes; open area, daily bag and possession limit. (a) The open area for the taking of prairie rattlesnakes (Crotalus viridis viridis) on a commercial basis shall be that portion of Kansas west of U.S. highway 283, except Morton county shall not be open for the taking of prairie rattlesnakes on a commercial basis.

(b) A commercial prairie rattlesnake harvest permittee shall not harvest more than 10 prairie rattlesnakes per day or possess more than 10 prairie rattlesnakes per day in the field during the period of time and under the conditions established for the commercial harvest of prairie rattlesnakes.

115-17-19. Commercial harvest of prairie rattlesnakes; legal equipment, taking methods and general provisions. (a) Legal equipment and taking methods permitted for commercial harvest of prairie rattlesnakes (Crotalus viridis viridis) shall be:

(1) by hand;
(2) by noose;
(3) by snake hook, tong or fork; and
(4) by other methods as approved by the department.

115-17-20. Commercial prairie rattlesnake dealer permit; permit application and requirements, authority, reports, general provisions and permit revocation. (a) Any person desiring to purchase prairie rattlesnakes (Crotalus viridis viridis) or their parts for resale or for export from the state or both shall make application to the secretary for a commercial prairie rattlesnake dealer permit.

(b) Each application shall be on forms provided by the department and shall provide the following information:

(1) the name of the applicant;
(2) the address and telephone number of the applicant;
(3) the business location or locations of the applicant and the telephone number or numbers at the location or locations;
(4) the location for holding prairie rattlesnakes if different from the business location or locations; and
(5) other information as required by the secretary.

(c) Each commercial prairie rattlesnake dealer desiring to renew a commercial prairie rattlesnake dealer permit shall make application as described in subsection (b) and shall provide a description of prairie rattlesnakes or their parts on inventory at the time of renewal application.

(d) Each commercial prairie rattlesnake dealer shall only purchase or receive prairie rattlesnakes or their parts from:

(1) a commercial prairie rattlesnake harvest permittee;
(2) a commercial prairie rattlesnake dealer; or
(3) a person authorized by another state to sell prairie rattlesnakes.
(e) Any commercial prairie rattlesnake dealer may sell prairie rattlesnakes, their parts or finished products to any person. A bill of sale shall accompany each sale of prairie rattlesnakes or their parts. Finished products may be purchased for any purpose.

(f) Each commercial prairie rattlesnake dealer shall maintain records and shall submit a report to the department not later than 30 days following the close of the period of time established for the commercial taking of prairie rattlesnakes. The records and report shall be on forms provided by the department and shall include the following information:

1. the name of the permittee;
2. the address and telephone number of the permittee;
3. the permit number of the permittee;
4. a separate entry for each purchase or sale including:
   A. the date of purchase or sale;
   B. a description of items purchased or sold; and
   C. the name, address and permit number of each person from whom prairie rattlesnakes or their parts were purchased or to whom prairie rattlesnakes or their parts were sold; and
5. other information as required by the secretary.

(g) Each commercial prairie rattlesnake dealer permit shall be valid through December 31 of the year for which it is issued.

(h) Any commercial prairie rattlesnake dealer may possess prairie rattlesnakes, their parts or finished products without regard to numbers.

(i) Any commercial prairie rattlesnake dealer may sell legally acquired prairie rattlesnakes or their parts not more than 30 days after the expiration date of the permit, except a commercial prairie rattlesnake dealer may continue to possess and sell legally acquired prairie rattlesnakes or their parts if the commercial prairie rattlesnake dealer permit has been renewed.

(j) Each prairie rattlesnake that is less than 18 inches in length shall not be purchased, offered for sale or sold.

(k) In addition to other penalties prescribed by law, a commercial prairie rattlesnake dealer permit may be denied or may be revoked by the secretary if:

1. the application is incomplete or contains false information;
2. the permittee fails to meet reporting requirements or violates permit conditions; or

115-17-21. Commercial harvest of feral pigeons. (a) Feral pigeons may be commercially harvested by any person without regard to number or season, if the person is in possession of a valid hunting license, unless exempt from the hunting license requirement by state law.

(b) Legally taken feral pigeons, or any part of a legally taken feral pigeon, may be sold, purchased, possessed, and used for any purpose. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-1002; effective June 11, 1999.)

115-18-1. Wildlife rehabilitation permit; application, reporting and general provisions. (a) Each application for a wildlife rehabilitation permit shall be submitted on a form provided by the department. Each applicant shall provide the following information:

1. The name of applicant;
2. the applicant’s address;
3. the location or address of the applicant’s facilities if different from the applicant's address;
4. the name of each assisting subpermittee;
5. the type of wildlife rehabilitation service to be provided;
6. a description of the applicant’s available facilities;
7. the applicant's qualifications to provide the services specified;
8. the name of each assisting veterinarian; and
9. other relevant information as required by the secretary.

(b) (1) A wildlife rehabilitation permit shall be issued only to each individual who meets the following qualifications:
(A) Is 18 years of age or older;
(B) has 100 hours of experience in the handling and care of wildlife acquired over the course of one calendar year. Up to 20 hours of this 100-hour requirement may be fulfilled by successful completion of a training course provided by either the international wildlife rehabilitation council (IWRC) or the national wildlife rehabilitators’ association (NWRA);
(C) submits letters of recommendation regarding the applicant’s knowledge of wildlife rehabilitation from three persons who have known the applicant for at least two years. The letters of recommendation shall be from any of the following:
   (i) A wildlife professional, which may include a biologist employed by a state or federal wildlife agency, the curator or manager of a zoo or wildlife sanctuary, or other person professionally engaged in wildlife management or care;
   (ii) a department conservation officer;
   (iii) a Kansas-licensed veterinarian; or
   (iv) a permitted wildlife rehabilitator; and
(D) has obtained one of the following:
   (i) A certificate of completion of a training course offered by the international wildlife rehabilitation council (IWRC) within the preceding three years;
   (ii) a certificate of completion of a training course offered by the national wildlife rehabilitators’ association (NWRA) within the preceding three years; or
   (iii) a test score of at least 80 percent on a department-administered wildlife rehabilitation examination at a department office location. Each applicant who fails the examination shall wait a minimum of 30 days before retaking the examination. The test may be taken only twice during each calendar year. The test shall not be returned to applicants at any time.
(2) A total of eight hours of continuing education or training every three years from a department-approved program shall be required for the renewal of a permit.
(c) Each applicant or permittee shall allow an inspection of the rehabilitation facilities to be made by a department official. A permit shall not be issued until the rehabilitation facilities have been approved by the inspecting official. All facilities shall be subject, during reasonable hours of operation, to inspection by the department to determine compliance with the provisions of the permit and the provisions contained in this regulation. Each facility shall be inspected by a department official once during the permit period and upon each change in facility location. Each subpermittee authorized to care for wildlife at a site other than the primary permittee’s facility shall have those facilities annually inspected and approved by a department official.
(d) Permits issued shall be valid through December 31.
(e) A permittee may provide for subpermittees to operate under the authority of the permit during the effective period of the permit upon approval of the secretary or designee, based on the following requirements:
   (1) Each permittee shall submit the name of each individual for whom the designation of subpermittee is requested. The permittee shall be notified by the department in writing of the approval or denial of each request. The permittee shall notify the department in writing of any approved subpermittee whose services with the permit holder are terminated.
   (2) Each subpermittee shall be 18 years of age or older and have experience in handling and caring for animals during the previous two years.
   (3) Each wildlife rehabilitation permittee shall be responsible for ensuring that each subpermittee meets all requirements of the rehabilitation permit.
   (4) Each subpermittee needing to care for wildlife in need of rehabilitation at a site other than the primary permittee’s facility shall have that site inspected and approved according to the standards specified in subsection (g) before holding any wildlife at that site.
   (5) Each subpermittee holding wildlife at a site different from the primary permittee’s facility shall comply with the conditions specified in the primary permittee’s permit.
(f) The rehabilitation activities authorized by each permit issued under this regulation shall be performed only by the permittee or subpermittee specified on the permit. Volunteers may assist in rehabilitation activities only in the presence and under the direction of a permittee or subpermittee. Each permittee utilizing volunteers shall keep on file at the permitted facility a current record of all volunteers working at the facility. At no time shall volunteers be allowed to remove wildlife from the permitted facility, except as provided in subsection (l).
(g) Wildlife rehabilitation care and treatment shall be provided in accordance with the following provisions:
   (1) All rehabilitation of wildlife shall be performed in consultation, as necessary, with a licensed veterinarian named on the rehabilitator’s permit or with veterinarians on staff at the Kansas State University veterinary hospital.
(2) Individual caging requirements may be specified by the secretary or designee based on the size, species, condition, age, or health of the wildlife under care.

(3) Clean water shall be available at all times except when medical treatment requires the temporary denial of water.

(4) Cages shall be cleaned on a daily basis and disinfected using nonirritating methods.

(5) A person authorized by permit shall observe and provide care for wildlife at least once daily unless otherwise specified by the permit.

(6) Wildlife shall be kept in an environment that minimizes human contact and prevents imprinting and bonding to humans.

(7) Wildlife possessed under a rehabilitation permit shall not be allowed to come into contact with any person other than a permit holder, subpermittee, volunteer, licensed veterinarian, animal control specialist, law enforcement officer, or wildlife professional from the department.

(8) Wildlife shall be housed separately from domestic animals, unless domestic animals are being used for bonding or surrogate parenting.

(9) Public viewing, exhibition, or display of any kind to the public, including electronic viewing, shall be prohibited, unless specifically authorized in writing by the secretary or designee.

(h) Wildlife held under the authority of a rehabilitation permit shall not be sold, bartered, or exchanged for any consideration. A permit issued under this regulation shall not authorize a person, firm, or corporation to engage in the propagation or commercial sale of wildlife.

(i) Wildlife held under the authority of a rehabilitation permit may be transferred from one permittee to another permittee if all of the following conditions are met:

1. The permittee receiving the wildlife holds all the proper permits and authorizations necessary for that species of wildlife.
2. The transfer is necessary for the proper treatment or care of the wildlife.
3. The transfer is properly recorded in both permittees’ operational records.
4. The transfer is approved in writing by the secretary or designee.

(j) The secretary or designee shall be notified within 48 hours if the permittee receives for transport or care an endangered species, threatened species, or species in need of conservation, as identified in K.A.R. 115-15-1 and K.A.R. 115-15-2. Permission for treatment and care by the requesting permittee may be granted by the secretary or designee, or an alternate course of action may be specified by the secretary or designee.

(k) No permittee shall perform any of the following acts, unless the permittee possesses, in advance, an amended permit authorizing this activity from the secretary or designee:

1. Change the facility location, consulting veterinarian, or subpermittees;
2. receive previously unauthorized species; or
3. conduct previously unauthorized activities.

(l) Sick, orphaned, displaced, or injured wildlife may be possessed, transported, or treated in accordance with the following provisions:

1. Any person may temporarily possess and transport sick, orphaned, displaced, or injured wildlife within the state to a person authorized to perform wildlife rehabilitation services or initial treatment. Possession of an individual animal for transportation to initial treatment shall not exceed one day.
2. Wildlife in need of rehabilitation treatment or care may be provided emergency medical care and stabilization by any of the following individuals or institutions not holding a rehabilitation permit for 48 hours, after which time the wildlife shall be transferred to a permitted rehabilitator:
   (A) Accredited zoological parks;
   (B) nature centers;
   (C) department wildlife professionals; or
   (D) licensed veterinarians.

   Any wildlife requiring extensive medical care and recovery may remain under the care of a licensed veterinarian beyond the 48-hour restriction, subject to subsection (g).

3. Any person authorized by permit to perform wildlife rehabilitation services or exempt by law from the requirement to possess a wildlife rehabilitation permit may possess individual animals for treatment purposes on a temporary basis. Possession of an individual animal for treatment purposes shall not exceed 180 days, unless an extension has been approved by the secretary or designee.

4. Rehabilitation treatment or care shall not be provided to the following species of wildlife:
   (A) European starlings;
   (B) English or house sparrows;
   (C) feral pigeons; and
   (D) any wildlife species listed in K.A.R. 115-18-10, except as authorized in writing by the secretary.
(m) Each permittee shall maintain current records of wildlife rehabilitation services provided under the permit on report forms provided by the department. The records shall be maintained at the designated facility, be made available to department officials for inspection purposes, and include the following information:

1. The name of the permittee;
2. The permittee contact information;
3. The name and address of the facility;
4. The wildlife rehabilitation permit number;
5. The date on which any wildlife is received for treatment;
6. The species of wildlife received for treatment;
7. The suspected or known cause for treatment;
8. The date and disposition of the wildlife at the conclusion of treatment; and
9. Other relevant information as required by the secretary.

(n) Each permittee shall submit the true and accurate, original report required in subsection (m) to the department on or before January 31 of the year following the permitted activity. The permittee may retain a copy of the report for the permittee’s records.

(o) Any person authorized by permit to perform wildlife rehabilitation services or exempt by law from the requirement to possess a wildlife rehabilitation permit may temporarily possess and transport wildlife to another location within the state for the purposes of providing treatment, releasing wildlife in its natural habitat, or transporting wildlife to an approved temporary or permanent holding facility. Possession of wildlife for transportation to another location shall not exceed 48 hours.

(p) Wildlife no longer in need of rehabilitation treatment or care shall be handled in accordance with the following requirements:

1. All wildlife determined to be capable of survival in the wild shall be released to the wild. Each individual releasing wildlife in accordance with this subsection shall ensure that the following conditions are met:
   A. The animal is released in an area consistent with the animal’s normal habitat.
   B. The animal is released only on land, including both public and private properties, if written permission has been granted by the person in legal possession of the land where the release is to be made.
   C. The animal is not released in a location so close to human dwellings that the release is likely to result in nuisance, health, or safety problems.
   D. The animal is not released within the limits of any municipality without prior written approval from the appropriate municipal authority.
2. Wildlife that cannot be rehabilitated and released to the wild shall be euthanized unless a written request, specifying an alternate course of action, is approved by the secretary or designee. Each course of action requiring the wildlife to remain in captivity shall be approved only if the wildlife is transferred from the permittee providing the rehabilitation services to an accredited zoological facility, or a scientific or educational permit holder in accordance with subsection (i). Each transfer shall be allowed only for educational programs or fostering or socialization purposes, and no transfer shall take place unless the secretary or designee has approved the request in writing.
3. All euthanized wildlife and wildlife that have died shall be buried, incinerated, or transferred to a person or facility possessing a valid department scientific, educational, or exhibition permit. All federally permitted wildlife shall be disposed of in accordance with the terms of any federal permit. Any deceased wildlife may be disposed of on private property with the prior written permission of the person in legal possession of the private property. Deceased wildlife shall not be disposed of within the limits of any municipality without the prior written permission of the municipality.

(q) Any permittee may continue to possess a permit if all of the following conditions are met:
1. The permit application is complete.
2. The permit application contains no false information.
3. The permittee meets the permit requirements and does not violate the permit conditions.
4. The permittee has not been convicted of violating local, state, or federal laws relating to the care, treatment, possession, take, or disposal of wildlife or domestic animals within the previous five years.
5. The permit has not expired.

The permittee shall be notified, in writing, of the cancellation of the permit by the secretary or designee. The permittee shall be provided by the secretary or designee with the opportunity to respond, in writing, within 10 days of receipt of the cancellation.

(r) Any provision of this regulation may be temporarily waived by the secretary or designee during a wildlife health crisis for the protection of public or wildlife health.

115-18-2. Raptor propagation permit; application, reporting and general provisions. (a) Any person desiring to possess raptors for propagation purposes shall submit a copy of the person's application for a federal raptor propagation permit to the secretary. A letter of approval issued by the secretary shall satisfy the department's raptor propagation permit requirement, but shall not be effective until the applicant has been issued a federal raptor propagation permit by the U. S. fish and wildlife service.

(b) Each person issued a federal raptor propagation permit shall submit to the department a copy of the approved federal permit and copies of all reports required by the federal permit.

115-18-3. Scientific, educational, or exhibition permit; application, reporting and general provisions. (a) Applications for scientific, educational, or exhibition permits shall be on forms provided by the department. Each applicant shall provide the following information:

(1) name of applicant;
(2) address;
(3) number and common name of each species proposed for collecting;
(4) counties of the state where collecting would occur;
(5) methods of collecting;
(6) time period for collecting;
(7) purposes for collecting;
(8) disposition of collected species; and
(9) other information as required by the secretary.

(b) Each permit shall be valid during the time period as specified on the permit.

(c) Each permittee shall maintain a record of permit activity, and shall submit a report to the department on permit activity as required by provisions of the permit.

(d) Each person engaged in any activity covered by the permit shall have a copy of the permit in possession, and shall produce proof of authority to conduct permit activity if so requested by a department official.

(e) Each permittee shall conduct permitted activities only as authorized by law, rules and regulations or as authorized under provisions of the permit.

(f) Each permittee shall submit a copy of any required federal permit to the department when federally protected species are involved in scientific, educational or exhibition permit activity.

(g) Each permittee shall submit a copy of any technical reports, publications, techniques, or other product resulting from the use of a scientific, educational, or exhibition permit.

(h) In addition to other penalties prescribed by law, the secretary may refuse to issue or may revoke a scientific, educational, or exhibition permit if:

(1) the application is incomplete or contains false information;
(2) issuance of a permit would not be in the best interest of the public; or
(3) the permittee fails to meet permit requirements or violates permit conditions. (Authorized by 1989 HB 2005, sections 9 and 83; implementing 1989 HB 2005, section 83; effective Oct. 30, 1989.)

115-18-4. Permits for hunting from a vehicle; applications and requirements. (a) Any person with a disability as defined by K.S.A. 8-1,124, and amendments thereto, may apply to the secretary on forms provided by the department for a permit to hunt from a vehicle. Each applicant shall provide the following information:

(1) Name of applicant;
(2) address;
(3) nature of the disability;
(4) a report signed by an authority as specified in K.S.A. 8-1,125 and amendments thereto, on forms provided by the department, that describes the disability and specifies the disability duration; and
(5) other information as required by the secretary.

(b) For any person with a disability to whom an individual identification card has been issued, as defined in and under the authority of K.S.A. 8-1,125 and amendments thereto, the individual identification card shall serve as a permit to hunt from a vehicle. An individual identification card shall not be used as a permit to hunt from a vehicle under any of the following conditions:

(1) The individual identification card is no longer valid.
(2) The individual identification card was obtained through false pretenses.
(3) The disability for which the individual identification card was issued no longer exists.  (c) The permittee shall be in possession of the permit while hunting.
(d) The permit shall be valid statewide and only for the person to whom the permit was issued.
(e) The permit shall be valid for the time period specified in the permit as determined by the permanent or temporary nature of the disability.
(f) The holder of a permit to hunt from a vehicle may shoot from a nonmoving vehicle, but only in compliance with applicable state and federal laws and regulations.
(g) A permit for hunting from a vehicle may not be issued or may be revoked by the secretary for any of the following reasons:
   (1) The disability does not meet the qualifications for the permit.
   (2) The application is incomplete or contains false information.
   (3) The disability under which the permit was issued no longer exists.
   If the secretary revokes a person’s permit for any of the above reasons, then that person shall not use an individual identification card as a permit to hunt from a vehicle.
(h) Any person may assist the holder of a permit to hunt from a vehicle during the permit holder’s hunting activity. A person assisting a holder of this permit shall not perform the actual shooting of wildlife for the permit holder. (Authorized by and implementing K.S.A. 32-931; effective Oct. 30, 1989; amended Nov. 15, 1993; amended October 1, 1999.)

115-18-5. Revoked.

115-18-6. Vehicle permits; news media exemption for state parks and other areas requiring motor vehicle permits. (a) A park and recreation motor vehicle permit shall not be required to enter any state park, or other area requiring a motor vehicle permit, if the vehicle is used for the purpose of:
   (1) reporting on newsworthy occurrences by members of the news media; or
   (2) other reporting efforts by members of the news media intended to inform and educate the public.
   (b) Each motor vehicle used by members of the news media for purposes as established by sections (a)(1) and (a)(2) shall display a media pass issued by the department.
   (c) Media passes shall be available upon application to the department and shall be issued at no cost.
   (d) A park and recreation motor vehicle permit shall not be required to enter any state park, or other area requiring a motor vehicle permit, by members of the news media when the motor vehicle is used for the purpose of attending a department approved special event, if the motor vehicle displays a media pass issued by the department. (Authorized by K.S.A. 32-807 and K.S.A. 32-901; implementing K.S.A. 32-807, K.S.A. 32-901 and K.S.A. 32-1001; effective Aug. 21, 1995.)

115-18-6a. Motor vehicle permits; school exemption for state parks and other areas requiring motor vehicle permits. (a) A park and recreation motor vehicle permit shall not be required to enter any state park, or other area requiring a motor vehicle permit, if the vehicle is used for the purpose of transporting primary and secondary students, faculty, and staff to the state park or other area requiring a motor vehicle permit.
    (b) Each motor vehicle used for the purpose specified in subsection (a) shall display a school vehicle license plate or other distinctive marking signifying that the vehicle is a primary or secondary school vehicle. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-901; effective Dec. 20, 2019.)

115-18-8. Retrieval and possession of game animals, sport fish, and migratory game birds. (a) Each individual wounding or killing a game animal, sport fish, or a migratory game bird shall make a reasonable effort to retrieve the wounded or dead game animal, sport fish, or migratory game bird. The retrieved game animal, sport fish, or migratory game bird shall be retained in the individual's bag, creel, or possession limit, unless prohibited by regulations of the secretary for the individual species taken. Nothing in this subsection shall prohibit the catch and release of live sport fish.
(b) Each game animal, sport fish, or migratory game bird retrieved shall be retained until any of the following occurs:

1. The animal, fish, or bird is processed for consumption.
2. The animal, fish, or bird is transported to the individual's residence, to a place of commercial preservation, or to a place of commercial processing.
3. The animal, fish, or bird is given to another person in accordance with K.A.R. 115-3-1, K.A.R. 115-4-2, and K.A.R. 115-7-4.
4. The animal, fish, or bird is consumed.

c) The provisions of this regulation shall not affect any requirement of state or federal law or regulation regarding any proof of species, age, or sex and the attachment of this proof to the carcass.

d) For the purpose of this regulation, “migratory game bird” shall mean any duck, goose, coot, merganser, rail, mourning dove, white-winged dove, snipe, woodcock, or sandhill crane for which a hunting season has been established in Kansas. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective June 8, 1992; amended Jan. 30, 1995; amended Oct. 5, 2001; amended July 25, 2003; amended Jan. 11, 2019.)

115-18-9. Furharvester license; unlicensed observer and restrictions. (a) If a non-participating observer accompanies a licensed furharvester who is engaged in furharvesting, the observer shall not be required to have a furharvester license.

(b) A non-participating observer shall be defined as an individual who, while accompanying a licensed furharvester, does not engage in or attempt to engage in any of the following:

1. Carrying or using any equipment that is used in an activity requiring a furharvester license;
2. Controlling or training any dog that is or can be used for an activity requiring a furharvester license; or

115-18-10. Importation and possession of certain wildlife; prohibition, permit requirement, and restrictions. (a) The importation, possession, or release in Kansas of the following live wildlife species shall be prohibited, except as authorized by terms of a wildlife importation permit issued by the secretary:

1. Walking catfish (Clarias batrachus);
2. Silver carp (Hypophthalmichthys molitrix);
3. Bighead carp (Hypophthalmichthys nobilis);
4. Black carp (Mylopharyngodon piceus);
5. Snakehead fish (all members of the family Channidae);
6. Round goby (Neogobius melanostomus);
7. White perch (Morone americana);
8. Zebra mussel (Dreissena polymorpha);
9. Quagga mussel (Dreissena bugensis);
10. New Zealand mudsnail (Potamopyrgus antipodarum);
11. Diploid grass carp (Ctenopharyngodon idella);
12. Marbled crayfish (Procambarus virginalis);
13. Monk parakeet (Myiopsitta monachus); (14) Asian raccoon dog (Nyctereutes procyonoides);
15. Crucian carp (Carassius carassius);
16. Large-scale silver carp (Hypophthalmichthys harmandi);
17. Prussian carp (Carassius gibelio);
18. Wels catfish (Silurus glanis);
19. Eurasian minnow (Phoxinus phoxinus);
20. Stone moroko (Pseudorasbora parva);
21. European perch (Perca fluviatilis);
22. Nile perch (Lates niloticus);
23. Roach (Rutilus rutilus);
24. Amur sleeper (Perccottus glenii);
(25) zander (Sander lucioperca); and
(26) common yabby (Cherax destructor).

(b) Any live member of a wildlife species listed in subsection (a) and possessed before the following dates may be retained in possession, in closed confinement, by making application to the secretary that provides information detailing the circumstances, including the location, by which the animal came into the applicant’s possession:

(1) February 1, 1978 for fish and bird species other than black carp, snakehead fish, round goby, white perch, zebra mussel, quagga mussel, New Zealand mudsnail, and diploid grass carp;
(2) February 1, 1986 for mammal species;
(3) October 1, 2000 for black carp;
(4) May 1, 2003 for snakehead fish;
(5) August 1, 2004 for round goby, quagga mussel, and zebra mussel;
(6) May 15, 2005 for New Zealand mudsnail;
(7) February 15, 2007 for white perch;
(8) January 1, 2008 for diploid grass carp;
(9) January 30, 2019 for marbled crayfish; and
(10) January 1, 2021 for crucian carp, largescale silver carp, Prussian carp, wels catfish, Eurasian minnow, stone moroko, European perch, Nile perch, roach, amur sleeper, zander, and common yabby.

The manner in which the animal is to be used shall be identified in the application.

c) Any wildlife importation permit for the importation or possession of live members of the wildlife species listed in subsection (a) may be issued by the secretary for experimental, scientific, display, or other purposes subject to any conditions and restrictions contained or referenced in the wildlife importation permit.

d) Each individual wanting to import or possess live members of the wildlife species listed in subsection (a) shall apply to the secretary for a wildlife importation permit. The application shall be submitted on forms provided by the department and shall contain the following information:

(1) The name, address, and telephone number of applicant;
(2) the wildlife species to be imported or possessed and the number of wildlife involved;
(3) the purpose or purposes for importation or possession;
(4) a description of the facilities for holding and using the wildlife species;
(5) a description of plans to prevent the release of the wildlife species; and
(6) other relevant information as requested by the secretary.

e) Each wildlife importation permit, once issued, shall be valid during the time period specified on the permit.

(f) In addition to other penalties prescribed by law, any wildlife importation permit may be refused issuance or revoked by the secretary if any of the following conditions is met:

(1) The application is incomplete or contains false information.
(2) Issuance of a permit would not be in the best interest of the public or of the natural resources of Kansas.

115-18-12. Trout permit; requirements, restrictions, and permit duration. (a) Each individual who wants to fish or to fish for and possess trout during those periods of time on those bodies of water established by K.A.R. 115-25-14 shall be required to have a trout permit.

(b) Each trout permit shall be valid statewide for one year from the date of purchase.

115-18-14. Nontoxic shot; statewide. (a) Each individual hunting with a shotgun for waterfowl, coot, rail, snipe, or sandhill crane shall possess and use only nontoxic shot.
   (b) The following nontoxic shot materials shall be approved for the hunting of waterfowl, coot, rail, snipe, and sandhill crane:
      (1) Steel shot;
      (2) steel shot coated with any of the following materials:
         (A) Copper;
         (B) nickel;
         (C) zinc chromate; or
         (D) zinc chloride;
      (3) bismuth-tin shot;
      (4) tungsten-iron shot alloys;
      (5) tungsten-polymer shot;
      (6) tungsten-matrix shot;
      (7) tungsten-nickel-iron shot alloys;
      (8) tungsten-iron-nickel-tin shot;
      (9) tungsten-bronze shot alloys;
      (10) tungsten-tin-bismuth shot;
      (11) tungsten-iron-copper-nickel shot; and

115-18-15. Disability assistance permit; application, permit, and general provisions. (a) Any person who has a permanent physical or visual disability making that person eligible to receive a disability assistance permit and who desires to obtain a permit shall apply to the secretary. Each applicant shall provide the following information:
   (1) name of applicant;
   (2) address;
   (3) a physician’s or an optometrist’s signed report, either on a form provided by the department or on the physician’s or optometrist’s letterhead, describing the permanent disability, certifying the applicant cannot safely hunt or fish without assistance in accordance with law and rules and regulations of the department because of this disability, and indicating the hunting or fishing activities that the applicant is physically or visually unable to safely perform without assistance in accordance with law and rules and regulations of the department; and
   (4) other information, as required by the secretary.
   (b) An applicant may be required by the secretary to obtain, at department expense, a report from a second physician or optometrist, as appropriate, chosen by the secretary.
   (c) A disability assistance permit may be refused issuance or may be revoked by the secretary for any of the following reasons.
      (1) The physical disability does not meet qualifications.
      (2) The application is incomplete or contains false information.
      (3) The physical disability under which the disability assistance permit was issued no longer exists.
      (d) The disability assistance permit shall indicate the hunting or fishing activity or activities for which the permit is valid.
      (e) The disability assistance permit shall be valid from the date of issuance until and unless revoked by the secretary.
      (f) In addition to other penalties prescribed by law, a disability assistance permit shall be invalid from the date of issuance if obtained by an individual through misrepresentation or unauthorized application. (Authorized by K.S.A. 32-807 and L. 1997, Ch. 127, Sec. 2; implementing L. 1997, Ch. 127, Sec. 2; effective, T-115-9-9-97, Sept. 9, 1997; effective Dec. 29, 1997.)

115-18-16. Light goose conservation order; general provisions and restrictions. (a) Light geese shall
include lesser snow geese and Ross’ geese.

(b) An individual may harvest light geese outside of regularly established waterfowl hunting season
dates only if that individual possesses any licenses and stamps required during regularly established
waterfowl hunting seasons in Kansas.

(c) In addition to regularly established waterfowl hunting seasons, harvest of light geese shall be
allowed from January 1 through April 30. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807,

115-18-17. Educational bird hunt permit; application, permit, and general provisions. (a) Pen-raised, banded birds may be released and shot outside of established hunting seasons for that species
if authorized by an educational bird hunt permit. An educational bird hunt permit shall not be required in
order to take any species of bird during established hunting seasons for that species.

(b) Each person who desires to obtain an educational bird hunt permit shall apply to the secretary.

Each applicant shall provide the following information:

(1) The name and address of the applicant;
(2) a description of the educational purpose to be met by the proposed hunt;
(3) the date and location of the proposed hunt;
(4) the anticipated number of student participants and instructor participants;
(5) the source, species, and number of birds to be released; and
(6) any other information as required by the secretary.

(c) Issuance of an educational bird hunt permit may be denied by the secretary for any of the
following reasons:

(1) The application is incomplete or contains false information.
(2) The proposed hunt does not conform to the requirements for and restrictions governing an
educational bird hunt.
(3) The proposed hunt would violate a law or another regulation.
(4) Issuance of the permit would pose an inordinate risk to the public or to wildlife resources.

(d) Each educational bird hunt shall be subject to the following requirements and restrictions:

(1) The purpose of the proposed hunt shall be to educate persons who have not had previous
experience hunting upland birds.
(2) Instructor participants may shoot and take released birds, but no more than one instructor
participant per student participant shall be permitted.
(3) The number of game birds harvested during an educational bird hunt shall not exceed the number
of game birds released of the same species. No game bird species may be hunted during the educational
bird hunt until a release of that game bird species has been made.
(4) All pen-raised birds released during an educational bird hunt shall be banded using leg bands and
shall be coded with the initials “EH”.
(5) Within 30 days of the conclusion of an educational bird hunt, the permittee shall report the
following to the department:
(A) The number of student participants and instructor participants; and
(B) the number of birds released and the number of birds harvested, for each species released or
harvested. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective
July 13, 2001.)

115-18-18. Hand fishing permit; requirements, restrictions, and permit duration. (a) Each individual who
wants to hand fish for flathead catfish during those periods of time on those bodies of water established by K.A.R.
115-25-14 shall be required to have a hand fishing permit.

(b) Each hand fishing permit shall be valid statewide through December 31 of the year in which the permit is
issued.

(c) Each hand fishing permit shall be validated by the signature of the permit holder written across the face of
the permit. A hand fishing permit shall not be transferable.

(Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25; effective Nov. 27,
2006; amended Nov. 26, 2012.)

115-18-19. Paddlefish permit; requirements, restrictions, and permit duration. (a) Each individual who
wants to snag for paddlefish during those periods of time on those bodies of water established by K.A.R. 115-25-
14 shall be required to have a paddlefish permit.
(b) Each paddlefish permit shall be valid statewide through December 31 of the year in which the permit is issued.

(c) Each paddlefish permit shall be validated by the signature of the permit holder written across the face of the permit. A paddlefish permit shall not be transferable.

(d) Any individual younger than 16 years of age may use an adult’s paddlefish permit while accompanied by that adult with at least one unused carcass tag in possession. Each paddlefish snagged and kept by the individual younger than 16 years of age shall be included as part of the daily creel limit of the permit holder. (Authorized by and implementing K.S.A. 2016 Supp. 32-807; effective Nov. 27, 2006; amended Dec. 22, 2017.)

115-18-20. Tournament black bass pass; requirements, restrictions, and pass duration. (a) A tournament black bass pass shall be required for each individual who wants to keep up to five black bass in a daily creel limit that meet the minimum statewide length limit but that do not meet the special length limit for the specific body of water, or who wants to cull black bass after the daily creel limit has been met, during a weigh-in bass tournament as established in K.A.R. 115-7-9.

(b) Each tournament black bass pass shall be valid statewide for one year from the date of purchase.

(c) Each tournament black bass pass shall be validated by the signature of the pass holder written across the face of the pass. A tournament black bass pass shall not be transferable. (Authorized by and implementing K.S.A. 2016 Supp. 32-807; effective Nov. 27, 2006; amended Nov. 16, 2007; amended Nov. 19, 2010; amended Nov. 28, 2016; amended Dec. 22, 2017.)

115-18-22. Senior pass valid for hunting and fishing; requirements, restrictions, and permit duration. (a) Any Kansas resident age 65 and older may apply to the secretary for a senior pass valid for hunting and fishing.

(b) For the purposes of this regulation, the term “resident” shall have the meaning specified in K.S.A. 32-701, and amendments thereto, except that a person shall have maintained that person’s place of permanent abode in this state for not less than one year immediately preceding that person’s application for a senior pass valid for hunting and fishing.

(c) A senior pass valid for hunting and fishing shall not be made invalid because the holder of that senior pass subsequently resides outside of the state.

(d) Each nonresident holder of a senior pass valid for hunting and fishing shall be eligible under the same conditions as those for a Kansas resident for a big game or wild turkey permit upon proper application to the secretary.

(e) A senior pass shall not be transferable.

(f) Each senior pass shall be valid during the life of the holder and shall expire upon the death of the holder.

This regulation shall be effective on and after January 1, 2013. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, and L. 2012, Ch. 154, Sec. 1; effective Jan. 1, 2013.)

115-20-1. Crows; legal equipment, taking methods, and possession. (a) Legal hunting equipment for taking crows shall consist of the following:

1. Firearms, except fully automatic rifles and handguns and except shotguns and muzzleloading shotguns larger than 10 gauge or using other than shot ammunition;
2. pellet and BB guns;
3. archery equipment;
4. falconry equipment;
5. calls and decoys, except live decoys; and
6. optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light.

(b) The use of dogs shall be permitted while hunting.

(c) Hunting hours shall be from 1/2 hour before sunrise to sunset.

(d) Any type of apparel may be worn while hunting crows.

(e) Crows may be shot or pursued by falconry means while the crow is in flight, on the ground, or perched.

(f) Legally taken crows may be possessed without limit in time and number and may be disposed of in any manner. However, crows shall not be purchased, sold, bartered, or offered for purchase, sale, or barter.
Blinds and stands may be used while hunting. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective July 30, 1990; amended March 20, 1995; amended July 13, 2001; amended Feb. 18, 2005.)

115-20-2. Certain wildlife; legal equipment, taking methods, possession, and license requirement. (a) Subject to federal and state laws and regulations, wildlife listed in subsection (b) may be taken for personal use on a noncommercial basis.

(b) For purposes of this regulation, wildlife shall include the following, excluding any species listed in K.A.R. 115-15-1 or K.A.R. 115-15-2:

(1) Amphibians, except bullfrogs;
(2) armadillo;
(3) commensal and other rodents, excluding game and furbearing animals;
(4) exotic doves;
(5) feral pigeon;
(6) gopher;
(7) ground squirrel;
(8) invertebrates;
(9) kangaroo rat;
(10) mole;
(11) porcupine;
(12) prairie dog;
(13) reptiles, except common snapping turtles and soft-shelled turtles;
(14) woodchuck; and
(15) wood rat.

(c) Wildlife listed in subsection (b) shall be taken only with any of the following legal equipment or methods:

(1) Bow and arrow;
(2) crossbow;
(3) deadfall;
(4) dogs;
(5) falconry;
(6) firearms, except fully automatic firearms;
(7) glue board;
(8) hand;
(9) net or seine;
(10) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light;
(11) pellet and BB gun;
(12) poison, poisonous gas, or smoke, if the toxicant is registered and labeled for that use and if all permit requirements for use of the poison, poisonous gas, or smoke have been met;
(13) projectiles hand-thrown or propelled by a slingshot;
(14) snare or noose; or
(15) trap.

(d) The open season for the taking of wildlife listed in subsection (b) shall be year-round.

(e) There shall be no maximum daily bag or possession limit for wildlife listed in subsection (b), except that no more than five of any one species of amphibian, reptile, or mussel may be possessed and no more than five live specimens of mussels may be possessed. Two opposing shells shall constitute one mussel.

(f) Each exotic dove possessed in excess of the aggregate daily bag limit or aggregate possession limit for migratory doves during the open season for migratory doves established in K.A.R. 115-25-19 shall retain a fully feathered wing. For the purpose of this regulation, “migratory dove” shall mean any mourning dove or white-winged dove, and “exotic dove” shall mean a Eurasian collared dove or ringed turtledove.

(g) Legally taken wildlife listed in subsection (b) may be possessed without limit in time.

115-20-3. Exotic Wildlife; possession, sale and requirements. (a) Subject to federal or state law or
rules and regulations, exotic wildlife species may be imported, possessed, sold, offered for sale or purchased, provided the exotic wildlife was legally captured, raised, exported, possessed, sold or purchased or any combination of these activities in its place of origin.

(b) Exotic wildlife may be possessed without limit in time and number.

(c) Exotic wildlife shall be confined or controlled at all times and shall not be released onto the lands or into the waters of this state.

(d) Exotic wildlife shall only include those wildlife species which are non-migratory and are not native or indigenous to Kansas, or do not presently exist in Kansas as an established wild population. (Authorized by K.S.A. 1990 Supp. 32-807; implementing K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 Supp. 32-1002; effective September 10, 1990; amended Feb. 10, 1992.)

115-20-4. Possession of certain wildlife. (a) Any person possessing one of the following animals shall be required to obtain a possession permit:

(1) mountain lion, *Felis concolor* Linnaeus;
(2) wolf, *Canis lupus* Say;
(3) black bear, *Ursus americanus* Pallas; and
(4) grizzly bear, *Ursus arctos horribilis* Ord.

(b) Any individual may apply to the secretary for a possession permit. The applicant shall provide the following information:

(1) the name of the applicant;
(2) the address of the applicant;
(3) the telephone number of the applicant;
(4) the species and number of wildlife for which the possession permit is requested;
(5) the purpose for which the wildlife would be possessed;
(6) proof of purchase or receipt;
(7) other information as requested by the secretary.

(c) Each permittee shall submit a report to the department describing changes in wildlife possession as authorized by the possession permit. The report shall be submitted within five days after the change occurred, except that the escape of any possessed wildlife shall be reported within 24 hours. Changes for which a report shall be required include:

(1) any possessed wildlife sold or otherwise disposed of;
(2) any wildlife purchased or otherwise acquired;
(3) the death of any possessed wildlife; or
(4) the escape of any possessed wildlife.

(d) Each permittee shall only possess wildlife species and numbers as authorized in the possession permit.

(e) The possession permit shall be valid from date of issue and shall expire upon request of the permittee or as so ordered by any legal authority.

(f) The possession of wildlife listed in subsection (a) shall be subject to all federal and state laws and regulations and to all local ordinances.

(g) The provisions of this regulation shall not apply to:

(1) zoos;
(2) licensed veterinarians;
(3) transportation of such wildlife through the state;
(4) possession of such wildlife when the possession shall not exceed five days; or
(5) such wildlife possessed for scientific, educational or display purposes by:

(A) a school or university; or

115-20-5. Dangerous regulated animals; primary caging requirements. Each person possessing a dangerous regulated animal, as defined in L. 2006, ch. 131, sec. 1 and amendments thereto, shall confine, house, maintain, and transport the animal as follows:

(a) Mammals.

(1) Each primary holding cage shall meet the following requirements:

(A) Be constructed in a manner that prohibits physical contact with the animal by any person other than the owner, designated handler, or veterinarian providing medical attention or treatment; and
(B) be enclosed inside a perimeter fence, rail, or other physical structure that prohibits physical contact with the animal.

(2) Each gate allowing access through a perimeter fence, rail, or other physical structure surrounding any primary holding cage shall be locked at all times with a key or combination lock to prevent unauthorized entry into the area immediately surrounding the primary holding cage, except when authorized persons are present in the area.

(3) Each primary holding cage shall include a shift cage to isolate the animal from the primary holding cage to permit the feeding, cleaning, repair, or other activities that necessitate the separation or isolation of the animal. Each shift cage shall be constructed so that the animal to be isolated is able to stand, lie naturally, and turn around without touching the sides of the shift cage. If multiple animals are held within a primary holding cage, the shift cage shall be constructed so that multiple animals to be isolated are able to stand, lie naturally, and turn around without touching the sides of the shift cage.

(4) Each primary holding cage shall be accessed through a double-gated entry consisting of a completely enclosed structure, constructed of material of strength or specification equal to or greater than that of the primary holding cage, and equipped with one primary access gate or door and a secondary access safety gate or door. Each door shall be equipped with a latch of sufficient strength and design to prevent the gate from opening accidentally, shall open only inward, and shall be equipped with stops or blocks of sufficient strength to prevent an animal from escaping by charging or striking the door. The primary access door shall be locked with a key or combination lock, separate from the latch, to prevent unauthorized entry. Additionally, the secondary door shall be equipped with either an additional latch or safety chain of sufficient strength and design to secure the door temporarily. Each person entering the primary holding cage shall enter through the primary access door and securely close the door before passing through the secondary access door. The primary access door and secondary access door shall not be open simultaneously when an animal is present in the primary holding cage.

(5) Any primary holding cage may be equipped with a maintenance gate to allow large items, including claw logs and maintenance equipment, to enter the primary holding cage. Each maintenance gate shall be securely double-latched and locked when not in operation. In addition, no maintenance gate shall be open when an animal is present in the primary holding cage.

(6) Each primary holding cage utilizing electrical power on any perimeter fence, secondary barrier, or enclosure shall have a functional, backup electrical system in place that is powered by a gas generator, solar-charged batteries, or the functional equivalent, to be used if the electrical power fails or the primary electrical source malfunctions.

(7) Each primary holding cage for any lions, leopards, jaguars, cheetahs, or mountain lions, or any hybrids of these animals, shall be constructed of materials meeting the following minimum requirements:

(A) The fencing for lions and tigers shall have the strength of a nine-gauge chain-link fence.

(B) The fencing for leopards, cheetahs, jaguars, and mountain lions shall have the strength of an eleven-gauge chain-link fence.

(C) Break-resistant glass or plastic viewing panels may be used if the material is of sufficient strength to prevent breakage by the animals confined.

(D) Each wall shall be at least eight feet in height. Except for any primary cage holding cheetahs, each primary holding cage with walls at least eight feet but not more than 13 feet in height shall be topped with the same fencing material required for the walls for the species of animal held. Each wall greater than 13 feet in height shall be equipped with either a supported, inward-facing overhang of at least 36 inches or two electrified wires encompassing the entire perimeter of the walls, unless topped with fencing materials. Each primary holding cage for cheetahs, unless topped with fencing materials, shall be equipped with either a supported, inward-facing overhang of at least 18 inches or two electrified wires encompassing the entire perimeter of the walls.

(E) Each primary holding cage for any feline species shall have either a concrete footing extending a minimum of one foot into the ground or chain-link or welded wire fencing buried horizontally, of the equivalent strength as that of the primary cage wall, extending a minimum of three feet around the inside of the primary holding cage. All fencing material shall be securely fastened to the primary holding cage framework or to adjacent fencing or footings, in order to prevent separation from the framework or adjacent fencing materials. All fencing that is buried shall consist of nonrusting material.

(F) The vertical and horizontal fencing framework shall be constructed to effectively support the fencing materials and prevent bending or breakage of the fencing materials by the animals held in the primary holding cage.

(G) The floor space of each primary holding cage shall be at least 288 square feet for any feline species if only one animal is confined in the primary holding cage. Each additional animal confined in
the same primary holding cage shall require an additional 144 square feet for that animal.

(8) Each primary holding cage for all bear species or any bear hybrids shall be constructed of materials meeting the following minimum requirements:

(A) The fencing for black bears, sloth bears, sun bears, and spectacled or Andean bears shall have the strength of a nine-gauge chain-link fence and shall be eight feet in height.

(B) The fencing for grizzly bears, brown bears, and polar bears shall have the strength of a five-gauge chain-link fence and shall be 10 feet in height.

(C) Any wall may be constructed of vertical steel bars or rods measuring 5/8 inch in diameter, spaced on four-inch centers, and welded at the end to angle iron measuring 1 1/4 inch by 1/4 inch. The horizontal angle iron shall be welded to vertical posts. The bottom horizontal supports shall be not more than three inches above the concrete floor or footing and shall not be spaced more than four feet apart between the floor and the top of the cage.

(D) Break-resistant glass or plastic viewing panels may be used if the material is of sufficient strength to prevent breakage by the animals confined.

(E) Each primary holding cage with walls at least eight feet but not more than 13 feet in height shall be covered with the same fencing material as that required for the walls for the species of animal held. Each wall greater than 13 feet in height, unless topped with fencing material, shall be equipped with either a supported, inward-facing overhang of at least 36 inches or two electrified wires encompassing the entire perimeter of the walls.

(F) Each primary holding cage for all bear species shall have a reinforced concrete floor at least four inches thick or a concrete footing extending at least five feet in the ground.

(G) The vertical and horizontal fencing framework shall be constructed to effectively support the fencing materials and prevent bending or breakage of the fencing materials by the animals held in the cage.

(H) The floor space of each primary holding cage shall be at least 288 square feet for black bears, sloth bears, sun bears, and spectacled or Andean bears if only one animal is confined in the cage. Each additional animal confined in the same cage shall require an additional 144 square feet for that animal.

(I) The floor space of each primary holding cage shall be at least 432 square feet for grizzly bears, brown bears, and polar bears if only one animal is confined in the cage. Each additional animal confined in the same cage shall require an additional 288 square feet for that animal.

(9) Any animal held for sale by a person with a valid license from the United States department of agriculture and any animal held for veterinary care or quarantine may be temporarily held or caged for not more than 60 days in a cage or enclosure that does not meet the primary cage space requirements.

(A) Upon written request to the local animal control authority, this temporary holding or caging period may be extended if conditions certified by a licensed veterinarian necessitate a longer holding period for the health, safety, or welfare of the animal or the public.

(B) The medical records for any animal for which an extension is requested shall be maintained at the facility and available for review upon request.

(C) A cage for temporary care shall not be used if the animal being held is not able to stand, lie naturally, and turn around without touching the sides of the cage. In addition, each animal or cage shall be permanently marked to correlate with records indicating the date on which the animal was placed in confinement.

(10) Any newborn animal may be temporarily confined in incubation and rearing facilities that do not conform to primary cage standards.

(11) Any nursing animal may be temporarily maintained with the animal’s parents without regard to primary cage standards that require increases in the square footage of the cage until the nursing animal is weaned. This period may be extended to a date certain, on the recommendation of a licensed veterinarian for the health, safety, or welfare of the animal.

(12) Any juvenile animal may be confined in an enclosure or cage smaller than a primary holding cage, if the cage is large enough for the animal to stand, lie naturally, and turn around without touching the sides of the cage.

(13) Each juvenile animal that is confined in any cage other than a primary holding cage shall be marked or clearly identifiable to prove the date on which the animal was placed in confinement and the age of the animal and shall be provided space for exercise on a daily basis.

(14) Each juvenile animal shall be transferred permanently to a primary holding cage upon reaching six months of age or twenty-five pounds in weight, whichever occurs first.

(15) Each animal that must be transported to a location other than the primary holding cage shall be transported in a fully enclosed cage that is constructed of materials meeting a standard equivalent to the
minimum standard for the primary cage for the species, is not injurious to the animal, and does not allow physical contact between the animal and any person.

(b) Nonnative venomous snakes.
   (1) Each primary holding container for snakes shall have an access door or opening that is securely latched and locked, have joined surfaces that meet tightly, and be structurally sound to prevent separation of the surfaces and the escape of the confined snake or snakes.
   (2) Each primary holding container for snakes shall be locked within a building or other structure that is inaccessible to unauthorized persons and that is constructed and maintained to prevent the escape of each confined snake.
   (3) Each primary holding container for snakes shall be constructed from material meeting one of the following minimum requirements:
      (A) Laminated safety glass, plate glass, or tempered glass at least 3/16 inch thick;
      (B) break-resistant plastic with strength equivalent to the strength of laminated safety glass that is at least 3/16 inch thick;
      (C) wire-reinforced concrete;
      (D) sheet metal;
      (E) molded fiberglass; or
      (F) plywood or interlocking lumber that has been treated to be impervious to moisture and is at least ½ inch thick.
   (4) Each primary holding container shall have adequate ventilation. Each ventilation opening shall be securely covered with double walls made of wire or fiberglass mesh measuring at least 1/16 inch.
   (5) The perimeter of each primary holding container for snakes less than six feet in length shall be at least 1½ times the length of the snake. The perimeter of each container for snakes more than six feet in length shall be at least twice the length of the snake.
   (6) Each primary holding container shall be labeled with the common and scientific names of the species and subspecies of snakes held and the number of snakes held. The label shall be legibly marked with the warning “poisonous” or “venomous” and the name of the appropriate antivenin for the snake species.
   (7) Each primary holding container used for public exhibit or display shall have double-pane glass panels.
   (8) Written emergency procedures to be followed if a snake escapes shall be posted in a prominent location in the building or structure housing the snakes, along with a written plan from a hospital stating the way that a venomous bite should be treated and a notice of the location of the nearest, most readily available source of appropriate antivenin.
   (9) Each snake removed from the primary holding container for feeding or for cleaning the container shall be held in a fully enclosed and ventilated container with a secure and locked lid.
   (10) Each snake that must be transported from its primary holding container to another location shall be transported in a cloth sack placed inside a break-resistant, ventilated, and locked box that is made of wood, fiberglass, or plastic and that is clearly marked with the contents of the box. In addition, the box used shall not be injurious to the snake, shall not be subject to breaking from impact or dropping, and shall prohibit physical contact between the snake and any person. (Authorized by and implementing L. 2006, ch. 131, sec. 6; effective Nov. 27, 2006.)

115-20-6. Dangerous regulated animals; registered designated handler. Each person applying to be a registered designated handler, as defined in L. 2006, ch. 131, sec. 1 and amendments thereto, shall meet the following minimum requirements:
   (a) Be 18 years of age or older;
   (b) have obtained at least 200 hours of training and experience in the care, feeding, handling, and husbandry of the species for which the registration is sought or another species within the same biological order that is substantially similar in size, characteristics, care, and nutritional requirements to the species for which the registration is sought; and
   (c) submit documentation of the training and experience specified in subsection (b), including a description of the training and experience acquired, the dates on which the training and experience were acquired, the location where the training and experience were acquired, and at least two references from individuals having personal knowledge of the documented training and experience. (Authorized by and implementing L. 2006, ch. 131, sec. 10; effective Nov. 27, 2006.)
115-20-7. Migratory doves; legal equipment, taking methods, and possession. (a) Legal hunting equipment for migratory doves shall consist of the following:
   (1) Shotguns that are not larger than 10 gauge, use shot ammunition, and are incapable of holding more than three shells in total capacity;
   (2) archery equipment;
   (3) crossbows;
   (4) falconry equipment;
   (5) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light; and
   (6) blinds, stands, calls, and decoys, except live decoys.
(b) The use of dogs shall be permitted while hunting.
(c) Any type of apparel may be worn while hunting migratory doves.
(d) Legally taken migratory doves may be possessed without limit in time and may be given to another if accompanied by an attached, dated written notice that includes the donor’s printed name, signature, and address; the total number of birds; the dates the birds were killed; and the permit or license number. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of.
   (e) Migratory doves shall be taken only while in flight. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Nov. 20, 2009; amended July 20, 2012; amended July 28, 2017; amended May 31, 2019.)

115-22-1. Sport shooting ranges; generally accepted operating practices. The following chapters and articles in "the range manual" of the national rifle association, as revised in June 1998, are hereby adopted by reference as the regulations of the department establishing generally accepted operating practices for sport shooting ranges.
   (a) In the "introduction" in section one, the following articles:
      (1) "Article 1. introduction";
      (2) "article 3. manual organization"; and
      (3) "article 4. terminology";
   (b) in chapter two of section one, "safety plan," the following articles:
      (1) "Article 1. general;
      (2) "article 2. safety planning";
      (3) "article 3. general administrative regulations"; and
      (4) "article 4. general range commands"; and
   (c) in chapter six of section one, "sound abatement on shooting ranges," the following articles:
      (1) "Article 1. general";
      (2) "article 2. definitions"; and
      (3) "article 3. concepts and methodology." (Authorized by L. 2001, Ch. 185, Sec. 8; implementing L. 2001, Ch. 185, Sec. 4 and Sec. 8; effective Dec. 7, 2001.)

115-25-1. Prairie chickens; open seasons, bag limits, and possession limits; permit. (a) East unit. The open season for the taking of prairie chickens shall be September 15 through January 31 of the following year, in that part of Kansas bounded by a line from the Colorado-Kansas state line east on interstate highway I-70 to its junction with state highway K-24, then east on state highway K-24 to its junction with state highway K-18, then southeast on state highway K-18 to its junction with federal highway US-183, then south on federal highway US-183 to its junction with state highway K-156, then east on state highway K-156 to its junction with state highway K-19, then south on state highway K-19 to its junction with federal highway US-50, then east on federal highway US-50 to its junction with federal highway US-281, then south on federal highway US-281 to its junction with the Oklahoma-Kansas state line, then east along the Oklahoma-Kansas state line to its junction with the Missouri-Kansas state line, then north along the Missouri-Kansas state line to its junction with the Nebraska-Kansas state line, then west along the Nebraska-Kansas state line to its junction with the Colorado-Kansas state line, and then south along the Colorado-Kansas state line to its junction with interstate highway I-70.
   (b) Southwest unit. There shall be no open season for the taking of prairie chickens in that part of Kansas bounded by a line from the Colorado-Kansas state line east on interstate highway I-70 to its
junction with state highway K-24, then east on state highway K-24 to its junction with state highway K-18, then southeast on state highway K-18 to its junction with federal highway US-183, then south on federal highway US-183 to its junction with state highway K-156, then east on state highway K-156 to its junction with state highway K-19, then south on state highway K-19 to its junction with federal highway US-50, then east on federal highway US-50 to its junction with federal highway US-281, then south on federal highway US-281 to its junction with the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with the Colorado-Kansas state line, and then north along the Colorado-Kansas state line to its junction with interstate highway I-70.

(c) Daily bag limit. The daily bag limit shall be two prairie chickens in units with an open season for the taking of prairie chickens.

(d) Possession limit. The possession limit shall be eight prairie chickens.

(e) Permit required. Before taking any prairie chickens, the individual shall have obtained and shall possess, while hunting, a current prairie chicken hunting permit from the department. (Authorized by and implementing K.S.A. 2020 Supp. 32-807.)

115-25-1a. Quail; open seasons, bag limits, and possession limits. (a) The open season for the taking of quail shall be the second Saturday in November through January 31 of the following year.

(b) The youth season for the taking of quail shall begin on the first Saturday in November and shall continue for two consecutive days, including the opening day. Only a person who is 17 years of age or younger and who is accompanied by an adult 18 years of age or older may hunt during the youth season for the taking of quail.

(c) The entire state shall be open for the taking of quail.

(d) (1) The daily bag limit during the open season for the taking of quail shall be eight quail.

(e) (1) The possession limit during the open season for the taking of quail shall be 32 quail.

115-25-9. Deer; open season, bag limit, and permits. (a) The open season for the taking of deer shall be as follows:

1. Archery season.
   (A) The archery season in all deer management units shall be September 12, 2022 through December 31, 2022.
   (B) Archery deer permits also shall be valid during the portion of the extended firearm season beginning on January 1, 2023 and extending through the last open day in units open during an extended firearm season and shall be valid with any legal equipment authorized during a firearm season, but shall be valid only for antlerless white-tailed deer during those dates.
   (C) The number of archery deer permits shall be based on a review of deer population indices, biological and ecological data, history of permit use and harvest rates, public input, and other relevant information.
   (D) The urban antlerless-only white-tailed deer archery season shall begin on January 23, 2023 and extend through January 31, 2023 in all units designated as an urban deer management unit.

2. Firearm season.
   (A) The regular firearm season dates in all deer management units shall be November 30, 2022 through December 11, 2022.
   (B) The pre-rut white-tailed deer antlerless-only season in all deer management units shall be October 8, 2022 through October 10, 2022.
   (C) During the regular and extended firearm deer seasons, white-tailed either-sex deer permits issued for a deer management unit adjacent to or encompassing an urban deer management unit shall be valid in both the designated unit and the urban deer management unit.
   (D) The number of firearm deer permits for each management unit shall be based on a review of deer population indices, biological and ecological data, history of permit use and harvest rates, public input, and other relevant information.

3. Muzzleloader-only season.
   (A) The muzzleloader-only season in all deer management units shall be September 12, 2022 through September 25, 2022. Muzzleloader deer permits shall also be valid during established firearm seasons using muzzleloader equipment, except that during the portion of the extended firearm season beginning on January 1, 2023 and extending through the last open day in units open during an extended firearm season, these permits shall be valid with any legal equipment authorized during a firearm season. During an extended firearm season, only muzzleloader deer permits for deer management units open during these dates shall be valid, and only for antlerless white-tailed deer.
   (B) The number of muzzleloader deer permits issued for each management unit shall be based on a review of deer population indices, biological and ecological data, history of permit use and harvest rates, public input, and other relevant information.

4. Season for designated persons.
   (A) The season for designated persons to hunt deer shall be September 3, 2022 through September 11, 2022 in all deer management units.
   (B) Only the following persons may hunt during this season:
      (i) Any person 17 years of age or younger, only while under the immediate supervision of an adult who is 18 years of age or older; and
      (ii) Any person with a permit to hunt from a vehicle issued according to K.A.R. 115-18-4 or a disability assistance permit issued according to K.A.R. 115-18-15.
   (C) All resident and nonresident deer permits shall be valid during this season.
   (D) All persons hunting during this season shall wear blaze orange according to K.A.R. 115-4-4.

5. Extended firearm seasons.
   (A) Each unfilled deer permit valid in unit 6, 8, 9, 10, or 17, as applicable, shall be valid during an extended antlerless-only firearm season beginning on January 1, 2023 and extending through January 8, 2023 in those units.
   (B) Each unfilled deer permit valid in unit 1, 2, 3, 4, 5, 7, 11, 14, or 16, as applicable, shall be valid during an extended antlerless-only firearm season beginning January 1, 2023 and extending through January 15, 2023 in those units.
   (C) Each unfilled deer permit valid in unit 10A, 12, 13, 15, or 19, as applicable, shall be valid in
an extended antlerless-only firearm season beginning January 1, 2023 and extending through January 22, 2023 in those units.
(D) Only antlerless white-tailed deer may be taken.
(E) Permits restricted to a specific unit shall remain restricted to that unit during the extended firearm season.
(F) Equipment legal during a firearm season shall be authorized with any permit.
(b) Unlimited resident hunt-on-your-own-land, special hunt-on-your-own-land, and nonresident hunt-on-your-own-land deer permits shall be authorized for all units. These permits also shall be valid during the portion of the extended firearm season beginning on January 1, 2023 and extending through the last open day in units open during an extended or special extended firearm season, but shall be valid only for antlerless white-tailed deer during an extended or special extended firearm season.
(c) Any individual may apply for and obtain multiple deer permits, subject to the following limitations:
(1) Any individual may apply for or obtain no more than one deer permit that allows the taking of an antlered deer, except when the individual is unsuccessful in a limited quota drawing and alternative permits for antlered deer are available at the time of subsequent application.
(2) Any individual may obtain no more than five antlerless white-tailed deer permits. One antlerless white-tailed deer permit shall be valid statewide, except in unit 18, including lands managed by the department. Four additional antlerless white-tailed deer permits shall be valid in units 1, 2, 3, 4, 5, 7, 10A, 11, 12, 13, 14, 15, 16, and 19 on lands not managed by the department, except Berentz-Dick, and Elk City Wildlife Areas.
(3) Any resident may obtain no more than one either-species, either-sex permit through the application period described in K.A.R. 115-4-11.
(4) Nonresidents shall be eligible to obtain antlerless white-tailed deer permits. Otherwise, a nonresident shall be eligible to apply for and obtain only those permits designated as nonresident deer permits.
(5) No resident or nonresident shall purchase any deer permit that allows the taking of antlerless-only deer without first having obtained a deer permit that allows the taking of antlered deer, unless the antlerless-only deer permit is purchased after December 30, 2022.
(6) Any individual may obtain one antlerless-only either-species deer permit, subject to the number of antlerless-only either-species deer permits authorized.
(d) The bag limit for each deer permit shall be one deer, as specified on the permit issued to the permittee.
(e) No deer permit issued pursuant to this regulation shall be valid after January 31, 2023. This regulation shall have no force and effect on and after March 1, 2023. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-937.)

**115-25-15. Bullfrogs and turtles; open season, daily limits and possession.** (a) The open season for the taking of:

(1) bullfrogs shall be July 1 through October 31, and
(2) common snapping turtles and soft shelled turtles shall be January 1 through December 31;

(b) The creel limit for bullfrogs shall be eight;
(c) The bag limit for common snapping turtles and soft shelled turtles shall be eight, of any combination.

(d) The possession limit for bullfrogs shall be three creel limits.
(e) The possession limit for common snapping turtles and soft shelled turtles shall be three bag limits.

**115-25-16. Crows; open season, bag limit, and possession limit.** (a) The open season for the hunting and taking of crows shall be November 10 through March 10.

(b) There shall be no maximum daily bag or possession limits.

**115-25-19. Doves; management unit, hunting season, shooting hours, and bag and possession limits.** (a) The open season for the taking of migratory doves shall begin on the first day of September and shall continue for 90 days, including the opening day. The open season for the taking of exotic doves shall be year-round.

(b) The entire state shall be open for the taking of doves during the dove seasons.

(c) Shooting hours shall be from one-half hour before sunrise until sunset.

(d) The aggregate daily bag limit for migratory doves during the open season shall be 15 migratory doves.

(e) The aggregate possession limit for migratory doves during the open season shall be 45 migratory doves.

(f) There shall be no aggregate daily bag limit or aggregate possession limit for exotic doves during any open season, except as provided in this regulation.

(g) Each exotic dove possessed in excess of the aggregate daily bag limit or aggregate possession limit for migratory doves during the open season for migratory doves shall retain a fully feathered wing.

(h) For the purpose of this regulation, “migratory dove” shall mean any mourning dove or white-winged dove, and “exotic dove” shall mean a Eurasian collared dove or ringed turtledove. (Authorized by and implementing K.S.A. 2016 Supp. 32-807.)

**115-25-20. Sandhill crane; management unit, hunting season, shooting hours, bag and possession limits, and permit validation.** (a) The open season for the taking of sandhill crane in the central crane hunting zone shall begin on the Wednesday after the first Saturday in November and shall continue for 58 days, including the opening day. The open season for the taking of sandhill crane in the west crane hunting zone shall begin on the third Saturday in October and shall continue for 58 days, including the opening day.

(b) The following areas shall be open for the taking of sandhill crane during the established hunting season:

(1) Central zone: that part of Kansas bounded by a line from the junction of interstate highway I-35 and the Oklahoma-Kansas state line, then north on interstate highway I-35 to its junction with interstate highway I-135, then north on interstate highway I-135 to its junction with interstate highway I-70, then north on federal highway US-81 to its junction with the Nebraska-Kansas state line, then west on Nebraska-Kansas state line to its junction with federal highway US-283, then south on federal highway US-283 to its junction with state highway K-24, then east on state highway K-24 to its junction with state highway K-18, then southeast on state highway K-18 to its junction with federal highway US-183, then south on federal highway US-183 to its junction with state highway K-1, then south on state highway K-1 to its junction with the Oklahoma-Kansas state line, and then east on the Oklahoma-Kansas state line to its junction with interstate highway I-35, except federal and state sanctuaries.
(2) West zone: that part of Kansas bounded by a line from the junction of federal highway US 283 and the Nebraska-Kansas state line, then south on federal highway US-283 to its junction with state highway K-24, then east on state highway K-24 to its junction with state highway K-18, then southeast on state highway K-18 to its junction with federal highway US-183, then south on federal highway US-183 to its junction with state highway K-1, then south on state highway K-1 to its junction with the Oklahoma-Kansas state line, then west on the Oklahoma-Kansas state line to its junction with the Colorado-Kansas state line, then north on the Colorado-Kansas state line to its junction with the Nebraska-Kansas state line, and then east on the Nebraska-Kansas state line to its junction with federal highway US-283, except federal and state sanctuaries.

(c) Shooting hours shall be from sunrise until sunset.

(d) The daily bag limit shall be three sandhill cranes.

(e) The possession limit shall be nine sandhill cranes.

(f) Each person hunting sandhill cranes in Kansas shall possess a federal sandhill crane hunting permit that has been issued through and validated by the department. Except as specified in subsection (g), any individual may secure a federal sandhill crane hunting permit upon application to the department and payment of the sandhill crane permit validation fee.

(g) Each person wanting to hunt sandhill cranes in Kansas shall be required to pass an annual, online sandhill crane identification examination before meeting the requirements specified in subsection (f). (Authorized by and implementing K.S.A. 2019 Supp. 32-807.)

115-25-21. Snipe, rail, and woodcock; management unit, hunting season, shooting hours, and bag and possession limits. (a) Snipe.

(1) For the purpose of this regulation, “snipe” shall mean any common or Wilson’s snipe.

(2) The open season for the taking of snipe shall begin on the first day of September and shall continue through December 16.

(3) The entire state shall be open for the taking of snipe during the snipe season.

(4) Shooting hours shall be from one-half hour before sunrise until sunset.

(5) The daily bag limit shall be eight snipe.

(6) The possession limit shall be 24 snipe.

(b) Rail.

(1) For the purpose of this regulation, “rail” shall mean any Virginia rail or sora.

(2) The open season for the taking of rail shall begin on the first day of September and shall continue through November 9.

(3) The entire state shall be open for the taking of rails during the rail season.

(4) Shooting hours shall be from one-half hour before sunrise until sunset.

(5) The aggregate daily bag limit shall be 25 rails.

(6) The aggregate possession limit shall be 75 rails.

(c) Woodcock.

(1) For the purpose of this regulation, “woodcock” shall mean any American woodcock.

(2) The open season for the taking of woodcock shall begin on the Saturday nearest October 14 and shall continue for 45 days.

(3) The entire state shall be open for the taking of woodcock during the woodcock season.

(4) Shooting hours shall be from one-half hour before sunrise until sunset.

(5) The daily bag limit shall be three woodcock.

(6) The possession limit shall be nine woodcock. (Authorized by and implementing K.S.A. 32-807.)

115-30-1. Display of identification number and decal. (a) All vessels required to be numbered pursuant to K.S.A. 32-1110 and amendments thereto, except sailboards and kiteboards, shall display the identification number stated on the certificate of number issued by the department to the vessel owner and the decals supplied by the department to the vessel owner as follows:

(1) Each number consisting of a combination of capital letters and arabic numbers shall read from left to right and shall be painted or permanently attached on the top forward half of the vessel.

(2) Each character of the number shall be in block form and easily read.

(3) Each character of the number shall be of the same height and shall not be less than three inches in height.

(4) The number shall be of a color that contrasts with the color of the vessel.

(5) A hyphen or equivalent space that is equal to the width of a letter other than “I” or a number other than “1” shall separate arabic numbers from capital letters occurring in the number.

(6) Department-issued validation decals shall be placed in line and within three inches of the registration number on both sides of the hull of the vessel.

(b) Each sailboard and each kiteboard shall display only the decals supplied by the department with the certificate of number issued to the sailboard or kiteboard owner. The decals shall be attached to the front half of the top
of the sailboard or kiteboard. However, any operator of a sailboard or kiteboard may carry proof of current registration, rather than attaching the decals as otherwise required by this subsection, if the decals supplied by the department do not adhere or cease to adhere to the sailboard or kiteboard.

115-30-2. Certificate-of-number and registration; application, temporary permits and expiration date. (a) Applications for a certificate-of-number and registration shall be available at designated department offices.

(b) Vendor agents shall be authorized to issue temporary and permanent certificates-of-number and registrations.

(c) Issue of a temporary registration shall be authorized when application for and issuance of a permanent certificate-of-number and registration is pending.

(d) The certificate-of-number and registration decals shall be valid for a period of time ending three years from the date of issue.

(e) An address change addendum issued by the department pursuant to K.S.A. 1989 Supp. 32-1111 to a certificate-of-number holder shall be a part of the certificate-of-number and shall be retained by the holder with the certificate-of-number.

115-30-03. Personal flotation devices; recreational vessels. (a) For the purposes of this article of the department’s regulations, “PFD” shall mean any personal flotation device that is labeled and approved by the United States coast guard for use on recreational vessels.

(b) Each recreational vessel shall have at least one readily accessible, wearable PFD in serviceable condition on board for each individual in the vessel and at least one wearable PFD on board for each individual being towed. No operator of any recreational vessel shall operate the vessel or allow the vessel to be operated unless each individual 12 years of age or younger wears an approved wearable PFD while being towed behind the vessel or aboard the vessel, unless the individual is below decks or in an enclosed cabin.

(c) To meet the “serviceable condition” requirement of K.S.A. 32-1119 and amendments thereto, each required PFD shall meet the requirements of 33 C.F.R. 175.23, as in effect on April 29, 1996, which is hereby adopted by reference, and shall be of the appropriate size and fit for the individual to whom the PFD is assigned.

(d) In addition to the provisions of subsection (b), each recreational vessel 16 feet or greater in length, except canoes and kayaks, shall have at least one throwable PFD on board. Each throwable PFD shall be in serviceable condition, labeled as U.S. coast guard-approved, and readily accessible.

(e) Each PFD shall be used in accordance with the requirements of the PFD’s label and in accordance with the owner’s manual, if the label refers to an owner’s manual.

(f) To meet the “readily accessible” requirement of K.S.A. 32-1119 and amendments thereto, each required PFD shall be in open view. A required PFD shall not be stowed in locked or closed compartments or be inside plastic or other packaging material. (Authorized by and implementing K.S.A. 2020 Supp. 32-1119 and K.S.A. 32-1129, as amended by L. 2021, ch. 68, sec. 2; effective Oct. 22, 1990; amended March 20, 1995; amended Feb. 28, 1997; amended Dec 27, 2021).

115-30-4. Fire extinguishers; requirements. (a) United States coast guard approved hand portable fire extinguishers of type B, size I or type B, size II or both shall be carried on board each motorboat as determined by the following classes:

1. Class A: at least one type B, size I fire extinguisher shall be carried if any one or more of the following conditions exist:
   (A) an inboard engine;
   (B) closed compartments under thwarts and seats where portable fuel tanks may be stored;
   (C) double bottom construction not sealed to the hull or not completely filled with flotation materials;
   (D) permanently installed fuel tanks. Fuel tanks that cannot be moved in case of fire or other emergency or if the weight of the fuel tank precludes movement of the tank by an individual on board shall be considered permanently installed.

2. The provisions of subsection (1) shall not apply if the motorboat has a United States coast guard approved built-in or affixed fire extinguisher in the motor area.

3. Class 1: at least one type B, size I fire extinguisher shall be carried, except the provisions of this subsection shall not apply if the motorboat has a United States coast guard approved built-in or affixed fire extinguisher in the motor area.

4. Class 2: at least two type B, size I fire extinguishers or one type B, size II fire extinguisher shall be carried, except each motorboat that has a United States coast guard approved built-in or affixed fire extinguisher
in the motor area shall only be required to carry at least one type B, size I fire extinguisher.

(5) Class 3: at least three type B, size I fire extinguishers or one type B, size I fire extinguisher and one type B, size II fire extinguisher shall be carried, except each motorboat that has a United States coast guard approved built-in or affixed fire extinguisher in the motor area shall only be required to carry at least two type B, size I fire extinguishers or one type B, size II fire extinguisher.

(b) Each vessel, including each motorboat having an approved built-in or affixed fire extinguisher in the motor area, that has enclosed living spaces or galleys shall carry at least one United States coast guard approved type B, size I or type B, size II fire extinguisher in the living space or galley. (Authorized by and implementing K.S.A. 1989 Supp. 32-1119; effective Jan. 1, 1991.)

115-30-5. Boating; capacity plate and operation; calculation of person capacity. (a) A capacity plate, once installed on a vessel, shall not be removed, defaced, replaced, or altered.

(b) A vessel shall not be operated with a motor whose horsepower exceeds the maximum horsepower of the motor as specified on the capacity plate or as computed under K.A.R. 115-30-6.

(c) The person capacity for monohull vessels that are less than 20 feet in length, except sailboats, canoes, kayaks, personal watercraft, and inflatable boats, and that are without a manufacturer’s capacity plate shall be calculated using the following formula:

(1) Multiply the length of the vessel, in feet, by the width of the vessel, in feet; and
(2) divide the product calculated in paragraph (c)(1) by 15.

(d) This regulation shall be effective on and after January 1, 2008. (Authorized by and implementing K.S.A. 32-1126; effective Oct. 22, 1990; amended Jan. 1, 2008.)

115-30-6. Boating; adoption by reference of certain code of federal regulations. The following parts and sections of the federal rules and regulations promulgated by the United States coast guard are hereby incorporated by reference as the rules and regulations of the department.

(a) "Identification of Boats": 33 C.F.R. section 181 Subpart C, including sections 181.21, 181.23, 181.25, 181.27, and 181.29, each as in effect on August 1, 1984; sections 181.31 and 181.33, both as in effect on July 1, 1988; and section 181.35, as in effect on August 1, 1984;

(b) "Definitions": 33 C.F.R. section 183.3, except the definitions of "sailboat" and "vessel," as in effect on June 30, 1996.

(c) "Applicability": 33 C.F.R. section 183.31 as in effect on November 1, 1972;

(d) "Maximum weight capacity: inboard and inboard-outdrive boats": 33 C.F.R. section 183.33 as in effect on November 1, 1972;

(e) "Maximum weight capacity: outboard boats": 33 C.F.R. section 183.35 as in effect on January 13, 1977;

(f) "Maximum weight capacity: boats rated for manual propulsion and boats rated for motors of two horsepower or less": 33 C.F.R. section 183.37 as in effect on November 1, 1972;

(g) "Persons capacity: inboard and inboard-outdrive boats": 33 C.F.R. section 183.39 as in effect on April 3, 1985;

(h) "Persons capacity: outboard boats": 33 C.F.R. section 183.41 as in effect on April 3, 1985;

(i) "Persons capacity: boats rated for manual propulsion and boats rated for motors of 2 horsepower or less": 33 C.F.R. section 183.43 as in effect on August 1, 1980;

(j) "Applicability": 33 C.F.R. section 183.51 as in effect on November 1, 1972;

(k) "Horsepower capacity": 33 C.F.R. section 183.53 as in effect on August 1, 1987;

(l) "Requirements": 46 C.F.R. section 25.35-1 as in effect on August 28, 1991; and

115-30-7. Boating; steering and sailing requirements. (a) Each operator of a vessel shall keep the vessel to the right of the channel if it is safe and practicable to do so.

(b) When two vessels are approaching each other head-on or nearly so, each operator shall pass the other on that operator’s own left side at a speed and distance so that the wake of each vessel will not endanger the other vessel.

(c) When one vessel passes another traveling in the same direction, the operator of the passing vessel shall pass when it is safe to do so and at a speed and distance that do not endanger the overtaken vessel. The operator of the overtaken vessel shall maintain its course and speed until the passing vessel has safely passed.

(d) When two vessels are approaching each other in a crossing situation that involves risk of collision, the operator of the vessel on the right shall maintain that vessel’s course and speed. The operator of the vessel on the left shall direct that vessel’s course to the right to cross the stern of the other vessel or shall stop and reverse if necessary to avoid collision.
(e) Each operator of a vessel propelled by machinery shall keep that vessel clear of any vessel under sail or being propelled by oars or paddles and shall maintain a speed and distance so that the wake will not endanger any vessel under sail or being propelled by oars or paddles.

(f) Each operator of a vessel shall maintain a proper look-out at all times by sight and sound as well as other available means in order to make a full appraisal of the surroundings and avoid the risk of collision.

(g) Each operator of a vessel shall proceed at a speed that is safe and appropriate under the conditions and with regard to the actual hazards then existing, in order to avoid a collision and stop within any distance necessary to avoid a collision.

(h) No operator of a vessel shall interfere with the placement or visibility of any navigational aid.

(i) No operator of a vessel shall moor the vessel to any navigation buoy except a designated mooring buoy.

115-30-8. Boating; accident reports. (a) Each accident resulting either in property damage in excess of $2000 or in the total loss of any vessel shall be reported to the department by the operator of the vessel. This requirement shall include all collision-type accidents involving other vessels, floating objects, and fixed objects.

(b) Each accident report required under K.S.A. 32-1177 and amendments thereto and each accident specified in subsection (a) shall be filed with the department or a commissioned law enforcement officer by the operator of the vessel immediately after the time of the accident.

(c) An accident report shall be required in accordance with subsection (b) when a person disappears from a vessel under circumstances that indicate death, injury or other cause for disappearance.

(d) An accident report shall be required in accordance with subsection (b) when a person dies, or when a person is injured and requires medical treatment beyond first aid.

(e) Each accident report shall be required in accordance with subsection (b) when a person disappears from a vessel under circumstances that indicate death, injury or other cause for disappearance.

(f) Any individual with knowledge of the accident, including a responding or investigating law enforcement officer, may file the required accident report if the operator is unable to file the report due to injury or death.

115-30-9. Water event permit; application and requirements. (a) A water event permit shall be required for any event as described in K.S.A. 1989 Supp. 32-1149. A special event permit issued under K.A.R. 115-8-21 shall satisfy the requirement for a water event permit on department lands and waters if processed in compliance with provisions of subsections (b) and (d) of K.A.R. 115-30-9.

(b) Any person may apply to the secretary for a water event permit. The application shall be on forms provided by the department and each applicant shall provide the following information:

(1) the name of the applicant;
(2) the address of the applicant;
(3) the location of the event;
(4) the date and time of the event;
(5) a description of the event;
(6) estimated number of boats and individuals participating;
(7) a description of safety measures to be utilized for the protection of the public and water event participants including, but not limited to:
   (A) traffic control;
   (B) lifeguards;
   (C) patrol boats equipped with life saving equipment;
   (D) first aid equipment; and
   (E) fire extinguishers;
(8) written approval for the event from the controlling authority of the water to be used; and
(9) other information as required by the secretary.
(c) Each water event permit application may include multiple events if the events to be covered under the water event permit are all conducted on the same area or body of water.

(d) Each application for a water event shall be submitted not less than 30 days prior to the proposed event.

(e) A water event permit shall be valid for the period of time as specified in the permit, but shall not extend beyond December 31 of the year in which the water event permit was issued.

(f) A water event involving 25 or fewer participants shall not require payment of the water event permit fee.

(g) Each water event shall be conducted in conformance with conditions established by the department in the water event permit. (Authorized by and implementing K.S.A. 1989 Supp. 32-1149; effective Jan. 28, 1991.)

115-30-10. Personal watercraft; definition, requirements, and restrictions. (a) Personal watercraft shall mean any vessel that uses an inboard motor powering a jet pump as the vessel’s primary source of propulsion and is designed to be operated by a person sitting, standing, or kneeling on the vessel rather than the conventional manner of sitting, standing, or kneeling inside the vessel.

(b) Personal watercraft shall be subject to all applicable laws and regulations that govern the operation, equipment, registration, numbering, and all other matters relating to vessels whenever a personal watercraft is operated on the waters of this state, except as follows:

1. A personal watercraft shall not be operated unless each person aboard the personal watercraft is wearing a type I, type II, type III, or type V United States coast guard-approved personal floatation device.

2. Each person operating a personal watercraft equipped by the manufacturer with a lanyard-type engine cutoff switch shall attach the lanyard to the operator=s person, clothing, or personal floatation device, as appropriate.

3. A person shall not operate a personal watercraft between sunset and sunrise.

4. Each person shall operate a personal watercraft at no-wake speeds of five miles per hour or less when within 200 feet of the following:
   (A) A dock;
   (B) a boat ramp;
   (C) a person swimming;
   (D) a bridge structure;
   (E) a moored or anchored vessel;
   (F) a sewage pump-out facility;
   (G) a nonmotorized watercraft;
   (H) a boat storage facility; or
   (I) a concessionaire’s facility.

5. A person shall operate a personal watercraft in a reasonable and prudent manner. Maneuvers that endanger life, limb, or property shall be prohibited. This prohibition shall include weaving through congested vessel traffic or jumping the wake produced by another vessel at an unsafe distance.

6. A person shall not operate a personal watercraft unless the person is facing forward.

7. A person shall not operate or use a personal watercraft to tow a person on waterskis, kneeboards, inflatable crafts, or any other device unless the personal watercraft is designed to accommodate more than one person.

8. No person in possession of a personal watercraft shall permit another person to operate the personal watercraft unless that person has met the boater education requirements as specified in K.S.A. 32-1139 and amendments thereto.

(c) A boat livery shall not lease, hire, or rent a personal watercraft to, or for the operation by, any person who has not met the boater education requirements as specified in K.S.A. 32-1139 and amendments thereto.

(d) The provisions of paragraphs (b) (4), (5), (6), and (8) shall not apply to a person participating in a regatta, race, marine parade, tournament, or exhibition that has been authorized or permitted by the department or is otherwise exempt from this authorization or permit requirement.

115-30-11. Exemption from numbering. The secretary having determined, pursuant to K.S.A. 32-1113(5), that numbering will not materially aid in identification of certain vessels and that such vessels are exempt from numbering under federal law, numbering shall not be required for any vessel, as defined by K.S.A. 32-1102, and amendments thereto, while actually engaged in water events authorized by K.S.A. 32-1149, and amendments thereto, and by K.A.R. 115-30-9, if that vessel is designed for racing and is operated exclusively in competitive racing, racing demonstrations or special racing exhibitions. (Authorized by K.S.A. 32-1103; implementing K.S.A. 32-1113; effective Aug. 21, 1995.)
115-30-12. Marine sanitation devices; vessel requirements. (a) Each person owning, operating, launching, mooring, docking, or using any vessel equipped with a marine sanitation device on the waters of the state shall meet the following requirements:

(1) Ensure that all valves capable of allowing the discharge of sewage into the water are locked in a closed position by the use of a nonreleasing locking device approved by the department or by removing the handle of the valve after the valve has been placed in the closed position; and

(2) make any necessary modifications to securely lock any overboard sewage discharge valve into the closed position or use any other means listed in paragraph (a)(1).

(b) No person may alter or remove any department-approved locking device once installed by a department employee or authorized agent of the department, unless the person notifies the department in writing before the alteration or removal and includes the following information:

(1) The vessel’s registration number or documentation number;
(2) the vessel’s hull identification number;
(3) the vessel owner’s name and address;
(4) the purpose for altering or removing the locking device; and
(5) the name of the individual or business performing the alteration or removal.

(c) This regulation shall be effective on and after January 1, 2008. (Authorized by and implementing K.S.A. 32-1103; effective Jan. 1, 2008.)

115-30-13. Removal of vessels from waters of the state. The livewells and bilges shall be drained and the drain plugs removed from all vessels being removed from the waters of the state before transport on any public highway of the state.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Jan. 1, 2012.)

115-35-1. Local government outdoor recreation grant program; application and criteria. (a) Any local government desiring to receive a local government outdoor recreation grant shall apply to the secretary, using a form provided by the department. An application that is incomplete or contains false information may be denied consideration by the secretary.

(b) Grant applications shall be evaluated according to the parameters established by L. 1998, Ch. 70, '2 and '3. In addition, grant applications shall be further evaluated based on the following criteria:

(1) The application demonstrates a local need for the proposed project and a strong likelihood of ongoing local involvement and support.

(2) The proposed project would provide new outdoor recreational opportunities to a significant population or geographic area, or the proposed project would enhance existing outdoor recreation facilities and would improve facilities for users with a wide range of physical abilities, or both.

(3) The applicant’s matching funds are available to the applicant at the time of the grant award.

(4) The proposed project has a likelihood of completion within one year from the time of award.

(5) The grant request would not constitute more that 25% of funds appropriated for the grant program in a given fiscal year.

(6) The proposed project would meet applicable environmental standards and would be compatible with existing land use capabilities and surrounding uses.

(7) The application is consistent with “focus 2002: a plan for Kansas wildlife and parks,” as published by the department. (Authorized by and implementing L. 1998, Ch. 70, '1, '2, and '3; effective Nov. 30, 1998.)

115-40-1. Definitions. As used in this article and for purposes of administering the act, each of the following terms shall have the meaning specified in this regulation:

(b) “Cost” means an expenditure directly related to insuring any agritourism activity.

(c) “Department” means department of wildlife, parks, and tourism.

(d) “Liability insurance” means a policy insuring against the following:

(1) Loss, expense, or liability by reason of bodily injury or death by accident, for which the insured could be liable or have assumed liability and loss; and

(2) damage to any goods on the premises of the insured, or the loss of or damage to the property of another for which the insured is liable. (Authorized by and implementing K.S.A. 2012 Supp. 32-1438 and 32-1438a; effective July 26, 2013.)

115-40-2. Registration. (a) Each provider of an agritourism activity wanting to register the activity with the secretary pursuant to the act shall provide the information requested by the department. Upon request, a registration form shall be mailed to the provider. Although no charge is made for registration, no registration shall be deemed complete until the
operator provides all of the information requested by the department.

(b) If an incomplete registration form is returned to the department, a request for the missing information shall be sent to the applicant. The applicant shall have 10 business days to respond to the request. If there is no response within this period, the registration form shall be returned, and the applicant’s operation shall be considered not to be registered.

(c) The social security number from any registration form shall not be disclosed by the department. (Authorized by K.S.A. 2012 Supp. 32-807; implementing K.S.A. 2012 Supp. 32-1433; effective July 26, 2013.)

115-40-3. Liability insurance; costs qualifying for tax credits. The following costs associated with liability insurance shall be eligible for the tax credits authorized by the act:

(a) The cost of a rider with a separate premium for specific risk for an agritourism activity; and

(b) the amount that an insurance agent certified on a tax credit form provided to the registered agritourism operator by the department of revenue and filed for the operator that represents the cost of the liability insurance covering the registered agritourism activity. (Authorized by and implementing K.S.A. 2012 Supp. 32-807, 32-1438, and 32-1438a; effective July 26, 2013.)

115-40-4. Tax credits. (a) No costs of liability insurance specified in K.A.R. 115-40-3 shall be allowed for consideration for tax credits, unless the registered agritourism operator or the operator’s authorized attorney or insurance agent provides the department of revenue with the following information and documents:

1. The name of the registered agritourism operator’s liability insurance company;
2. the liability insurance policy number;
3. the name, complete address, and phone number of the liability insurance company’s agent; and
4. a copy of the completed tax credit form provided to the registered agritourism operator under K.A.R. 115-40-3(b).

(b) If, during the first five years that an agritourism operator is registered under the act, the secretary believes for any reason that the registered agritourism operator has not complied, or is not complying, with these regulations and through such noncompliance could have jeopardized the operator’s eligibility for tax benefits under the act, all relevant information shall be forwarded by the secretary to the secretary of revenue. (Authorized by and implementing K.S.A. 2012 Supp. 32-807, 32-1438, and 32-1438a; effective July 26, 2013.)

115-40-6. Contracts. Each written contract or agreement with a participant shall contain the warning notice specified in K.S.A. 2012 Supp. 32-1434(b), and amendments thereto. This warning notice shall be printed in at least 10-point font. (Authorized by K.S.A. 2012 Supp. 32-807; implementing K.S.A. 2012 Supp. 32-1434; effective July 26, 2013)
