

APPLICATION PROCESS (RESIDENTS ONLY)

Applications must be made on GoOutdoorsKansas.com. Firearm and muzzleloader antelope permits are available to Kansas residents through online lottery draw only. Application for limited permits are due the second Friday in June. Applicants who do not have internet access can apply by calling (620) 672-5911. Each application includes a \$12.50 nonrefundable application fee charged at the time of application. Following the draw, successful applicants will be charged the remaining permit fees due. Unsuccessful applicants will be issued a preference point for the next years' draw using the nonrefundable application fee and will not be charged the remaining permit fee. A preference point can be purchased online without permit application. Only one preference point may be obtained per year.

Applicants can view draw results online two to four weeks after the close of the application period. Results are posted at ksoutdoors.com at the same location as application. Successful applicants should receive permits four to six weeks after application deadline.

Unsuccessful applicants and those who purchased a preference point may no longer purchase an over-the-counter archery permit for antelope during the same year.

LICENSE REQUIREMENTS

All individuals, regardless of land ownership or age, must have in possession a valid Kansas permit to hunt pronghorn antelope. In addition to the permit, a valid Kansas hunting license is required, unless exempt by Kansas law; residents and nonresidents hunting on Kansas land they own or operate do not need a Kansas hunting license.

HUNTER EDUCATION

Youth 15 and younger may hunt without hunter education if directly supervised by an adult 18 or older. Anyone 16 or older who has not had hunter education may purchase two deferrals called apprentice hunting licenses, for the same price as a regular hunting license. The apprentice license is valid for 365 days from the date of purchase, and the holder must be under the direct supervision of a licensed adult 18 or older. Hunter education is not required while hunting one's own land.

Otherwise, anyone born on or after July 1, 1957, must have hunter education. Anyone under 27 years old must carry a Kansas or other state-approved hunter education card while hunting in Kansas. Youth must be 11 years old to be certified by Kansas Hunter Education. Youth 12 and older who have completed hunter education may hunt without adult supervision.

Duplicate certificates are provided at no cost at KDWP regional, district and state park offices or by calling (620) 672-0773.

POST-HARVEST INSTRUCTIONS

At the time of purchase, hunters will have the option of paper carcass tags or mobile/E-tag.

PAPER TAGS: Sign PERMIT prior to hunting to validate it. After an animal is harvested, the CARCASS TAG must be signed, dated and attached to the animal in a visible manner before the carcass is moved from the harvest site.

Paper permits and tags purchased through the internet must be printed on a desktop printer at the time of purchase. To protect non-waterproof paper tag, cut it from the permit, place in a clear plastic bag and attach it to the animal with a zip-tie or other secure manner.

The carcass tag must remain attached to the animal during transport and kept with the meat until it is consumed, given to another or otherwise disposed of.

Hunters using paper tags can complete a voluntary harvest report of big game animal if they wish to "bone-out" in the field.

Go to: ksoutdoors.com/harvest-reporting and follow the online instructions on how to complete the harvest report for your animal.

MOBILE/E-TAGS: Hunters who choose e-tags at time of purchase will keep permit and tags on their mobile device through the GoOutdoorsKS mobile app. After harvest, open the "GoOutdoorsKS" mobile app and follow the instructions on the app for the e-tag appropriate for the species/sex of harvest. An e-tag confirmation number will work the same as harvest reporting for a hunter wanting to bone out an animal and transport only meat from harvest site.

SURVEYS: Hunters may be asked to complete online HARVEST SURVEYS at the end of the season. Information received helps biologists make decisions to manage a healthy game populations. A random sample of hunters will be contacted, making it important to update your address information each year when purchasing your permit/tags. Hunters surveyed will receive an email or a postcard with a link to direct them to an online survey. Questions about this survey or assistance in completing surveys may be obtained through the KDWP Research and Survey Office, (620) 342-0658. State law (K.S.A. 32-937) requires hunters receiving a harvest report card to complete the survey.

Equal opportunity to benefit from programs described herein is available to all persons without regard to race, color, gender, sexual orientation, gender identity or expression, religion, national origin, ancestry, age, military or veteran status, disability status, marital or family status, genetic information or political affiliation.
