Submit a hard copy of the proposed rule(s) and regulation(s) and any external documents that the proposed rule(s) and regulation(s) would adopt, along with the following to: Division of the Budget  
900 SW Jackson, Room 504-N  
Topeka, KS 66612

**I. Brief description of the proposed rule(s) and regulation(s).**

This proposed exempt regulation establishes hunting unit boundaries, bag limit and season dates for the 2021 spring wild turkey seasons. The proposed changes allow 17-year-olds and under to hunt during the youth season, conforming to other youth seasons in Kansas.

**II. Statement by the agency if the rule(s) and regulation(s) is mandated by the federal government and a statement if approach chosen to address the policy issue is different from that utilized by agencies of contiguous states or the federal government. (If the approach is different, then include a statement of why the Kansas rule and regulation proposed is different)**

The federal government does not manage wild turkeys. Missouri, Oklahoma, Colorado and Nebraska all have spring turkey seasons and manage by units.

**III. Agency analysis specifically addressing following:**

**A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;**

The regulation proposal would not likely substantially restrict business activities and growth.

**B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule and regulation and on the state economy as a whole;**

The regulation changes would not have a significant economic effect.

**C. Businesses that would be directly affected by the proposed rule and regulation;**

None.

**D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;**

The alternative would be to keep the youth season at 16 years of age and younger, contrary to all other youth seasons in Kansas.

- E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;**

The proposal would likely have little economic impact on any sector in Kansas as spring seasons already exist.

- F. An estimate, expressed as a total dollar figure, of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no implementation or compliance costs expected to be incurred by business or local governments.

**An estimate, expressed as a total dollar figure, of the total implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no implementation or compliance costs expected to be incurred by business or local governments.

**Do the above total implementation and compliance costs exceed \$3.0 million over any two-year period?**

YES  NO

**Give a detailed statement of the data and methodology used in estimating the above cost estimate.**

The total number of spring turkey permits and game tags sold was 45,263 in 2021. In 2021, this generated approximately \$1,449,982.50 for the agency, all of which accrues to the wildlife fee fund, and is paid by user fees. Additionally, each individually identifiable turkey hunter (35,584) goes 11 days afield per year and spends approximately \$1616 per year, generating \$57,503,744.00 for the Kansas economy, based on economic studies provided by the USFWS.

**Prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing if the total implementation and compliance costs exceed \$3.0 million over any two-year period to find that the estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.**

YES  NO

The agency held a public hearing on this regulation on June 17 in Wichita, where at least 9 members of the public attended and August 5 virtually, where at least 7 members of the public attended. The agency will also hold hearings on September 23 in Beloit and November 18 in Oakley.

- G. If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or**

**school districts that will increase expenditures or fiscal liability, describe how the state agency consulted with the League of Kansas Municipalities, Kansas Association of Counties, and/or the Kansas Association of School Boards.**

Not applicable.

- H. Describe how the agency consulted and solicited information from businesses, associations, local governments, state agencies, or institutions and members of the public that may be affected by the proposed rule(s) and regulation(s).**

News releases to every newspaper in the state, discussion at prior public hearings and meetings which are broadcast online, publication in the Kansas Register and publication on the Department's website.

- I. For environmental rule(s) and regulation(s) describe the costs that would likely accrue if the proposed rule(s) and regulation(s) are not adopted, as well as the persons would bear the costs and would be affected by the failure to adopt the rule(s) and regulation(s).**

Not applicable.
