Kansas Department of Wildlife, Parks and Tourism
F.I.S.H. Area Rules

Beginning in 2021, the Fishing Impoundments and Stream Habitat program, or F.I.S.H., will be referred to as the Walk-in Fishing Access program, or W.I.F.A.

Fishing Impoundments and Stream Habitats (F.I.S.H.) sites are leased from private landowners and are typically open to public fishing from March 1 – Oct. 31, though some properties are open year-round. The F.I.S.H. program provides anglers increased opportunities to enjoy fishing on the state’s streams and small impoundments. Funding for the program is provided through fishing license revenues and Sport Fish Restoration Funds. Please observe all rules and regulations, and remember that common sense and ethical behavior will influence the future of the program.

The following guidelines help maintain a good relationship between landowners and anglers:

1. Look for the F.I.S.H. signs (pictured below) before entering the property. Sites may have been withdrawn from the program. If you do not see signs, do not enter.

2. Obey lease boundaries. Stay within 50 feet of the stream or impoundment shoreline. If the F.I.S.H. property is a stream, fish only on the side of the stream that is posted as an access site. Do not walk or fish on adjacent property.

3. Respect the rights of landowners, as well as others using the area. Treat the land as if it were your own.

4. Take all trash with you when you leave. If someone before you has irresponsibly left trash, please take a moment and pick it up, too.

5. Do not open gates or enter properties with vehicles unless authorized. Park along the road or in designated parking areas. Leave field-access, drives, and rural roads open so that landowners moving large implements may pass.

6. Avoid stretching fences when crossing them, and use fence stiles where available.

7. Do not attempt to contact cooperating landowners to ask about fishing other portions of their land.

Regulations governing F.I.S.H. area use:

- Impounded F.I.S.H. waters have a creel limit of two channel catfish, a creel limit of two largemouth bass, and an 18-inch minimum length limit on largemouth bass. Otherwise, all Kansas fishing regulations and statewide creel limits apply. It’s especially important for anglers using the sites to respect and follow the rules that apply on F.I.S.H. properties. You do not need to contact the landowner for permission on F.I.S.H. waters.

- The discharge of firearms is prohibited (KAR 115-8-5); Seining is prohibited on all F.I.S.H. waters, and trotlines and setlines are prohibited on impoundments under 1,201 acres in size (KAR 115-8-6); No swimming (KAR 115-8-8); Camping by posted notice only (KAR 115-8-9); No pets, except on a leash (KAR 115-8-10); No horseback riding (KAR 115-8-11); No stocking or release of wildlife, including the dumping of live bait (KAR 115-8-12); Vehicles shall be operated only as authorized (KAR 115-8-13); No fireworks (KAR 115-8-14); No unauthorized fires (KAR 115-8-15); No littering (KAR 115-8-16); No cereal malt beverages or alcoholic liquor (KAR 115-8-19); Destructive acts such as digging or destroying signs or vegetation is prohibited (KAR 115-8-20).

- All Kansas boating laws are in effect on F.I.S.H. waters.

Due to unforeseen conditions and/or renovations, some properties may be dry, lower than normal or flooded. Water quality and vegetation may vary among properties.
Using the Fishing Atlas

The maps in this atlas show a variety of public fishing areas, as well as public lands across Kansas. F.I.S.H. areas are privately-owned ponds or streams the Kansas Department of Wildlife, Parks and Tourism (KDWPT) has leased and opened to public fishing. Each map also shows all federal reservoirs, state fishing lakes, river access sites, and community lakes. To find fishing areas near you, consult the legend below and then locate the corresponding access locations indicated on the maps.

The maps on the following page show which counties have federal, state, or community fishing opportunities, as well as those with F.I.S.H. sites.

Community lakes are impoundments owned by a city or county government. Community lakes that are managed for public fishing through the department’s Community Fisheries Assistance Program (CFAP) and state fishing lakes are labeled with the impoundment name and marked by the blue fish symbol. There are no additional fees to fish at state fishing lakes or community lakes in the CFAP program. Community lakes not in the CFAP program are also labeled with the impoundment name and are marked by a red octagon symbol as local governments managing these lakes may require a permit and/or additional fees for fishing access.

Most F.I.S.H. areas are open to fishing from March 1 to Oct. 31, but some are open year-round, see legend. Accessing the F.I.S.H. properties prior to or after the indicated access period is prohibited.

Maps are at a scale of 1:277,500 (1 inch represents 4.38 miles) and were compiled according to conventional cartographic standards using the most reliable information available. KDWPT does not guarantee freedom from errors or inaccuracies and disclaims any legal responsibility or liability for interpretations made from these maps, or decisions based thereon.

This atlas is a continual work in progress and any comments, suggestions, or corrections are welcomed. Any such comments may be submitted to kdwpt.kdwptinfo@ks.gov.

### Counties with F.I.S.H. Areas
Fishing Reports and Newsletters

Fishing Reports

Fishing reports are available on ksoutdoors.com and provide information regarding seasonal fishing trends on your favorite lakes and reservoirs. On ksoutdoors.com, anglers can also access Google Earth files showing the locations of fish attractors, like the “Fish Cubes” shown here at Wilson Reservoir.

View at:
ksoutdoors.com/Fishing/Fishing-Reports

District Fisheries Newsletters

Get the inside scoop on sampling efforts, lake management and updates about your favorite fishing hole by reading newsletters from district fisheries biologists. You can even sign-up to receive area-specific newsletters via email. Use the link below to navigate to the “Newsletter Sign-up Forms.”

ksoutdoors.com/KDWPT-Info/News

Fishing Forecast

The 2020 Kansas Fishing Forecast highlights Kansas’ top fishing spots. Download an electronic copy from ksoutdoors.com, or grab a printed copy from most license vendors. Anglers can also view the forecast in the 2020 March/April issue of Kansas Wildlife & Parks Magazine, which can be purchased by calling (620) 672-0756.

Become a Certified Angler Instructor

If you have a passion for the outdoors and enjoy sharing your knowledge with others, this program is for you. The Angler Education Program is designed to recruit individuals who have a passion for fishing and want to share it with others. The Kansas Department of Wildlife, Parks and Tourism (KDWPT) has partnered with Fishing's Future, a not-for-profit group with a mission to reconnect kids with nature, strengthen family bonds, and instill a responsibility for stewardship of our natural resources.

Similar to KDWPT’s Hunter Education Program, Angler Education will certify volunteer instructors to teach everything from class design, and working with children, to environmental stewardship, knot tying, fish identification, and casting.

Certified instructors may work alone or with other instructors to teach general fishing information, specific fishing techniques, or just take families fishing.

Visit fishingsfuture.org for details.
### Reservoirs, State Fishing Lakes & Other Waters

#### REGION 1 (WEST)
- Barber SFL (55 F10), 77 acres, Upper End Periodically Dry
- Cedar Bluff Reservoir (28 B11), 8,869 acres, **ANS Alert**
- Clark SFL (52 D11), 300 acres, **ANS Alert**
- Concannon SFL (39 C3), 50 acres
- Ford SFL (40 G9), 45 acres
- Glen Elder Reservoir (6 J12), 12,586 acres, **ANS Alert**
- Goodman SFL (28 H10), 40 acres, Periodically Dry
- Hodgeman SFL & WA (40 C10), 87 acres, Periodically Dry
- Jewell SFL (7 G1), 57 acres
- Kanopolis Reservoir (31 D3), 3,550 acres, **ANS Alert**
- Keith Sebelius (Norton) Reservoir (4 E9), 2,300 acres
- Kiowa SFL (41 J3; 53 A3), 21 acres
- Kirwin Reservoir (51 H4), 5,000 acres
- Logan SFL (14 I9), 60 acres, Periodically Dry
- Lovewell Reservoir (7 D2), 2,986 acres
- Meade SFL (51 H4), 80 acres
- Ottawa SFL (20 F7), 138 acres, **ANS Alert**
- Pratt - Centennial Pond / Kid's Fishing Pond (42 J9), 4 acres
- Rooks SFL (17 B3), 67 acres, Periodically Dry
- Saline SFL (19 J6), 38 acres, Periodically Dry
- Sandsage Bison Reserve Pond (38 E12), 5 acres, Periodically Dry
- Scott SFL (26 C12), 115 acres, **ANS Alert**
- Sheridan SFL (15 B6), 67 acres, **ANS Alert**
- St. Francis Sand Pits, 5 acres
- Webster Reservoir (17 B1), 3,780 acres
- Wilson Reservoir (18 I10), 9,040 acres, **ANS Alert**

#### REGION 2 (NORTHEAST)
- Atchison SFL (11 G5), 66 acres
- Brown SFL (11 D3), 62 acres
- Browning Oxbow (12 D8), 100 acres, **ANS Alert**
- Clinton Reservoir (23 I4), 7,000 acres, **ANS Alert**
- Clinton State Park - Lake Henry & Picnic Pnds (23 H4), 3.5 acres
- Douglas SFL (23 J6), 180 acres
- Fort Leavenworth - Merritt Lake (24 B8), 5 acres
- Fort Leavenworth - Smith Lake (24 B8), 5 acres
- Geary SFL (21 I2), 97 acres, **ANS Alert**
- Hillsdale Reservoir (36 B8), 4,580 acres, **ANS Alert**
- Jeffery EC Lakes (22 C9), 125/450 acres, **ANS Alert**, Limited Access
- John Redmond Reservoir (34 J12), 9,400 acres, **ANS Alert**
- La Cygne Reservoir (36 G11), 2,600 acres
- Leavenworth SFL (23 E5), 160 acres
- Lyon SFL (34 E10), 135 acres
- Marais des Cygnes Wildlife Area (36 I10), 1,967 acres
- Melvern Reservoir (34 F12; 35 E1), 7,000 acres, **ANS Alert**
- Melvern River Pond (35 E1), 90 acres, **ANS Alert**
- Miami SFL (36 F10), 101 acres
- Middle Creek SFL (36 E11), 280 acres
- Milford Reservoir (21 E1), 16,020 acres, **ANS Alert**
- Milford Hatchery Supply Pond (21 G1), 100 acres
- Woodson SFL (46 G12), 180 acres

#### REGION 3 (SOUTHEAST)
- Big Hill Reservoir (59 E4), 1,240 acres
- Big Hill WA North Lake (59 E4), 14 acres
- Big Hill WA South Lake (59 E4), 5 acres
- Black Kettle SFL (32 J8), 8 acres
- Bourbon SFL (48 F7), 103 acres
- Butler SFL (57 A4), 124 acres
- Chase SFL (33 H4), 109 acres, **ANS Alert**
- Cheney Reservoir (43 H5), 9,550 acres, **ANS Alert**
- Council Grove Reservoir (33 C5), 3,280 acres, **ANS Alert**
- Cowley SFL (57 I3), 84 acres, **ANS Alert**
- Crawford SFL (48 I10), 150 acres
- El Dorado Reservoir (45 F3), 8,000 acres, **ANS Alert**
- Elk City Reservoir (59 F1), 4,450 acres
- Fall River Reservoir (46 H10), 2,500 acres
- Kingman SFL (43 J1), 144 acres, **ANS Alert**
- Marion Reservoir (32 H12), 6,160 acres, **ANS Alert**
- McPherson SFL (32 F8), 46 acres
- Mined Land Wildlife Area (60 E9), 1,500 acres, **ANS Alert**, Multiple Locations
- Montgomery SFL (59 G1), 105 acres
- Neosho SFL (59 C6), 92 acres
- Neosho Wildlife Area (60 A7), 800 acres
- Riverton - Empire Lake (60 H11), 800 acres
- Toronto Reservoir (46 G11), 2,800 acres
- Wilson SFL (47 H1), 110 acres

---

**Aquatic Nuisance Species (ANS) ALERTS:** Aquatic nuisance species (ANS) pose a threat to native aquatic wildlife and plants. ANS species include the zebra mussel, New Zealand mud snail, Asian carp, white perch, purple loosestrife, saltcedar, fertile grass carp, and Eurasian watermilfoil. The areas listed above may have a red “ANS Alert” if ANS have been found there. Please consult a current Kansas Fishing Regulations Summary for more information about ANS and how to prevent their spread.
COMMUNITY FISHERIES ASSISTANCE PROGRAM

The Kansas Department of Wildlife, Parks and Tourism (KDWPT) has continued the Community Fisheries Assistance Program (CFAP) for 2020. CFAP leases the fishing rights of approximately 13,000 acres of community lakes statewide.

Community cooperators will not charge anglers additional fees to fish from the shore or from a boat, even if permits have been required in the past. State fishing license requirements still apply, and activities other than fishing at these lakes may require additional permits. KDWPT hopes removing cost barriers will allow more anglers to enjoy these fishing opportunities more often. When you see the CFAP logo at your local community lake, take a friend, head on in, and wet your lines!

Family Friendly Facility (FFF): While all Community Fisheries Assistance Program (CFAP) lakes are great places to go fishing, some offer extra amenities to support family fishing trips. At these locations, no alcohol is allowed, there are flush toilets, security patrols are conducted regularly, security lighting is in place, and there are easily accessible fishing spots. Any CFAP lake that provides these amenities is termed a “Family Friendly Facility” (FFF) and is indicated as such in the list of CFAP lakes.

NO ADDITIONAL FISHING FEES are charged at the following community lakes:

REGION 1 (WEST)
Agra City Lake (5 E5), 7 acres, FFF
Atwood Lake (2 E11), 31 acres
Belleville - Rocky Pond (8 D7), 27 acres, FFF, Periodically Dry
Beymer Sand Pits (38 E9), 18 acres
Cimarron Grasslands Fishing Pits (49 H3), 15 acres
Colby - Villa High Lake (14 B11), 2 acres
Coldwater City Lake (53 F2), 250 acres
Dodge City – Lake Charles (40 H8), 1 acre
Dodge City – Mariah Hills Pond (40 H8), 2 acres
Dodge City – High School Demon Lake (40 H8), 1.5 acres
Ellis City Lake (17 I1), 30 acres, FFF
Finney Co.– North Pond (38 E12) 10 acres
Finney Co. – South Pond (38 E12) 10 acres
Graham Co. – Antelope Lake (16 B8), 80 acres, ANS Alert
Great Bend – Stone Park Lake (30 I8), 50 acres
Great Bend – Vets Park Lake (30 H8), 13 acres, FFF
Hays – Vineyard Park Pond (17 J3), 0.5 acres
Horse Thief Reservoir (40 C8), 450 acres
Jetmore City Lake (40 C9), 106 acres, Periodically Dry
Jewell – Emerson Lake (7 G1), 10 acres
La Crosse – Warren Stone Lake (29 E3), 30 acres, Periodically Dry
Larned City Pond (41 A5), 2 acres
Lenora City Lake (59 C1), 38 acres
Liberal – Arkalon Recreation Area (51 H1), 5 acres
Logan City Lake (4 H12), 25 acres
Plainville Township Lake (17 D3), 200 acres
Pratt County Lake (42 J9), 51 acres
Salina – Indian Rock Pond (32 A7), 2 acres, Periodically Dry
Salina – Lakewood Lake (20 C7), 6 acres, FFF
Sherman – Smoky Gardens (13 D4), 11 acres, Periodically Dry
St. Francis – Keller Lake (1 E3), 3 acres
Syracuse – Sam's Pond (37 D3), 50 acres
Ulysses City Lake (50, A8)

REGION 2 (NORTHEAST)
Alma City Lake (22 H8), 80 acres
Atchison City Lake 23 - Warnock Lake (11 I5), 39 acres, FFF
Atchison City Lakes 1-4, 6-9, 24 (11 H5), 51 acres
Atchison Co. Lake (11 G2), 60 acres
Baldwin - Spring Creek Lake (35 A6), 7 acres
Blue Mound City Lake (48 A7), 19 acres
Bonner Springs - North Park Lake (24 F8; B1 G4), 3 acres
Carbondale - East Lake (23 J1), 265 acres
Centralia City Lake (10 F8), 400 acres
 Coffey Co. Lake (35 J1), 5,090 acres, ANS Alert
Douglas Co. - Lone Star Lake (23 J2), 195 acres, ANS Alert
Doniphan County - Troy 4-H Lake (11 E6), 5 acres
Edgerton - Bridgewater Lake (36 A7), 2.5 acres, ANS Alert
Edgerton City Lake (36 A7), 5.2 acres
Emporia - Jones Park Ponds (34 G8), 3 acres
Emporia - Peter Pan Park Ponds (34 G8), 3 acres
Fort Riley Ponds (21 G2), ANS Alert
Gardner City Lake (24 I8; B3 I3), 100 acres
Garnett - Cedar Valley Res. (35 I4), 350 acres
Garnett - Crystal Lake (35 I5), 25 acres, FFF
Garnett City Lake North (35 H5), 55 acres, FFF
 Gridley City Lake (46 B12), 33 acres
Herington - Fr. Padilla Pond (33 C1), 2 acres, ANS Alert
Herington City Lake - New (33 C1), 555 acres, ANS Alert
Herington City Lake - Old (33 C1), 367 acres, ANS Alert
Hiawatha City Lake (11 D2), 7 acres
Holton - Elkhorn Lake (10 J12), 4 acres
Holton - Prairie Lake (11 J1), 78 acres, FFF
Horton - Little Lake (11 G2), 10 acres
Horton - Mission Lake (11 F2), 125 acres
Jackson Co. Banner Creek Reservoir (10 J12), 535 acres, FFF
Jackson Heights High School Pond (10 I12), 1 acre
Junction City - Bluffs (21 H2), 5 acres

Aquatic Nuisance Species (ANS) ALERTS: Aquatic nuisance species (ANS) pose a threat to native aquatic wildlife and plants. ANS species include the zebra mussel, New Zealand mud snail, Asian carp, white perch, purple loosestrife, saltcedar, fertile grass carp, and Eurasian watermilfoil. The areas listed above may have a red “ANS Alert” if ANS have been found there. Please consult a current Kansas Fishing Regulations Summary for more information about ANS and how to prevent their spread.

Cont. on Map 24
Aquatic Nuisance Species (ANS)

It is illegal to transport certain species in Kansas. Protect yourself and your natural resources.

Livewells and bilges must be drained and drain plugs removed from all vessels being removed from waters of the state before transport on a public highway.

Before leaving any body of water:

**CLEAN**
Inspect all equipment for anything attached (plants, animals, and mud) and remove anything that is found.

**DRAIN**
Drain all water from equipment (livewell, bilge, bait buckets) before using at a different location.

**DRY**
Dry all equipment for a minimum of 5 days before using again. If you need to use it sooner, wash with hot (140°) water.

Non-native species pose a serious threat to Kansas waters. If you find one of these species, do not release it back into the water. Contact the Emporia Research Office at (620) 342-0658 or your local KDWPFT office.

**Zebra Mussel**
- Zebra mussels are found in Kansas lakes, impoundments and streams. An **ANS-Alert** listing throughout this publication identifies locations known to hold ANS species. Fish may not be transported live from these waters. A more complete listing of affected waters can be found in the current fishing regulations summary.
- They filter vast quantities of water, which alters the entire food web within a waterbody. Although this filtering action may clear up the water in some instances, the clear water will often lead to algae blooms that are harmful to people. The clear water can also allow UV rays to damage fish eggs.
- They can reach high densities, causing problems to water intakes, docks, and boat motors. Nationwide expenditures to control zebra mussels in industrial plants alone are estimated at $310 million per year.
- They have sharp shells that can cut the unprotected skin of humans or pets. Shoes or other protective clothing are recommended when wading in zebra mussel infested water.
- All aquatic users need to do their part to prevent the spread of zebra mussels to other waters in Kansas. Follow control recommendations and tell others how to prevent the spread of zebra mussels.

**White Perch**
- White perch are found in Kansas lakes, impoundments and streams. An **ANS-Alert** throughout this publications identifies locations known to hold ANS species. Fish may not be transported live from these waters. A more complete listing of affected waters can be found in the current fishing regulations summary.
- White perch have been associated with declines in both walleye and white bass populations.
- They out-compete native fishes for food and space.
- They hybridize with white bass.
- KDWPFT has added white perch to the prohibited species list. The possession of live white perch is prohibited. Dead white perch may still be possessed or used as bait on the waters where they were taken.
- Spiny and soft dorsal fins are connected; both fins pop-up when spiny dorsal manually erected.

ProtectKSWaters.org

**IT IS AGAINST STATE AND FEDERAL LAW TO RELEASE ANY EXOTIC SPECIES IN KANSAS WATERS.**
Wild-caught Bait

Live baitfish, crayfish, leeches, amphibians, and mussels may be caught and used as live bait only within the common drainage where caught. However, bluegill and green sunfish collected from non-designated aquatic nuisance waters may be possessed or used as live bait anywhere. Live baitfish shall not be transported and used above any upstream dam or barrier that prohibits the normal passage of fish. Live baitfish collected from designated aquatic nuisance waters shall be possessed or used as live bait only while on that water and shall not be transported from the water alive.
Fishing Resources

HuntFish KS Mobile App
Now you can purchase and store your Kansas hunting and fishing licenses from any mobile device!
Available for Android and Apple/iOS devices. See device app store for details.

Interactive Mapping
Access searchable maps highlighting Kansas’ public fishing access locations from ksoutdoors.com. Click on individual tracts and points to display location information, zoom to areas by city or county name, and choose from various base map options.

Online Atlas
Download an electronic version of the Kansas Fishing Atlas at ksoutdoors.com.

Printed Atlas
Printed copies of the Kansas Fishing Atlas are available at most license vendors. See ksoutdoors.com to find a vendor nearest you.

Enroll Your Land

Earn extra dollars from your farm/ranch with the Walk-In Hunting Access (WIHA) program and the Walk-in Fishing Access (WIFA) program. Wildlife, Parks and Tourism will be leasing CRP, standing cover crop, milo stubble, field borders, and river/creek habitat for this coming fall hunting season and next spring’s turkey hunting season. Wildlife, Parks and Tourism will be leasing ponds and river/creek access for anglers.

**Highlights of the program:**
- KDWPT pays you to allow hunting access on your land.
- KDWPT will post signs to inform users of property boundaries.
- KDWPT natural resource officers periodically patrol the land.
- Access by foot only. No vehicles allowed.
- State law limits normal liability.
- An atlas is printed showing all properties enrolled.

**WIHA/WIFA Application**
I am interested in enrolling my property in the WIHA/WIFA programs. Send me more information.

Pratt, KS 67124
Anyone who finds evidence of wildlife crime while afield should contact their local game warden. Details of the crime and any other information, such as license tag numbers, dates, and times, should be noted. Local game wardens can be contacted through county sheriffs’ offices, by phoning the KDWPT’s Operation Game Thief, 1-877-426-3843, or by phoning one of the numbers listed below, for the county in which the crime was witnessed.

Please do not use these numbers for general information calls. General information may be obtained from ksoutdoors.com, by phoning the department’s Public Affairs Section at (620) 672-5911 or by calling the local offices listed in this publication.

If you’re an active outdoorsman or woman, or just concerned about conservation in your area, get to know your local game warden. They protect the resource in your area. The following list of game warden numbers and the counties for which they are responsible are provided to help concerned citizens curb wildlife crime in Kansas:
