KANSAS
WILDLIFE, PARKS & TOURISM
Walk-in Fishing Access (WIFA), formerly F.I.S.H., sites are leased from private landowners and are typically open to public fishing from March 1 – Oct. 31, though some properties are open year-round. The WIFA program provides anglers increased opportunities to enjoy fishing on the state’s streams and small impoundments, all that is required is a state fishing license. Funding for the program is provided through fishing license revenues and Sport Fish Restoration Funds. Please observe all rules and regulations, and remember that common sense and ethical behavior will influence the future of the program.

The following guidelines help maintain a good relationship between landowners and anglers:

1. Look for the WIFA signs (pictured below) before entering the property. Sites may have been withdrawn from the program. If you do not see signs, do not enter.

2. Obey lease boundaries. Stay within 50 feet of the stream or impoundment shoreline. If the WIFA property is a stream, fish only on the side of the stream that is posted as an access site. Do not walk or fish on adjacent property.

3. Respect the rights of landowners, as well as others using the area. Treat the land as if it were your own.

4. Take all trash with you when you leave. If someone before you has irresponsibly left trash, please take a moment and pick it up, too.

5. Do not open gates or enter properties with vehicles unless authorized. Park along the road or in designated parking areas. Leave field-access, drives, and rural roads open so that landowners moving large implements may pass.

6. Avoid stretching fences when crossing them, and use fence stiles where available.

7. Do not attempt to contact cooperating landowners to ask about fishing other portions of their land.

Regulations governing WIFA area use:

- Impounded WIFA waters have a creel limit of two channel catfish, a creel limit of two largemouth bass, and an 18-inch minimum length limit on largemouth bass. Otherwise, all Kansas fishing regulations and statewide creel limits apply. It’s especially important for anglers using the sites to respect and follow the rules that apply on WIFA properties. You do not need to contact the landowner for permission on WIFA waters.

- Seining is prohibited on all WIFA waters, and trotlines and setlines are prohibited on impoundments under 1,201 acres in size (KAR 115-8-6); No swimming (KAR 115-8-8); Camping by posted notice only (KAR 115-8-9); No pets, except on a leash (KAR 115-8-10); No horseback riding (KAR 115-8-11); No stocking or release of wildlife, including the dumping of live bait (KAR 115-8-12); Vehicles shall be operated only as authorized (KAR 115-8-13); No fireworks (KAR 115-8-14); No unauthorized fires (115-8-15); The discharge of firearms is prohibited (KAR 115-8-5); No littering (KAR 115-8-18); No cereal malt beverages or alcoholic liquor (KAR 115-8-19); Destructive acts such as digging or destroying signs or vegetation is prohibited (KAR 115-8-20).

- All Kansas boating laws are in effect on WIFA waters.
Using the Fishing Atlas

The maps in this atlas show a variety of public fishing areas, as well as public lands across Kansas. WIFA areas are privately-owned ponds or streams the Kansas Department of Wildlife, Parks and Tourism (KDWPT) has leased and opened to public fishing. Each map also shows all federal reservoirs, state fishing lakes, river access sites, and community lakes. To find fishing areas near you, consult the legend below and then locate the corresponding access locations indicated on the maps.

The maps on the following page show which counties have federal, state, or community fishing opportunities, as well as those with WIFA sites.

Community lakes are impoundments owned by a city or county government. Community lakes that are managed for public fishing through the department’s Community Fisheries Assistance Program (CFAP) and state fishing lakes are labeled with the impoundment name and marked by the blue fish symbol. There are no additional fees to fish at state fishing lakes or community lakes in the CFAP program. Community lakes not in the CFAP program are also labeled with the impoundment name and are marked by a red octagon symbol as local governments managing these lakes may require a permit and/or additional fees for fishing access.

Most WIFA areas are open to fishing from March 1 to Oct. 31, but some are open year-round, see legend. Accessing the WIFA properties prior to or after the indicated access period is prohibited.

Maps are at a scale of 1:277,500 (1 inch represents 4.38 miles) and were compiled according to conventional cartographic standards using the most reliable information available. KDWPT does not guarantee freedom from errors or inaccuracies and disclaims any legal responsibility or liability for interpretations made from these maps, or decisions based thereon. This atlas is a continual work in progress and any comments, suggestions, or corrections are welcomed. Any such comments may be submitted to kdwpt.kdwptinfo@ks.gov.

Fishing Reports and Newsletters

Fishing Reports

Fishing reports are available on ksoutdoors.com and provide information regarding seasonal fishing trends on your favorite lakes and reservoirs. On ksoutdoors.com, anglers can also access Google Earth files showing the locations of fish attractors, like the “Fish Cubes” shown here at Wilson Reservoir.

View at:
ksoutdoors.com/Fishing/Fishing-Reports

District Fisheries Newsletters

Get the inside scoop on sampling efforts, lake management and updates about your favorite fishing hole by reading newsletters from district fisheries biologists. You can even sign-up to receive area-specific newsletters via email. Use the link below to navigate to the “Newsletter Sign-up Forms.”

Fishing Forecast

The 2021 Kansas Fishing Forecast highlights Kansas’ top fishing spots. Download an electronic copy from ksoutdoors.com, or grab a printed copy from most license vendors. Anglers can also view the forecast in the 2021 March/April issue of Kansas Wildlife & Parks Magazine, which can be purchased by calling (620) 672-0756.

Download at:

Become a Certified Angler Instructor

If you have a passion for the outdoors and enjoy sharing your knowledge with others, this program is for you. The Angler Education Program is designed to recruit individuals who have a passion for fishing and want to share it with others. The Kansas Department of Wildlife, Parks and Tourism (KDWPT) has partnered with Fishing’s Future, a not-for-profit group with a mission to reconnect kids with nature, strengthen family bonds, and instill a responsibility for stewardship of our natural resources.

Similar to KDWPT’s Hunter Education Program, Angler Education will certify volunteer instructors to teach everything from class design and working with children, to environmental stewardship, knot tying, fish identification, and casting.

Certified instructors may work alone or with other instructors to teach general fishing information, specific fishing techniques, or just take families fishing.

Visit fishingsfuture.org for details.
### Reservoirs, State Fishing Lakes & Other Waters

#### REGION 1 (WEST)
- Barber SFL (55 F10), 77 acres, Upper End Periodically Dry
- Cedar Bluff Reservoir (28 B11), 6,869 acres, **ANS Alert**
- Clark SFL (52 D11), 300 acres
- Concannon SFL (39 C3), 50 acres
- Ford SFL (40 G9), 45 acres
- Glen Elder Reservoir (6 J12), 12,586 acres, **ANS Alert**
- Goodman SFL (28 H10), 40 acres, Periodically Dry
- Hodgeman SFL & WA (40 C10), 87 acres, Periodically Dry
- Jewell SFL (7 G1), 57 acres
- Kanopolis Reservoir (31 D3), 3,550 acres, **ANS Alert**
- Keith Sebelius (Norton) Reservoir (4 E9), 2,300 acres
- Kiowa SFL (41 J3; 53 A3), 21 acres
- Kirwin Reservoir (5 H4), 5,000 acres
- Logan SFL (14 I9), 60 acres, Periodically Dry
- Lovewell Reservoir (7 D2), 138 acres
- Meade SFL (51 H4), 80 acres
- Ottawa SFL (20 F7), 2,986 acres
- Pratt - Centennial Pond / Kid's Fishing Pond (42 J9), 4 acres
- Rooks SFL (17 B3), 67 acres, Periodically Dry
- Saline SFL (19 J6), 38 acres, Periodically Dry
- Sandsage Bison Reserve Pond (38 E12), 5 acres, Periodically Dry
- Scott SFL (26 C12), 115 acres
- Sheridan SFL (15 B6), 67 acres
- St. Francis Sand Pits, 5 acres
- Webster Reservoir (17 B1), 3,780 acres
- Wilson Reservoir (18 I10), 9,040 acres, **ANS Alert**

#### REGION 2 (NORTHEAST)
- Atchison SFL (11 G5), 66 acres
- Brown SFL (11 D3), 62 acres
- Browning Oxbow (12 D8), 100 acres, **ANS Alert**
- Clinton Reservoir (23 I4), 7,000 acres, **ANS Alert**
- Clinton State Park - Lake Henry & Picnic Pnds (23 H4), 3.5 acres
- Douglas SFL (23 J6), 180 acres
- Fort Leavenworth - Merritt Lake (24 B8), 5 acres
- Fort Leavenworth - Smith Lake (24 B8), 5 acres
- Geary SFL (21 I2), 97 acres, **ANS Alert**
- Hillsdale Reservoir (36 B8), 4,580 acres, **ANS Alert**
- Jeffery EC Lakes (22 C9), 125/450 acres, **ANS Alert**, Limited Access
- John Redmond Reservoir (34 J12), 9,400 acres, **ANS Alert**
- La Cygne Reservoir (36 G11), 2,600 acres
- Leavenworth SFL (23 E6), 160 acres
- Lyon SFL (34 E10), 135 acres, **ANS Alert**
- Marais des Cygnes Wildlife Area (36 I10), 1,967 acres
- Melvern Reservoir (34 F12; 35 E1), 7,000 acres, **ANS Alert**
- Melvern River Pond (35 E1), 90 acres, **ANS Alert**
- Miami SFL (36 F10), 101 acres
- Middle Creek SFL (36 E11), 280 acres
- Milford Reservoir (21 E1), 16,020 acres, **ANS Alert**
- Milford Hatchery Supply Pond (21 G1), 100 acres
- Milford State Park Pond (21 F1), 2 acres

#### REGION 3 (SOUTHEAST)
- Big Hill Reservoir (59 E4), 1,240 acres
- Big Hill WA North Lake (59 E4), 14 acres
- Big Hill WA South Lake (59 E4), 5 acres
- Black Kettle SFL (32 J8), 8 acres
- Bourbon SFL (48 F7), 103 acres
- Butler SFL (57 A4), 124 acres
- Chase SFL (33 H4), 109 acres, **ANS Alert**
- Cheney Reservoir (43 H5), 9,550 acres, **ANS Alert**
- Council Grove Reservoir (33 C5), 3,280 acres, **ANS Alert**
- Cowley SFL (57 I3), 84 acres
- Crawford SFL (48 I10), 150 acres
- El Dorado Reservoir (45 F3), 8,000 acres, **ANS Alert**
- Elk City Reservoir (59 F1), 4,450 acres
- Fall River Reservoir (46 I10), 2,500 acres
- Kingman SFL (43 J1), 144 acres
- Marion Reservoir (32 H12), 6,160 acres, **ANS Alert**
- McPherson SFL (32 F8), 46 acres
- Mined Land Wildlife Area (60 E9), 1,500 acres, Multiple Locations
- Montgomery SFL (59 G1), 105 acres
- Neosho SFL (59 C6), 92 acres
- Neosho Wildlife Area (60 A7), 800 acres
- Riverton - Empire Lake (60 H11), 800 acres
- Toronto Reservoir (46 G11), 2,800 acres
- Wilson SFL (47 H1), 110 acres
- Woodson SFL (46 G12), 180 acres

---

**Aquatic Nuisance Species (ANS) ALERTS:** Aquatic nuisance species (ANS) pose a threat to native aquatic wildlife and plants. ANS species include the zebra mussel, New Zealand mud snail, Asian carp, white perch, purple loosestrife, saltcedar, fertile grass carp, and Eurasian watermilfoil. The areas listed above may have a red "ANS Alert" if ANS have been found there. Please consult a current Kansas Fishing Regulations Summary for more information about ANS and how to prevent their spread.
The Kansas Department of Wildlife, Parks and Tourism (KDWPT) has continued the Community Fisheries Assistance Program (CFAP) for 2021. CFAP leases the fishing rights of approximately 13,000 acres of community lakes statewide.

Community cooperators will not charge anglers additional fees to fish from the shore or from a boat, even if permits have been required in the past. State fishing license requirements still apply, and activities other than fishing at these lakes may require additional permits. KDWPT hopes removing cost barriers will allow more anglers to enjoy these fishing opportunities more often. When you see the CFAP logo at your local community lake, take a friend, head on in, and wet your lines!

**REGION 1 (WEST)**
- Agra City Lake (5 E5), 7 acres, **FFF**
- Atwood Lake (2 E11), 31 acres
- Belleville - Rocky Pond (8 D7), 27 acres, **FFF**, Periodically Dry
- Beymer Sand Pits (38 E9), 18 acres
- Cimarron Grasslands Fishing Pits (49 H3), 15 acres
- Colby - Villa High Lake (14 B11), 2 acres
- Coldwater City Lake (53 F2), 250 acres
- Dodge City – Lake Charles (40 H8), 1 acre
- Dodge City – Mariah Hills Pond (40 H8), 2 acres
- Dodge City – High School Demon Lake (40 H8), 1.5 acres
- Ellis City Lake (17 I1), 30 acres, **FFF**
- Finney Co.– Wildwood Park (38 E12) 2 ponds, 10 acres each
- Graham Co. – Antelope Lake (16 B8), 80 acres
- Great Bend – Stone Park Lake (30 I8), 50 acres
- Great Bend – Vets Park Lake (30 H8), 13 acres, **FFF**
- Hays – Vineyard Park Pond (17 J3), 0.5 acres

Aquatic Nuisance Species (ANS)

It is illegal to transport certain species in Kansas. Protect yourself and your natural resources.

Livewells and bilges must be drained and drain plugs removed from all vessels being removed from waters of the state before transport on a public highway.

Before leaving any body of water:

**CLEAN**
Inspect all equipment for anything attached (plants, animals, and mud) and remove anything that is found.

**DRAIN**
Drain all water from equipment (livewell, bilge, bait buckets) before using at a different location.

**DRY**
Dry all equipment for a minimum of 5 days before using again. If you need to use it sooner, wash with hot (140º) water.

Non-native species pose a serious threat to Kansas waters. If you find one of these species, do not release it back into the water. Contact the Emporia Research Office at (620) 342-0658 or your local KDWPT office.

Zebra Mussel

- Zebra mussels are found in some Kansas lakes, impoundments and streams. An ANS-Alert listing throughout this publication identifies locations known to contain asian carp, white perch, and/or zebra mussels. Fish may not be transported live from these waters. A more complete listing of affected waters can be found in the current fishing regulations summary.
- They filter vast quantities of water, which alters the entire food web within a waterbody. Although this filtering action may clear up the water in some instances, the clear water will often lead to algae blooms that are harmful to people. The clear water can also allow UV rays to damage fish eggs.
- They can reach high densities, causing problems to water intakes, docks, and boat motors. Nationwide expenditures to control zebra mussels in industrial plants alone are estimated at $310 million per year.
- They have sharp shells that can cut the unprotected skin of humans or pets. Shoes or other protective clothing are recommended when wading in zebra mussel infested water.
- All aquatic users need to do their part to prevent the spread of zebra mussels to other waters in Kansas. Follow control recommendations and tell others how to prevent the spread of zebra mussels.

White Perch

- White perch are found in some Kansas lakes, impoundments and streams. An ANS-Alert listing throughout this publication identifies locations known to contain asian carp, white perch, and/or zebra mussels. Fish may not be transported live from these waters. A more complete listing of affected waters can be found in the current fishing regulations summary.
- White perch have been associated with declines in both walleye and white bass populations.
- They out-compete native fishes for food and space.
- They hybridize with white bass.
- KDWPT has added white perch to the prohibited species list. The possession of live white perch is prohibited. Dead white perch may still be possessed or used as bait on the waters where they were taken.
- Spiny and soft dorsal fins are connected; both fins pop-up when spiny dorsal manually erected.

Please Remember

**CLEAN • DRAIN • DRY**

Aquatic Nuisance Species (ANS)

Waters containing asian carp, white perch, and/or zebra mussels are classified as ANS designated waters. Anglers fishing ANS designated waters may not leave those waters with any live fish. ANS designated waters are listed below. New waters may be included whenever asian carp, white perch, and/or zebra mussels are discovered. ANS designated waters will be posted with the sign illustrated to the right.

### ANS Waters

Waters containing asian carp, white perch, and/or zebra mussels are classified as ANS designated waters. Anglers fishing ANS designated waters may not leave those waters with any live fish. ANS designated waters are listed below. New waters may be included whenever asian carp, white perch, and/or zebra mussels are discovered. ANS designated waters will be posted with the sign illustrated to the right.

### ALERT!
THIS WATER CONTAINS

and is classified as a designated Aquatic Nuisance Species (ANS) water. It is illegal to possess or transport this species alive (KAR 115-18-10) or transport live fish, including baitfish, away from this waterbody (KAR 115-7-10).

### CLEAN • DRAIN • DRY

Before Leaking:
- Inspect equipment and remove any visible mud, plants, or animals.
- Dispose of aquatic bait or plants in the trash or on dry ground.
- Remove all visible plants, mud, and bilge must be removed from the boat and dry environments removed before transport (KAR 115-20-10).

Before Recreating at Another Waterbody:
- Clean, drain, and dry equipment for a minimum of 5 days in water with 140˚ F water.
- Dispose of aquatic bait or plants in the trash or on dry ground.

### Wild-caught Bait

Live baitfish, crayfish, leeches, amphibians, and mussels may be caught and used as live bait only within the common drainage where caught. However, bluegill and green sunfish collected from non-designated aquatic nuisance waters may be possessed or used as live bait anywhere. Live baitfish shall not be transported and used above any upstream dam or barrier that prohibits the normal passage of fish. Live baitfish collected from designated aquatic nuisance waters shall be possessed or used as live bait only while on that water and shall not be transported from the water alive.
Fishing Resources

HuntFish KS Mobile App
Now you can purchase and store your Kansas hunting and fishing licenses from any mobile device!
Available for Android and Apple/iOS devices. See device app store for details.

Interactive Mapping
Access searchable maps highlighting Kansas’ public fishing access locations from ksoutdoors.com. Click on individual tracts and points to display location information, zoom to areas by city or county name, and choose from various base map options.

Online Atlas
Download an electronic version of the Kansas Fishing Atlas at ksoutdoors.com.

Printed Atlas
Printed copies of the Kansas Fishing Atlas are available at most license vendors. See ksoutdoors.com to find a vendor nearest you.

Enroll Your Land
Earn extra dollars from your farm/ranch with the Walk-In Fishing Access (WIFA) program and the Walk-In Hunting Access (WIHA) program. Wildlife, Parks and Tourism will be leasing ponds and river/creek access for anglers. Wildlife, Parks and Tourism will be leasing CRP, standing cover crop, milo stubble, field borders, and river/creek habitat for this coming fall hunting season and next spring’s turkey hunting season.

WIFA/WIHA Application
I am interested in enrolling my property in the WIFA/WIHA programs. Send me more information.

Help concerned citizens curb wildlife crime in Kansas:

- Phoning the department's Public Affairs Section at (620) 672-5911
- Calling the local offices listed in this publication.

Please do not use these numbers for general information calls. General information may be obtained from ksoutdoors.com, by phoning the department’s Public Affairs Section at (620) 672-5911 or by calling the local offices listed in this publication.

If you’re an active outdoorsman or woman, or just concerned about conservation in your area, get to know your local game warden. They protect the resource in your area. The following list of game warden numbers and the counties for which they are responsible are provided to help concerned citizens curb wildlife crime in Kansas:

### Area Information Contacts

#### Kansas Department of Wildlife, Parks and Tourism

- Office of the Secretary (785) 296-2238
- Pratt Operations Office (620) 672-5911

- Cedar Bluff (785) 726-3212
- Cheney (316) 542-3664
- Cheyenne Bottoms (620) 793-7743
- Clinton (785) 842-8562
- Council Grove (620) 767-5900
- Crawford (620) 623-3671
- Cross Timbers (620) 623-2213
- Eisenhower (785) 528-4102
- El Dorado (316) 321-7180
- Elk City (620) 321-7180
- Fall River (620) 623-2213
- Glen Elder (785) 545-3345

### Game Wardens

Anyone who finds evidence of wildlife crime while afield should contact their local game warden. Details of the crime and any other information, such as license tag numbers, dates, and times, should be noted. Local game wardens can be contacted through county sheriffs’ offices, by phoning the KDWP’s Operation Game Thief, 1-877-426-3943, or by phoning one of the numbers listed below, for the county in which the crime was witnessed.
